ILLINOIS COMPREHENSIVE LIABILITY COVERAGE FOR HEALTH CARE PROVIDERS
General Manual – Section I-V
State Rate Pages – Section II - V

EFFECTIVE DATE: March 1, 2010

Dear Ms. Neuman:

The Medical Protective Company hereby submits for your review and consideration the above-captioned revised rate and rule filing applicable to our Illinois Physicians & Surgeons, Dentists, Allieds and Comprehensive Liability Package programs. This is the same filing we spoke of late last year, when we had amended a filing in November. We request the effective date for this submission as March 1, 2010.

Please find enclosed a RF3 form, Memorandum, and manual pages for review. We have also incorporated strike thru's for the applicable filing changes. Due to the size of the filing, I have tried to incorporate tabs for the sections according. I have also submitted just a duplicate coverletter and memo to be returned stamped for our purposes, to help ease with the amount of paper in this submission.

Please let me know if you should need anything additional in your review of this filing.

Sincerely,

Melissa Millican

Ms. Millican,

The Department of Insurance has now completed its review of the filing referenced above. Originally, Medical Protective requested the filing be effective March 1, 2010. Was the filing put in effect on March 1, 2010 or do you wish to have a different effective date?

Your prompt response is appreciated.

Dear Ms. Neuman,
Please find our Company's response below for your review. Please let me know if you should need anything additional for your review.
Thank you,

The Renewal Rating Rule was developed in response to physicians' concerns regarding the predictability of future medical malpractice insurance premiums. Since the Company's rate level is based on projected loss costs derived from historical experience, the degree to which the actual experience may deviate from that projected and, thereby, influence the future rate level cannot be quantified in advance. The rating rule was designed so as to provide a limited degree of predictability for a particular medical group based on an assessment of a variety of risk characteristics and credible actual experience.

Given that this rating rule is relatively new, no historical experience is currently available to derive actuarial justification. Rather, the rule relies on sound, established underwriting expertise and an evaluation of a physician group's historical experience to determine the degree of stability within the medical group practice that would justify holding the expiring rate level flat for the next renewal. In many instances, the rate level will be unchanged and the application of the rule will have no financial impact.

Individuals or very small groups will not have sufficiently credible historical information available to reasonably establish an assessment of stability within the medical practice. In other words, the individual and very small group practices are subject to such a degree of variability in practice patterns and experience that one could not credibly determine if the medical practice qualifies. As such, the Company does not believe the rule is discriminatory, but is based on consistent underwriting standards.

Any medical group that qualifies under this rating rule is not bound by the Company's commitment to utilize the expiring manual rate level at the next renewal. If the rate level applicable to the medical group was reduced, the group's premium would be derived from the lower manual rate level.

Ms. Millican,

I am in receipt of the above referenced filing.

2/8/2010

On filing 09-CRNA-02, Medical Protective introduced a Renewal Rating Rule which was subsequently withdrawn. This Rule has been included in this filing. Therefore, can this be actuarially justified? What happens if an insured takes this option and the company then files a rate decrease – can the insured opt out at that point to take advantage of the decrease? Is there a charge to the insured for this option? It seems this would be discriminatory against smaller accounts with premiums under \$250,000. Please advise.

I request receipt of your response by February 8, 2010.

Ms. Millican,

In reply to your response:

1. The page for Convertible Plus/Nose Rating Plan states "in the event the insured cancels the occurrence coverage, within the first five years subsequently to the issuance of the product, for reasons OTHER THAN NON-RENEWAL...additional premium shall be due and payable" – your response contradicts the wording. Please explain further.
2. The extended reporting period rating factors appear to be only in the state rate pages. However, on previous filings in the past few years, Medical Protective withdrew such pages. While this filing is again adding the state rate pages, I do not see where this information is available for dentists. Please advise.
3. In Medical Protective's manual under Physicians and Surgeons, Standard Claims Made Program – there is a page for Renewal Premium Increase Limitation. It was last filed effective January 1, 1999.
4. Based on your explanation of the Renewal Rating Rule including the nature of historical claim information, the volatility in claim frequency and/or claim severity, I am unclear why offering this product is based on an insured's overall premium instead of their claim history. This issue will be further reviewed by our Actuarial Division.

I request receipt of your response by March 1, 2010.

Subject: Medical Protective - Filing #09-IL-136R

Ms. Millican,

I am continuing my review of this filing. Please address the following questions/issues:

1. On the Convertible Plus/Nose Rating Plan, if the occurrence policy would be nonrenewed by Medical Protective for claims after two years, would the extended reporting period coverage be free? Does this replace pages previously labeled as "Convertible Coverage Rating Plan". Please advise.

2/22/2010

2. On another recent filing, you submitted an Extension Contract Rating Factors page. I don't see where the extended reporting period factors were reported for physicians/surgeons, dentists, etc. Have these factors been filed? If so, please indicate the filing number and effective date.
3. In reviewing the filed manual pages, please explain the "Renewal Premium Increase Limitation".
4. Again regarding the Renewal Rating Rule, it seems to suggest that a medical group with a premium of \$247,000 with 35 years experience should not apply for such "frozen" rate while a medical group with 6 years experience can because their premium is \$252,000 (only \$5,000 more). The response provided suggested a smaller practice does not have sufficient credible historical information available. If the example provided above, it would seem a practice with 35 years experience could have substantially more stability than the practice of 6 years. The size of the practice could be effected by the size of the community where it is located. I could see where a 5% rate increase could have a business with the "under \$250,000 premium" paying more in premium than the "over \$250,000 premium" insured after the freeze is applied. Is the "under \$250,000 premium" insured's amount possibly effected by a schedule rating credit for a longstanding practice – and such "credit" is wiped away with the Renewal Rating Rule? Schedule rating also credits/debits for the size of the patient population (in addition to the territory factors). When a company considers increasing their base rates, will the actuarial exhibits demonstrate that such increase will not apply to the accounts over \$250,000? Please advise.

