Filing Description:

We are seeking approval of the rules and rates of the Medical Malpractice liability part of a new Senior Living Communities program. This program will provide coverage to those facilities that provide residence for seniors. We have identified 4 levels of care, with each level of care described in the manual rules that are part of this filing. We will offer both occurrence and claims-made coverage for the combined general liability/professional liability.

Medical Malpractice liability is anticipated in the base rates of the Senior Living Communities program. Medical Malpractice liability coverage will be provided for:

FILING NOT SUBMITTED VIA SERFF.

filing received 4/25/11 gr

- Administrators and medical directors of the senior living communities
- Nurses employed by the senior living communities

Coverage will not be provided for other medical professionals.

Please see the attached filing letter for futher details.

DEPOSITORS INSURANCE COMPANY, NAIC No: 140-42587
FEIN No: 42-1207150
New Medical Malpractice for Senior Living Communities
Rule and Rate Filing
Company Filing Number: I-2011DAHD-8FDK2T

Dear Commissioner:

We are seeking approval the Medical Malpractice Liability part of a new Senior Living Communities program. This program will provide coverage to those facilities that provide residence for seniors. We have identified 4 levels of care, with each level of care described in the manual rules that are part of this filing. We will offer both occurrence and claims-made coverage for the combined general liability/Medical Malpractice liability.

Medical Malpractice liability is anticipated in the base rates of the Senior Living Communities program. Medical Malpractice Liability coverage will be provided for:

- Administrators and medical directors of the senior living communities
- Nurses employed by the senior living communities

Coverage will not be provided for other medical professionals.

The classes of Medical Malpractice Liability to which these rules apply are TOI 11.0033 Assisted Liviing Facilities and 11.0016 Nursing Homes.

Additional coverages will also be available on both occurrence and claims-made as filed under company filing I-2010DAHD-8BNVES, Serff Tracking Number NWCM-126939422.

The following independent endorsements will be used with this program:

- Professional Liability – Administrators And Directors Endorsement (occurrence) CG 73 79
- Professional Liability – Administrators And Directors Endorsement (claims-made) CG73 80
- Supplemental Extended Reporting Period Endorsement – Professional Liability CG 73 88

CG 73 39 (occurrence) and CG 73 80 (claims-made) will be attached to ISO's CG 00 01 (occurrence) and CG 00 02 (claims-made) respectively.

The rates filed have been calculated using market considerations and actuarial judgment. They will be subject to an applicable previously filed and approved Package Modification Factor.

As this is a new program, the proposed rates will have an impact of 0% for an overall premium impact of $0. As we begin to write business in this program, we will continue to evaluate our rates to ensure they remain appropriate, fair, and competitive.

We are requesting an effective date of June 1, 2011 for new business and renewals.

If you need any additional information, contact me at (614) 249-8739 or FAX (614) 249-3672 or E-mail LABARRJ@NATIONWIDE.COM.

---

Ms. LaBarre,

You are required to file a manual for medical malpractice that includes all rate and rule information. If you choose to use

something from ISO, that is fine but you are required to file the ISO information with us. You must provide it. ISO does not file any rate or rule information with us. Therefore, please forward the information needed to supplement your filing that was referenced in your September 8, 2011 e-mail.

Your prompt attention is appreciated.

**To:** Neuman, Gayle
**Cc:** LABARRJ@nationwide.com
**Subject:** Re: Medical Malpractice - Rate/Rule Filing #I-2011DAHD-8FDK2T

Ms. Neuman,

Here are the responses to your questions below. Thank you.

1. Please indicate if your company has a plan for the gathering of statistics or the reporting of statistics to statistical agencies? If yes, what stat agency is being used? ISO will be our statistical reporting agency.
2. The manual pages must include the definitions of the territory numbers and the territory factors. The professional liability and premises/operations rates are combined and the forms amend the ISO general liability. We then use the ISO territories.
Additionally, the manual must include the extended reporting period factors, increased limit factors, and the experience and schedule rating plans. Regarding the extended reporting period factors, we address this in each of our endorsement. A 5 year extended reporting period is provided at no cost. An extended reporting period of unlimited duration is available upon the request of the insured for a cost of up to 200% of the expiring premium.
Regarding the other items, we will use our filed and approved general liability experience and schedule rating plan. We will use ISO ILFs. We addressed this in our rules as follows: "GENERAL LIABILITY/PROFESSIONAL LIABILITY Combined rates per bed (and assigned class codes). These rates are subject to: Company Deviation Factor, ISO Table 2 Increase Limits Factors, Institutional Package Modification Factor, experience rating and schedule rating."

