

215 ILCS 134/10 Definition of Emergency Medical Condition

Sec. 10 Definitions:

"Emergency medical condition" means a medical condition manifesting itself by acute symptoms of sufficient severity (including, but not limited to, severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

- (1) placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy;
- (2) serious impairment to bodily functions; or
- (3) serious dysfunction of any bodily organ or part.