I request receipt of your response by February 17, 2010.

IL Filing: 09-IL-136R
Objections dated: 2/10/2010

The following responses are provided for objections/questions raised in an e-mail date February 10, 2010 from Gayle Neuman, IL Dept. of Insurance.

1. On the Convertible Plus/Nose Rating Plan, if the occurrence policy would be non-renewed by Medical Protective for claims after two years, would the extended reporting period coverage be free? Does this replace pages previously labeled as "Convertible Coverage Rating Plan". Please advise.

In accordance with the endorsement and the rating rule, if an insured was non-renewed by the Company, the outstanding balance of the extended reporting period coverage premium would still be due. The insured would still continue to benefit from the lower cost for the extended reporting period coverage, but the availability of the five annual installments would cease at any point within the five year period at which the occurrence coverage was not renewed.

This coverage option does not replace the Convertible Coverage Rating Plan, but represents an additional alternative for current and prospective insureds.

2. On another recent filing, you submitted an Extension Contract Rating Factors page. I don't see where the extended reporting period factors were reported for physicians/surgeons, dentists, etc. Have these factors been filed? If so, please indicate the filing number and effective date.

The Extension Contract Rating Factors page you refer to may be that associated with a recent filing for CRNA's. The current Extended Reporting Period Rating Factors for Physicians and Surgeons, Dentists and Other Health care Providers have been filed with the Department for some time. The specific filings and effective dates are as follows:

Physicians' company filing # 98-IL-21R, Eff. 1/1/99

Dentists' company filing # 98-IL-19, Eff. 6/1/98

Allied/Other Healthcare Providers' company filing # 98-IL-22, Eff. 1/1/99

3. In reviewing the filed manual pages, please explain the "Renewal Premium Increase Limitation".

We would be glad to address your concern, but ask that you provide the specific page reference and any additional insight into this issue that would help us respond effectively.

- 4. Again regarding the Renewal Rating Rule, it seems to suggest that a medical group with a premium of \$247,000 with 35 years experience should not apply for such "frozen" rate while a medical group with 6 years experience can because their premium is \$252,000 (only \$5,000 more). The response provided suggested a smaller practice does not have sufficient credible historical information available. If the example provided above, it would seem a practice with 35 years experience could have substantially more stability than the practice of 6 years. The size of the practice could be effected by the size of the community where it is located. I could see where a 5% rate increase could have a business with the "under \$250,000 premium" paying more in premium than the "over \$250,000 premium" insured after the freeze is applied. Is the "under \$250,000 premium" insured's amount possibly effected by a schedule rating credit for a longstanding practice – and such "credit" is wiped away with the Renewal Rating Rule? Schedule rating also credits/debits for the size of the patient population (in addition to the territory factors). When a company considers increasing their base rates, will the actuarial exhibits demonstrate than such increase will not apply to the accounts over \$250,000? Please advise.*

The example provided in consideration of the Renewal Rating Rule is appropriate in the sense that the underwriting concern is with the stability and predictability of the medical group's prospective claim experience. An assessment of a group's qualification under the rule utilizes sound, consistent underwriting standards that must rely on the credibility of the information provided.

The fact that a particular group had 35 years of claim information available would be notable, but in and of itself, would not establish the necessary criteria to qualify. Rather, the nature of the historical claim information, the volatility in claim frequency and/or claim severity and the degree to which the historical data is representative of the current medical practice would have a much greater influence in the underwriting assessment. A slightly larger group, with much less historical claim information, would probably not qualify due to insufficient historical data.

The size of the group is used as a minimum threshold and proxy for many of the criteria considered in the underwriting assessment since it is not possible to ascertain the information that may be available from a particular group. If a group fails to meet the minimum threshold, it is very unlikely that the historical information that could be provided would be sufficiently credible to establish any reasonable level of stability and predictability.

The development of the group's premium, representing manual premium adjusted by the applicable credits/debits, is not influenced by its potential qualification under the Renewal Rating Rule. In many instances, the group would renew under similar terms because the group's experience performed at or below (better than) the expected level.

If there are groups on the Renewal Rating Rule at the time a rate increase is filed and implemented, the overall impact of that rate change would reflect consideration of the in-force premium that would not be subject to the increase. For example, a 4% increase in base rates would be qualified so as to reflect 3.6% increase in the upcoming policy period and 4% thereafter.

Response to DOI Objections dated 2/22/10
Re: #09-IL-136R

Objection 1

The page for Convertible Plus/Nose Rating Plan states "in the event the insured cancels the occurrence coverage, within the first five years subsequently to the issuance of the product, for reasons OTHER THAN NON-RENEWAL...additional premium shall be due and payable" – your response contradicts the wording. Please explain further.

Response:

In response to the comment made in your objection, we would first like to revisit your previous question and our response:

1. On the Convertible Plus/Nose Rating Plan, if the occurrence policy would be non-renewed by Medical Protective for claims after two years, would the extended reporting period coverage be free? Does this replace pages previously labeled as "Convertible Coverage Rating Plan". Please advise.

In accordance with the endorsement and the rating rule, if an insured was non-renewed by the Company, the outstanding balance of the extended reporting period coverage premium would still be due. The insured would still continue to benefit from the lower cost for the extended reporting period coverage, but the availability of the five annual installments would cease at any point within the five year period at which the occurrence coverage was not renewed.

This coverage option does not replace the Convertible Coverage Rating Plan, but represents an additional alternative for current and prospective insureds.

The response provided in our previous correspondence was specifically addressing the situation in which the Company non-renewed the occurrence coverage after two years due to claim activity. We misspoke when we stated that this provision is outlined in the rating rule. It is not stated in the rating rule, but it is stated as the last condition in Endorsement 870: " If the Company cancels the policy, or declines to offer a renewal policy for the subsequent five (5) policy years, the unpaid balance (if any) of Additional Premium shall be due and payable within sixty (60) days of the termination or cancellation of coverage." We apologize for any confusion that may have been created when we mistakenly referred to the rating rule.