3. Do you offer a payment plan? If so, the information must be included in the manual.
We offer payment plans as previously approved by Illinois per the attached manual page.

4. Please also include in the manual the cancellation provisions (i.e. pro-rate or short rate). Since this is an enhancement to the ISO GL program, we will be following the same rules for cancellation as we do for GL.

---

Ms. Safreed,

The Department was unable to find a biographical affidavit for Mr. Streck, so a biographical affidavit would need to be submitted in addition to the amended certification form.

Thank You,
Neetha Mamoottile

Ms. Safreed,

The link below leads you to the certification form that the I discussed with you earlier today and I will have to get back to you on Mr. Streck's bio, since it could be under any of the Nationwide companies.

Ms. Mamoottile,

Thank you for taking the time to speak with me this morning. I wanted to verify with you again that you will be sending me the form which we need to complete with both signatures? And you will verify if Timothy Streck's biographical affidavit on file?

Once again thank you for all of your help.

# Illinois Department of Insurance

PAT QUINN
Governor

JACK MESSMORE
Acting Director

September 20, 2011

Janis A. La Barre
1100 Locust St.
Des Moines, IA
[Delivered via email to labarrJ@nationwide.com]

Subject: ILDOI – Allied Prop Cas Ins Co, AMCO Ins Co, & Depositors Ins Co – Rate Filing #I-2011DAHD-8FDK2T

Ms. La Barre,

Mr. James D. Heidt, has signed the certification accompanying the subject filing as both the actuary and the officer. The intent of the law is to have two separate people certify a rate filing.

According to Section 155.18(c)(3) of Illinois Insurance Code (215 ILCS 5/155.18(c)(3)), medical malpractice rate filings "shall be certified in such filing by an officer of the company and a qualified actuary that the company's rates are based on sound actuarial principles and are not inconsistent with the company's experience."

In addition, pursuant to Section 155.04(2) of the Illinois Insurance Code (215 ILCS 5/155.04(2)), all companies licensed to transact insurance business in Illinois must notify the Director within 30 days of the appointment or election of any new officers or directors. Section 915.40 of the Illinois Administrative Code (50 Ill. Adm. Code 915.40) further stipulates biographical affidavits of newly elected or appointed officers must be filed within 30 days after the person's election or appointment.

The subject filing is considered incomplete until the following requirements are met;

1. Two separate individuals certify the rate filing.
2. An authorized officer certify the rate filing with proper biographical affidavit documentation.

We expect to receive a response no later than September 28, 2011.

Sincerely,

Neetha M. Mamoottile
Illinois Department of Insurance
Casualty Actuarial Section
217-557-1397

c. Maximum Schedule of Rate Modification shall be +/-50%.

3. Expense Modification.

Occasionally, an agent will request a reduction in the commission rate they receive on a policy. When this occurs, use the following formula to calculate the appropriate commission adjustment factor:

$$\frac{\text{1 minus Standard Commission Rate}}{\text{1 minus New Commision Rate}} = \text{Commission Adjustment Factor}$$

To determine the final policy premium, multiply the total policy premium (after all other rating plans have been applied) by the commission adjustment factor.

However, the minimum agent commission the Company must pay is 1% of the policy premium.

**C. FINAL MODIFICATION.**

The final modification to be applied to the rate is the product of the Experience Modification factor times the Schedule rating factor times the Expense Modification factor. Experience Modification Factors and Schedule Rating Factors are obtained by subtracting the credits from 1.00 or adding the debits to 1.00.

## SENIOR LIVING COMMUNITIES

CLASSIFICATION DESCRIPTIONS

Skilled Care

- 24 hour professional nursing care:
  - Registered nurse coverage during the day shift.
  - Licensed practical nurse coverage during shifts not covered by a registered nurse.
- Residents receive skilled care services:
  - Medical administration
  - Tube feedings
  - Injections
  - Catheterizations
  - Procedures ordered by a physician

Intermediate Care

- Day shift nursing care by registered nurse or licensed practical nurse.
- Residents receive assistance with daily activities.
- Residents receive assistance with medications.

Assisted Living

- Residents are ambulatory with minor medical issues.
- Residents receive health care services with assistance with medications.
- Residents receive meals, planned activities personal services.