In those instances in which "...the insured cancels the occurrence coverage, within the first five years subsequently to the issuance of the product, for reasons OTHER THAN NON-RENEWAL...", the unpaid balance of the recalculated additional premium is due and payable within sixty days of the termination or cancellation of coverage. In no instance is the insured relieved from paying the unpaid balance of the "Additional Premium", except in the case of the insured's death or permanent disability, as stated in the endorsement.

Objection 2:

The extended reporting period rating factors appear to be only in the state rate pages. However, on previous filings in the past few years, Medical Protective withdrew such pages. While this filing is again adding the state rate pages, I do not see where this information is available for dentists. Please advise.

Response:

Please find attached the relevant pages.

Objection 3

In Medical Protective's manual under Physicians and Surgeons, Standard Claims Made Program – there is a page for Renewal Premium Increase Limitation. It was last filed effective January 1, 1999.

Response:

This rule was withdrawn, effective 5/11/2003.

Objection 4

Based on your explanation of the Renewal Rating Rule including the nature of historical claim information, the volatility in claim frequency and/or claim severity, I am unclear why offering this product is based on an insured's overall premium instead of their claim history. This issue will be further reviewed by our Actuarial Division.

Response:

No action required by Medical Protective at this time.

THE MEDICAL PROTECTIVE COMPANY
ILLINOIS
PHYSICIANS & SURGEONS PROGRAM
ACTUARIAL MEMORANDUM

The Medical Protective Company (MedPro) respectfully submits the attached exhibits supporting rate revisions to the Physicians & Surgeons Occurrence and Claims Made programs in the state of Illinois. The proposed revisions will result in an overall premium decrease of 2.0%. This will be accomplished through classification relativity changes with an estimated impact of -0.5% and territory relativity changes with an estimated impact of -1.5%. The combined premium effect of these changes is -2.0% $\{-0.020 = [(1.0 - 0.005) \times (1.0 - 0.015)] - 1.0\}$.

In addition to the rate revisions proposed for the Physicians & Surgeons program, the Company would like to revise several rating rules for its Physician & Surgeon, Dentists, Allied Healthcare Providers and Comprehensive Coverage for Healthcare Providers programs. The proposed effective date for these revisions is March 1, 2010 for new and renewal business.

EXHIBIT I: TERRITORY CHANGES – PHYSICIANS & SURGEONS

The proposed revisions to MedPro's Physicians & Surgeons territory plan were determined by incorporating consideration of the territory plans of other carriers and underwriting judgment. In Exhibit I-A, current and proposed relativities are listed by territory. MedPro is proposing to add a new territory 9 with a proposed relativity of 1.100.

Filing Exhibit I-B lists the seven counties MedPro proposes to move to a different territory. Corresponding territory factors for ISMIE are included. As is evident by the experience, MedPro's county changes were greatly influenced by the filed relativities of ISMIE since they write a predominant share of the business in the state.

EXHIBIT II: CLASSIFICATION CHANGES – PHYSICIANS & SURGEONS

The proposed revisions to MedPro's Physicians & Surgeons classification plan were determined by incorporating a number of considerations including: classification relativities derived from an ISO countrywide classification study, a review of the classification relativities of other carriers, an analysis of MedPro claim experience, the credibility of the classification indications, an evaluation of stability issues and underwriting judgment. For the proposed changes outlined in Exhibit II, a weighting of the indicated MedPro relativity with ISMIE and AP Capital resulted in the revised relativities for the specialties listed.

III. RULE REVISIONS — Physicians and Surgeons Program

Aggregate Credit Rule - The Company wishes to introduce the Aggregate Credit Rule for the Stand Alone Occurrence and Standard Claims Made Programs to exclude New to Practice, New to Company and Membership Association credits from the cap. Additionally, the Comprehensive Liability Coverage for Healthcare Providers manual page modification can be found within the attached General Manual Section III. There is no substantive rate impact associated with this rule.

Convertible Plus/Nose Rating Plan - The Company also proposes to introduce an additional rating rule and coverage form for insureds that are currently covered under a claims-made policy form, but desire to convert to an occurrence coverage form. The Convertible Plus / Nose Coverage product will provide nose coverage, as an endorsement to the occurrence policy, to cover extended reporting period exposure for the time the insured was on a claims-made policy form. The rating for such coverage is outlined in the proposed rating rule that is attached. Additionally, the Comprehensive Liability Coverage for Healthcare Providers manual page modification can be found within the attached General Manual Section III.

Extension Contract Rating Rule - The Extension Contract Rating Rule is being revised for the Stand Alone Standard Claims Made Program to include discretionary schedule rating modifications in the calculation of the Extension Contract premium. Additionally, the Comprehensive Liability Coverage for Healthcare Providers manual page modification can be found within General Manual Section I and further defines the differences in calculation methods for Individual Healthcare Professional versus Healthcare Facilities. The changes do not result in a rate impact.

Full Time Equivalency Rating Rule - The Company wishes to revise the Full Time Equivalency Rating Rule for the Stand Alone Occurrence and Standard Claims Made Programs to exclude Risk Management Credits from the calculation of FTE Credits, as well as clarify the audit provisions and identifies that training and residency programs are not eligible for FTE rating. Please refer to the Comprehensive Liability Coverage for Healthcare Providers General Manual Section III for these revisions. There is no substantive rate impact associated with this change.

Non-Discretionary Debit Plan - The Company wishes to revise the Non-Discretionary Debit Plan for the Stand Alone Occurrence and Standard Claims Made Programs to include two newly created ISO codes to Table B. Please refer to Section III of the State Rate Pages for the modification to the Comprehensive Liability Coverage for Healthcare Providers manual. There is no substantive rate impact associated with this change.

Partnership / Corporation Rating Rule - The Company wishes to revise the Partnership Corporation Rating Rule for the Stand Alone Occurrence and Standard Claims Made Programs to include credit for an optional vicarious liability corporation exposure of a non-insured corporation member. Please refer to Section H of the State Rate Pages for the modification to the Comprehensive Liability Coverage for Healthcare Providers manual page. Additionally, as a result of the introduction of a new territory (Area 9), the Partnership Corporation Caps have also

Extension Contract Rating Rule — The Extension Contract Rating rule is being revised for the Stand Alone Standard Claims Made Program to include discretionary schedule rating modifications in the calculation of the Extension Contract premium. Additionally, the Comprehensive Liability Coverage for Healthcare Providers manual page modification can be found within the attached General Manual Section I and further defines the differences in calculation methods for Individual Healthcare Professional versus Healthcare Facilities. The changes do not result in a rate impact.

Full Time Equivalency Rating Rule — The Company wishes to revise the Full Time Equivalency Rating Rule for the Stand Alone Occurrence and Standard Claims Made Programs to exclude Risk Management Credits from the calculation of FTE Credits, as well as clarify the audit provisions and identifies that training and residency programs are not eligible for FTE rating. Please refer to the Comprehensive Liability Coverage for Healthcare Providers General Manual Section IV for these revisions. There is no substantive rate impact associated with this change.

Membership Association Credit Rule — The Company wishes to update the Comprehensive Coverage for Healthcare Providers manual to reflect the recently revised Membership Association Credit Rule which has been filed and approved for its Stand Alone Dentists program. Please refer to Section IV of the attached State Rate Pages for this modification. There is not a substantive rate impact associated with this change.

Moonlighting Rating Rule — The Company wishes to update the Comprehensive Coverage for Healthcare Providers manual to reflect the recently revised added Moonlighting Rating Rule which has been filed and approved for its Stand Alone Dentists program. Please refer to the attached General Manual Section IV and Section IV State Rate Pages for the modification. There is not a substantive rate impact associated with this change.

New to Practice Credit — The Company wishes to update the Comprehensive Coverage for Healthcare Providers manual to reflect the recently revised New to Practice Credits which have been filed and approved for its Stand Alone Dentists program. Please refer to Section IV of the attached State Rate Pages for the modification. There is not a substantive rate impact associated with this change.

Part Time Practice Rule - The Company wishes to revise the Part Time Practice Rule for the Occurrence and Standard Claims Made Programs to include the application of Schedule Rating Modifications with Part Time Credits. Additionally, please refer to the attached General Manual Section IV for the modification to the Comprehensive Liability Coverage for Healthcare Providers manual. There is not a substantive rate impact associated with this change.

Renewal Rating Rule - The Company wishes to revise the Renewal Rating Rule for the Occurrence and Standard Claims Made Programs to hold premium constant from policy term to policy term for accounts which meet a certain premium threshold. Please refer to Section IV of the State Rate Pages for the Comprehensive Liability Coverage for Healthcare providers for the applicable premium threshold. There is not a substantive rate impact associated with this change.

Student/Resident Rating Rule — The Company wishes to revise the Comprehensive Coverage for Healthcare Providers program Section IV General Manual and State Rate Pages to include the

Student / Resident Rating Rule. This rule has recently been filed and approved for the DDS Stand Alone program and the addition of this rule does not result in a rate impact.

V. RULE REVISIONS — Allied Healthcare Providers Program

Aggregate Credit Rule — The Company wishes to revise the Aggregate Credit Rule for the Stand Alone Occurrence and Standard Claims Made Programs to exclude New to Practice, New to Company and Membership Association credits from the cap. Additionally, the Comprehensive Liability Coverage for Healthcare Providers manual page modification can be found within the attached General Manual Section V. There is no substantive rate impact associated with this rule.

Allied Healthcare Providers Class Plan — The Company wishes to revise the Allied Healthcare Providers Class Plan for the Stand Alone Occurrence and Standard Claims Made Programs. The revision consists of adding Anesthesia Assistants as their own speciality under the class plan. Currently Anesthesia Assistants are rated as CRNA's as their exposure is similar. However, the marketplace has begun to distinguish these two healthcare specialties separately and thus the Company is choosing to make that distinction in its classification plan at this time. Additionally, the addition of Anesthesia Assistant has been made to the attached Comprehensive Liability Coverage for Healthcare Providers manual, Section V of the State Rate Pages. There is no rate impact associated with this addition.

Extension Contract Rating Rule — The Extension Contract Rating rule is being revised for the Stand Alone Standard Claims Made Programs to include discretionary schedule rating modifications in the calculation of the Extension Contract premium. Additionally, the Comprehensive Liability Coverage for Healthcare Providers manual page modification can be found within the attached General Manual Section 1 and further defines the differences in calculation methods for Individual Healthcare Professional versus Healthcare Facilities. The changes do not result in a rate impact.

Full Time Equivalency Rating Rule — The Company wishes to revise the Full Time Equivalency Rating Rule for the Stand Alone Occurrence and Standard Claims Made Programs to exclude Risk Management Credits from the calculation of FIE Credits, as well as clarify the audit provisions and identifies that training and residency programs are not eligible for FIE rating. Please refer to the Comprehensive Liability Coverage for Healthcare Providers General Manual Section V for these revisions. There is no substantive rate impact associated with this change.

Part Time Practice Rule - The Company wishes to revise the Part Time Practice Rule for the Occurrence and Standard Claims Made Programs to include the application of Schedule Rating Modifications with Part Time Credits. Please refer to the attached General Manual Section V for the modification to the Comprehensive Liability Coverage for Healthcare Providers manual. There is not a substantive rate impact associated with this change.

Renewal Rating Rule - The Company wishes to revise the Renewal Rating Rule for the Occurrence and Standard Claims Made Programs to hold premium constant from policy term to policy term for accounts which meet a certain premium threshold. Please refer to Section V of the State Rate Pages for the Comprehensive Liability Coverage for Healthcare providers for the

applicable premium threshold. There is not a substantive rate impact associated with this change.