Independent Living

- Residents are in general good health.
- Residents reside in individual dwelling units.
- Residents do not receive health care services or assistance with medications.

GENERAL LIABILITY/PROFESSIONAL LIABILITY Combined rates per bed (and assigned class codes). These rates are subject to: Company Deviation Factor, ISO Table 2 Increase Limits Factors, Institutional Package Modification Factor, experience rating and schedule rating.

# FLEXIBLE PAYMENT PLAN

The **FLEXIBLE PAYMENT PLAN** (Flex Pay) is the premium payment plan available to our policyholders.

## Account Bill Option

This option is available if the policyholder has more than one policy with us. The policies are combined under one billing account. The policyholder receives a bill for all policies on the account. The policyholder has the option to pay the premium in full, in monthly installments, or some amount between the minimum amount due and the full unpaid balance. An installment charge is applied if the balance is not paid in full.

If a policy is cancelled, the unused premium is applied to the unpaid balance of all the remaining policies.

If the total minimum premium is not paid, all the policies on the account are cancelled.

## Installment Plan Options

Two monthly plans are available.

The 12 Pay monthly plan requires 2 months premium down payment with the remaining premium due in 10 equal monthly installments.

The 9 pay monthly plan requires 25% down payment with the remaining 75% premium due in 8 equal monthly installments.

## Flex Chek Payment Option

This option allows the policyholder to have monthly premium payments withdrawn from their checking, share-draft or credit union accounts. This is not available for savings (passbook) accounts.

## Service Charge

A small Service Charge will be added to each installment billing.

The Service Charge is $5.00, except for the Flex Chek Payment Plan.

## Penalty Charges

The Late Fee or Reinstatement Charge is $10.00 for each account where the Notice of Cancellation has been given.

The Non-Sufficient Funds or Returned Check Charge is $30.00.

## RULE 56.
## INCREASED LIMITS TABLES

### A. Procedures

**1.** All limits are expressed in thousands in dollars.

**2.** Policy limit codes for Premises/Operations and Products/Completed Operations are in parenthesis.

**3.** The tables indicate which factors must be referred to company before using.

**4.** See state company rates/ISO loss costs or the state increased limits table assignment section following Rule **56.C.** for applicable Premises/Operations and Products/Completed Operations increased limits table assignments by classification code.

**5.** The following interpolation procedure shall be used in determining either increased limits factors or combinations of limits not shown in the tables.

**a.** Determine the higher factor in the increased limits table for the next lower and for the next higher limit or combination of limits.

**b.** The factor for the limit or combination of limits desired shall be determined by interpolation. All fractions in the third decimal place shall be considered as an additional unit in the second decimal place.

**c.** Where neither limit required appears in the table, refer to company.

### B. Tables

The increased limits tables are displayed in the State Exceptions.

### C. Increased Limits Table Assignments (ILTAs)

The increased limits table assignments are displayed in the state company rates/ISO loss costs section or the state increased limits table assignments section by classification code for the applicable Premises/Operations (Subline Code 334) and Products/Completed Operations (Subline Code 336) classes.

**Table 56.B.7. Railroad Protective Liability (Subline Code 335) – $100/300 Basic Limit**

**8. Liquor Liability (Subline Code 332)**

The following Liquor Liability increased limit factors are provided for policies covering liquor liability in compliance with 235 ILL. COMP. STAT. ANN. Section 5/6-21(a). These factors are intended to be applied to a $100/200 Basic Limit rate.

These factors must be referred to company before using.

| Limit Per Person BI/Limit Per Person PD/Loss Of Support Per Injured Person/Aggregate* | Factors |
|---|---|
| $62/62/75/200 | 0.97 |
| $62/62/75/400 | 0.99 |
| $62/62/75/600 | 1.00 |
| $62/62/75/1,000 | 1.01 |

* The limits in the chart per person BI and per person PD and loss of support have been rounded from $61,151.39 and $74,740.59, respectively, for ease of display.

**Table 56.B.8. Liquor Liability (Subline Code 332) – $100/200 Basic Limit**

Paragraph **C.** is replaced by the following:

**C. Increased Limits Table Assignments (ILTAs)**

The Increased Limits Table Assignments (ILTAs) are contained in the following ILTAs section.