Section II:

Extended Reporting Period Coverage Factors - The extended reporting period factors for Dentists, years 4 and 5 or more, currently on file for the Company's Stand Alone DOS program are not referenced accurately in the matrix in the State Rate Pages. The factors are being revised to accurately depict the Company's intent with regard to this rating rule.

Policy Writing Minimum Premium — The minimum premium designations currently on file for the Company's Stand Alone DDS programs are not referenced accurately in the matrix in the State Rate Pages. They are being revised to accurately depict the Company's intent with regard to this rating rule.

Schedule Rating — Partnerships & Corporations — The schedule rating designations currently on file for the Company's Stand Alone DDS programs are not referenced accurately in the matrix in the State Rate Pages. They are being revised to accurately depict the Company's intent with regard to this rating rule.

Small Group, Large Group & Temporary Staffing Agency Rating — Corporations — The countrywide designation of these rules is not accurately reflected in the current State Rate Pages. Therefore, the rule title is being changed to add the distinction of 'Small' groups in the title.

Section III:

Small Group & Large Group Rating — The General Manual currently contains rating rules for Small Groups and Large Groups. However, after review of the Company's state rate pages, it was determined that these rules are not adequately reflected in the State Rate Pages as available. Therefore the State Rate Pages are being modified to include references to both rules.

Section IV:

Policy Writing Minimum Premium — The minimum premium designations currently on file for the Company's Stand Alone DDS programs are not referenced accurately in the matrix in the State Rate Pages. They are being revised to accurately depict the Company's intent with regard to this rating rule.

New to Company Credit — The New to Practice credit designations currently on file for the Company's Stand Alone DOS programs are not referenced accurately in the matrix in the State Rate Pages. They are being revised to accurately depict the Company's intent with regard to this rating rule.

Schedule Rating — The schedule rating designations currently on file for the Company's Stand Alone MD programs are not referenced accurately in the matrix in the State Rate Pages, in that the

per characteristic caps were omitted from the page. They are being revised to accurately depict the Company's intent with regard to this rating rule.

Small Group & Large Group Rating — The General Manual currently contains rating rules for Small Groups and Large Groups. However, after review of the Company's state rate pages, it was determined that these rules are not adequately reflected in the State Rate Pages as available. Therefore the State Rate Pages are being modified to include references to both rules.

Section V:

Allied Territory Rating Plan — The Allied Territory Rating Plan currently on file for the Company's Stand Alone AHCP programs are not referenced accurately in the matrix in the State Rate Pages. They are being revised to accurately depict the Company's intent with regard to this rating rule.

Schedule Rating he schedule rating designations currently on file for the Company's Stand Alone AHCP programs are not referenced accurately in the matrix in the State Rate Pages, in the per characteristic caps were omitted from the page. They are being revised to accurately depict the Company's intent with regard to this rating rule.

Small Group Rating Rule — The General Manual currently contains rating rules for Small Groups and Large Groups. However, after review of the Company's state rate pages, it was determined that these rules are not adequately reflected in the State Rate Pages as available. Therefore the State Rate Pages are being modified to include references to both rules.

Large Group Rating Rule — The General Manual currently contains rating rules for Small Groups and Large Groups. However, after review of the Company's state rate pages, it was determined that these rules are not adequately reflected in the State Rate Pages as available. Therefore the State Rate Pages are being modified to include references to both rules.

Accelerated Extension Contract Rating — The rule is being updated to 'Available' to align with the Stand Alone Allied Healthcare Providers Program.

Group Rating Rule — This is being removed as it is redundant with the 'Small Group Rating Rule' and 'Large Group Rating Rule.'

B. Deductible/Self-Insured Retention Credits

1. Deductibles

- a. Credits shall be available, subject to underwriting guidelines.
- b. The deductibles shall apply to the indemnity or the indemnity and allocated loss expense portion of each loss unless otherwise modified by statute.
- c. Deductibles can only be revised at policy renewal.
- d. The deductible credits shall apply to the primary limits premium, net of other applicable credits, identified on the State Rate Pages.
 - i. The credits are expressed as a function of the per health care occurrence or per insured deductible limit.
 - ii. The insured may select an aggregate deductible limit in accordance with underwriting guidelines.
 - iii. The maximum premium credit is limited to 85% of the aggregate deductible limit.

2. Self-Insured Retentions

- a. SIR's shall be offered to qualified insureds.
- b. The SIR's shall apply to the indemnity and allocated loss expense portion of each loss unless otherwise modified by statute.
- c. SIR's can only be revised at policy renewal.
- d. The SIR credits shall apply to the primary limits premium, net of other applicable credits, identified on the State Rate Pages.

3. Large Group & Temporary Staffing Agency Rating - Corporations

- A. Corporation Coverage for Temporary Staffing Agencies or Large Group practices may be collectively rated.
- B. For the purpose of this rule a Large Group is defined as any collective decision making group / body of insureds who may be owners of, employed by or under contract with a specific and distinct corporation, partnership or association. A Large Group will generally have 25 or more physicians and will have characteristics of operation similar to other large commercial ventures, CEO, CFO, Board of Directors, Business Manager, etc.
- C. The premium for a Group will be determined by multiplying the group's manual premium by any credits or debits assigned to the Group under the Schedule Rating Plan, Deductible Credit Rule, or Self Insured Retention Credit Rule. The group's manual premium will equal the sum of the individual manual premium for each scheduled insured covered under the policy. The individual manual premium will equal the filed rate for the scheduled insured minus any applicable Part Time, New to Practice, Risk Management, Leave of Absence, or Military Leave of Absence credits. However, once the premium for the Group has been established, the Company may allocate that premium among the scheduled insureds based upon applicable underwriting criteria.
- D. Temporary Staffing Agency Coverage is available under the Large Group Rating plan, when the criteria are met for Large Group Rating.
- E. For Individual insureds within the group, Extension Contract Rating premium may be calculated by multiplying the mature allocated premium times the applicable claims made tail factor including any applicable deductible credits, part-time credits, and schedule rating modifications. Extension contract rating premium may be loss rated if the entire group cancels coverage.
- F. Refer to the State Rate Pages for availability.