The column in the following tables of Paragraph **C.** titled "Class Code" contains the applicable classification code number. The column titled "IL Table" contains first the applicable Premises/Operations increased limits table (**1, 2** or **3**) and then the applicable Products/Completed Operations increased limits table (**A, B** or **C**) assigned to that classification code number. A "**" in the IL Table column indicates the applicable increased limits table assignment(s) for that classification code is "refer to company". A "–" in the IL Table column for Products/Completed Operations indicates that there is no separate Products/Completed Operations increased limits table assignment for that classification code.

**LIABILITY - PACKAGE**
**Depositors Insurance Company**

**Base Rate Calculation**

1. Calculate the package base rate by multiplying the ISO Loss Cost by the Depositors Loss Cost Multiplier by the appropriate Package Modification Factor from below.

   Package Modification Factors are:

| | |
|---|---|
| Motel - Hotel | **1.12** |
| Apartment | **1.00** |
| Office | **0.90** |
| Mercantile | **0.81** |
| Institutional | **0.86** |
| Service | **0.87** |
| Industrial & Processing | **0.60** |
| Contractors | **1.05** |

2. Use the appropriate Depositors Loss Cost Multipliers from the table below:

| | |
|---|---|
| Classes 1XXXX, 4XXXX, 5XXXX, 6XXXX | **1.205** |
| Classes 9XXXX | **1.102** |

3. For the State Exceptions, use the appropriate Depositors Loss Cost Multipliers from the exception page(s).

## SUPPLEMENTARY RATING PAGES

## GENERAL LIABILITY RATING PLAN

### A. PURPOSE

To recognize the unique characteristics of individual insureds in the rating of their exposures to loss and to modify the rates as needed. There are three separate areas to be considered:

1. Experience Modification.
2. Schedule Rate Modification.
3. Expense Modification.

### B. RATING PROCEDURES

1. Experience Modification.

   a. Eligibility.

   Any policy that develops $3,000 or more in annual premium shall be eligible for this plan.

   b. Experience is to be used.

   Premium and losses from the first nine months of the current policy period plus the previous two years shall be used. The minimum period is nine months.

   1) Premium shall be the earned policy premium for the period used.

   2) Losses shall include all paid losses and any loss reserves for the period used. Individual losses are subject to reduction to the Maximum Single Loss amount shown on the General Liability Experience Rating Table.

   Premiums and losses from the Company's experience shall be assigned a credibility of 1.00. Premiums and losses from other sources shall be assigned a credibility factor commensurate with the source of that information.

   c. Determination of Experience Modification.

   1) Calculate the loss ratio for the entire experience period used by dividing the paid and reserved loss total, adjusted for Maximum Single Loss, by the total earned premium for the period.

   2) Refer to the General Liability Experience Rating Table and calculate the amount of credit or debit directly from the table.

   3) Limit percentage change to 25% + or – from preceding year.

2. Schedule Rate Modification.

   This plan allows for modification of the rates to reflect characteristics that are not reflected by the class rating. Schedule rating may be used separately or in combination with experience rating.

   a. Eligibility.

   Any policy that develops $1,000 or more in annual premium shall be eligible for this plan.

   b. Determination of Modification.

   Compare the individual risk with the average risk on the basis of the characteristics in the Schedule Rating Table. Allow a credit, debit, or no change for each factor subject to the maximums shown.

| RISK CHARACTERISTICS | RANGE OF MODIFICATIONS | |
|---|---|---|
| | CREDIT | DEBIT |
| MANAGEMENT COOPERATION | | |
| i. Medical Services | 2% | 2% |
| ii. Safety Program | 3% | 3% |
| LOCATION | | |
| i. Exposures inside the premises | 5% | 5% |
| ii. Exposures outside the premises | 5% | 5% |
| PREMISES – CONDITION – CARE | 10% | 10% |
| EQUIPMENT – TYPE – CONDITION – CARE | 10% | 10% |
| EMPLOYEES – SELECTION – TRAINING | 5% | 5% |
| CLASSIFICATION PECULIARITIES | 10% | 10% |

c. Maximum Schedule of Rate Modification shall be +/-50%. Exception: For the Senior Living Communities program the Maximum Schedule of Rate Modification shall be+/-25%.

**C. FINAL MODIFICATION.**

The final modification to be applied to the rate is the product of the Experience Modification factor times the Schedule rating factor . Experience Modification Factors and Schedule Rating Factors are obtained by subtracting the credits from 1.00 or adding the debits to 1.00.