4. Small Group Rating Rule

Any group practice consisting of two or more healthcare providers may be collectively rated. (“Group Practice” shall mean a group or body of insureds who make a collective buying decision to purchase insurance as the owners, employees, or agents of a specific and distinct corporation, partnership, or association.)

- A. The premium for the group will be determined by multiplying the “Groups Net Premium” by any credits or debits assigned to the group under the Schedule Rating Plan or Deductible Credit Rule, after factoring in any commission fee or other expense variations associated with the group. (The Company will negotiate an appropriate commission with the insured’s agent based upon the Group’s size and the amount of work to be preformed by the agent. Upon request, the company will write the group on a net of commission basis if the group has negotiated a separate free agreement with its agent.)
- B. The “Group’s net premium” will equal the sum of the “individual net premiums” for each individual or entity receiving separate limits of liability.
- C. The “Individual net premiums” will equal the filed rate for the insured after being adjusted for any applicable non-discretionary debits or credits. However, once the premium for the group has been established, the company may allocate that premium among the individual insured’s based upon applicable underwriting criteria.
- D. For Individual insured’s within the group, the extension contract premium will be calculated per the filed Extension Contract Rating Rule.
- E. Refer to the applicable state rate page for availability.

**MANUAL PAGES
FOR
COMPREHENSIVE LIABILITY COVERAGE FOR HEALTH CARE PROVIDERS**

I. APPLICATION OF MANUAL

- A. This section provides rules, rates, premiums, classifications and territories for the purpose of providing Professional Liability for Physicians/Surgeons.
- B. Any exceptions to these rules are contained in the respective State Rate Pages.

II. BASIC LIMITS OF LIABILITY

Basic Limits of Liability for Professional Liability Coverage under this program shall be as follows, unless otherwise modified by statute:

- A. Occurrence Coverage

\$100,000 Each Health Care Occurrence
\$300,000 Aggregate
- B. Claims-Made Coverage

\$100,000 Each Health Care Occurrence
\$300,000 Aggregate

III. PREMIUM COMPUTATION

The premium shall be computed by applying the rate per physician, shown on the State Rate Pages, in accordance with each physician's medical classification and class plan designation.

IV. CLASSIFICATIONS

- A. Physicians/Surgeons
 - 1. Each medical practitioner is assigned a classification code according to their specialty. When more than one classification is applicable, the highest rate classification shall apply.
 - 2. The classification codes will be contained on the State Rate Pages.

FILED

MAR 01 2010

B. Part-Time Physicians

1. Any insured who is determined not to be working on a full time basis will be considered a part-time practitioner and will be eligible for a reduction in the otherwise applicable rate for that specialty. The criteria and commensurate credit for a part-time practitioner is identified on the State Rate Pages.
2. A Part-Time Practitioner may include any classification identified in the class plan, as well as those practitioners who are moonlighting or teaching. The hours reported to the Company for rating purposes are subject to audit, at the Company's discretion.
3. The part-time credit is not applied to the Extended Reporting Period Coverage rating unless the part-time practice did not exceed a specified number of hours/year over the previous five consecutive policy years with the Company or if the insured was part-time for the entire retroactive period. The average number of hours in practice per week during the previous five policy years will determine the applicable credit. Refer to the State Rate Pages for the specific criteria.
4. No other credits are to apply concurrent with this rule except risk management, schedule rating modifications and/or membership association credits.

C. Physicians in Training

1. Following graduation from medical school, a physician may elect to enter additional training periods. For rating purposes, they are defined as follows:
 - a. First Year Resident (or Intern) - 1 year period immediately following graduation. During this period a physician may or may not be licensed, depending upon state requirements.
 - b. Resident - various lengths of time depending upon medical specialty; 3 years average. Following first year residency, generally licensed M.D. Upon completion of residency program, physician becomes board eligible.
 - c. Fellow - Follows completion of residency and is a higher level of training.

Note: Do not confuse a physician in a fellowship training program with a fellow, for example, of American College of Surgeons.

FILED

MAR 01 2010

2. Coverage is available for activities directly related to a physician's training program. The coverage will not apply to any professional services rendered after the training is complete.
 - a. Interns, Residents and Fellows are eligible for a reduction in the otherwise applicable physician rate for coverage valid only for activities directly related to an accredited training program. Refer to the Company to determine the applicable credit.
3. Coverage is available for a physician's "moonlighting" activities. The coverage will not apply to any aspect of the insured's training program. The applicable physician class for moonlighting activities, as identified in the class plan, will be utilized to determine the rate. If no such classification is identified, the applicable premium will be computed as follows.
 - a. The premium will be based upon the equivalent medical specialty rate and the average number of hours the insured practices per week.
 - b. The hours reported to the Company for rating purposes are subject to audit, at the Company's discretion.
 - c. No other credits are to apply concurrent with this rule except risk management and membership credits.
 - d. The applicable percentages are presented on the State Rate Pages.

D. Locum Tenens Physician –Physicians Substituting for MPCo Insured Physicians

1. Coverage for a physician substituting for an insured physician will be limited to cover only professional services rendered on behalf of the insured physician for the specified time period. Locum Tenens will share in the insured physician's Limit of Liability. No additional charge will apply for this coverage.
2. The locum tenens physician must complete an application and submit it to the Company in advance for approval prior to the requested effective date of coverage.

E. Temporary Staffing Agency Coverage

1. Coverage for Temporary Staffing Agency Coverage is available to organizations that provide healthcare provider staffing services to healthcare facilities (hospitals, clinics, nursing homes, etc).
2. Pricing is based upon the number of hours worked by the provider.
3. No additional premium modifications may apply with this rating, except Schedule Rating modifications.
4. Refer to the State Rate Pages for the rates associated with this coverage.

F. New Physician

1. A "new" physician shall be a physician who has recently completed one of the following programs and will begin a full time practice for the first time:
 - a. Residency;
 - b. Fellowship program in their medical specialty;
 - c. Fulfillment of a military obligation in remuneration for medical school tuition;
 - d. Medical school or specialty training program.
2. To qualify for the credit, the applicant will be required to apply for a reduced rate within six months after the completion of any of the above programs.
3. A reduced rate will be applied in accordance with the credits shown on the State Rate Pages.

G. Physician Teaching Specialists

1. Coverage is available for faculty members of an accredited training program. The coverage will not apply to any professional services rendered in the insured's private practice.
 - a. Faculty members are eligible for a reduction in the otherwise applicable physician rate for coverage valid only for teaching activities related to an accredited training program. Refer to the Company to determine the applicable credit.

2. Coverage is available for the private practice of a physician teaching specialist. The coverage will not apply to any aspect of the insured's teaching activities.
 - a. The premium will be based upon the otherwise applicable physician rate and the average number of hours per week devoted to teaching activities.
 - b. The hours reported to the Company for rating purposes are subject to audit, at the Company's discretion.
 - c. No other credits are to apply concurrent with this rule except risk management and membership credits.
 - d. The applicable percentages are presented on the State Rate Pages.

H. Physician's Leave of Absence

1. A physician who is on a leave of absence for a continuous period of 45 days or more may be eligible for restricted coverage at a discount of the applicable rate for the period of the leave of absence. This will apply retroactively to the first day of the leave of absence, if reported to the company within 30 days. Only one application of this credit may be applied to an annual policy period. Leave of absence may include the following:
 - The birth of insured's newborn, placement of foster children or insured adopts a child, provided the leave is completed within 12 months of the birth, placement or adoption.
 - To care for a spouse, child or parent who has a serious health condition.
 - To care for insured's own health condition which prevents insured from working.
 - Time to enhance the insured's education or other reason while not practicing.

This credit is not available to an insured's leave of absence for vacation purposes. The Minimum Premium Rating Rule applies to insureds eligible for the Leave of Absence Credit.

2. The credit to be applied to the applicable rate is presented on the State Rate Pages.

V. PREMIUM MODIFICATIONS

The following premium modifications are applicable to all filed programs unless stated otherwise in the rule or on the State Rate Pages.

A. Schedule Rating

The Company shall utilize a schedule of modifications to determine appropriate premiums for certain insureds, or groups of insureds, who in the opinion of the Company, uniquely qualify for such modifications because of factors not contemplated in the filed rate structure of the Company.

The premium for a policy may be modified in accordance with a maximum modification indicated on the State Rate Pages, and may be applied to recognize risk characteristics that are not reflected in the otherwise applicable premium. All modifications applied under this schedule rating plan are subject to periodic review. The modification shall be based on one or more of the specific considerations identified on the State Rate Pages.

B. Risk Management

The insured will receive a premium credit for up to 3 years, for a Risk Management course approved by the Company. Refer to the State Rate Pages for the limitations, schedule & value of the credits.

Additionally, the insured will receive an additional credit for three years for the proper use of an electronic health record system within their practice. The credit will be provided for programs meeting the criteria of The Medical Protective Company and issued at the beginning of the next policy period contingent upon receipt of the required documentation of system capabilities and practice usage. Refer to the State Rate Pages for the limitations, schedule & value of the credits.

C. Claim Free Credits

1. If no claim has been attributed to an insured, the insured will be eligible for a premium credit provided on the State Rate Pages.
 - a. A claim under this policy shall not, for the purpose of this premium credit program, be construed to include instances of mistaken identity, blanket defendant listings, improper inclusion, or non-meritorious or frivolous claims.
 - b. Insureds converting coverage to The Medical Protective Company, shall qualify for credit at the policy inception date in accordance with the Company's guidelines.

D. Deductible/Self-Insured Retention Credits

1. Deductibles

- a. Credits shall be available, subject to underwriting guidelines.
- b. The deductibles shall apply to the indemnity or the indemnity and allocated loss expense portion of each loss unless otherwise modified by statute.
- c. Deductibles can only be revised at policy renewal.
- d. The deductible credits shall apply to the primary limits premium, net of other applicable credits, identified on the State Rate Pages.
 - i. The credits are expressed as a function of the per health care occurrence or per insured deductible limit.
 - ii. The insured may select an aggregate deductible limit in accordance with underwriting guidelines.
 - iii. The maximum premium credit is limited to 85% of the aggregate deductible limit.

2. Self-Insured Retentions

- a. SIR's shall be offered to qualified insureds.
- b. The SIR's shall apply to the indemnity and allocated loss expense portion of each loss unless otherwise modified by statute.
- c. SIR's can only be revised at policy renewal.
- d. The SIR credits shall apply to the primary limits premium, net of other applicable credits, identified on the State Rate Pages.
 - i. The credits are expressed as a function of the per health care occurrence and aggregate SIR limit.
 - ii. The insured may select an aggregate limit in accordance with underwriting guidelines.
 - iii. The maximum premium credit is limited to 75% of the aggregate SIR limit.

E. Experience Rating

1. A group practice, consisting of a specified number of insureds, may receive a credit/debit based on the claim history. The claims history will be evaluated over a minimum period of five years and a maximum period of ten years. Criteria used to determine the application of such credits/debits shall include:
 - a. Premiums paid
 - b. Number of claims
 - c. Incurred losses
 - d. Paid losses
 - e. Projected incurred but not reported losses
 - f. Cause of such losses
 - g. Nature of practice
2. Such credits/debits shall apply on a one year basis and will be subject to annual review. Refer to the State Rate Pages for the minimum number of insureds requirement and the applicable percentage credit/debit.

F. Non-Discretionary Debit Plan

For any insured who is not eligible for a credit under the company's claim/loss free credit rule, points will be assigned for each claim pursuant to Schedule A, found in the State Rate Pages, for the following:

- Pending against the insured at the beginning of the current policy period; or
- Paid on the insured's behalf during the past 5 years; or
- Closed with no payment during the past 5 years.

For providers who have been practicing for less than eight complete years from their initial medical school graduation date, the total assigned claim points (as calculated from the Schedule A) will be multiplied by the applicable factor set forth in the following schedule:

FILED

MAR 01 2010

Years Between Effective Date of Coverage and Graduation Date	Factor
Less than 5 years	5.00
At least 5 years but less than 6 years	2.50
At least 6 years but less than 7 years	1.666
At least 7 years but less than 8 years	1.25
8 years or more	No factor applied

Insureds with less than one year of experience shall be assumed to have one year of experience. Insureds converting coverage to The Medical Protective Company who have pending claims or claims paid on their behalf within the past five years will be assigned points in accordance with Company guidelines.

A debit shall then be applied the insured's rate based upon Schedule B, found in the State Rate Pages.

For the purpose of this rule, a "claim" shall not include instances of mistaken identity, blanket defendant listings, improper inclusion, or non-meritorious or frivolous claims.

Any Debit required under this rule shall be additive with any other debits or credits applicable under the Company's rating manual.

This non-discretionary debit plan shall only apply to providers who meet the Company's Guidelines for acceptance, and the Company retains the right to refuse to insure any insured or applicant based upon the qualitative nature of any claims made against that individual or entity. As a result, the fact that this rule provides (or does not provide) a debit for claims experience is not an indication that there is a rate available for any particular insured or applicant.

G. Large Group Rating

1. Physicians organized in a Large Group practice may be collectively rated.
2. For the purpose of this rule a Large Group is defined as any collective decision making group / body of insureds who may be owners of, employed by or under contract with a specific and distinct corporation, partnership or association. A Large Group will generally have 25 or more physicians and will have characteristics of operation similar to other large commercial ventures, CEO, CFO, Board of Directors, Business Manager, etc.
3. The premium for a Group will be determined by multiplying the group's manual premium by any credits or debits assigned to the Group under the Schedule Rating Plan, Deductible Credit Rule, or Self Insured Retention Credit Rule. The group's manual premium will equal the sum of the individual manual premium for each scheduled insured covered under the policy. The individual manual premium will equal the filed rate for the scheduled insured minus any applicable Part Time, New to Practice, Risk Management, Leave of Absence or Military Leave of Absence credits. However, once the premium for the Group has been established, the Company may allocate that premium among the scheduled insureds based upon applicable underwriting criteria.
4. Temporary Staffing Agency Coverage is available under the Large Group Rating plan, when the criteria are met for Large Group Rating.
5. For Individual insureds within the group, Extension Contract Rating premium may be calculated by multiplying the mature allocated premium times the applicable claims-made tail factor including any applicable deductible credits, part-time credits, and schedule rating modifications. Extension contract rating premium may be loss rated if the entire group cancels coverage.
6. Refer to the State Rate Pages for availability.

H. Small Group Rating Rule

Any group practice consisting of two or more physician providers may be collectively rated. ("Group Practice" shall mean a group or body of insureds who make a collective buying decision to purchase insurance as the owners, employees, or agents of a specific and distinct corporation, partnership, or association.)

1. The premium for the group will be determined by multiplying the "Group's Net Premium" by any credits or debits assigned to the group under the Schedule Rating Plan or Deductible Credit Rule, after factoring in any commission fee or other expense variations associated with the group. (The Company will negotiate an appropriate commission with the insured's agent based upon the Group's size and the amount of work to be performed by the agent. Upon request, the company will write the group on a net of commission basis if the group has negotiated a separate fee agreement with its agent.)
2. The "Group's net premium" will equal the sum of the "individual net premiums" for each individual or entity receiving separate limits of liability.
3. The "Individual net premiums" will equal the filed rate for the insured after being adjusted for any applicable non-discretionary debits or credits. However, once the premium for the group has been established, the company may allocate that premium among the individual insureds based upon applicable underwriting criteria.
4. For Individual insureds within the group, the extension contract premium will be per the filed Extension Contract Rating Rule.
5. Refer to the applicable State Rate Page for availability.

VI. MODIFIED PREMIUM COMPUTATION

A. Convertible Coverage Rating Plan

1. Insureds shall be provided the option, subject to underwriting guidelines, to convert from Standard Claims-Made to Occurrence coverage. The insured shall be eligible for conversion after the following conditions have been met:

FILED

MAR 01 2010

- a. Payment to the Company of the applicable premium for a minimum of three annual claims-made policies.
 - b. Achieve three years of continuous claims-made coverage under this plan with no losses attributed to the insured. (A loss shall be a culpable loss. A claim under this plan shall not be construed to include instances of mistaken identity, blanket defendant listings, improper inclusion, or non-meritorious or frivolous claims.)
2. At the time the aforementioned conditions are met, and the insured has purchased Occurrence coverage, the Company will issue Extended Reporting Period Coverage, covering professional services subsequent to the retroactive date and prior to the expiration of the claims-made policy, and will waive any premium that would normally be due for such coverage.
 3. Should the insured be unable to meet the conditions for conversion, the insured may elect to purchase the Extended Reporting Period Coverage, subject to policy provisions. Refer to the Extended Reporting Period rule to determine the applicable premium.
 4. The applicable premium under this plan is presented on the State Rate Pages.
 5. No other modifications are to apply concurrent with this rule except membership association, risk management and schedule rating modifications.

B. Enhanced Claims-Made

1. Insureds shall be provided the option, subject to underwriting guidelines, to purchase Claims-Made coverage under the Enhanced rating structure.
2. The Enhanced Claims-Made base rate is developed as a percentage of the applicable Occurrence rate. The applicable percentage is identified on the State Rate Pages.
3. The Enhanced Claims-Made base rate is subject to Claim Free Credits in accordance with the schedule provided on the State Rate Pages. The application of the credits shall be consistent with the criteria identified in V(C) of this section of the manual.

C. Slot Rating

1. Coverage for group practices is available, at the Company's option, on a slot basis rather than on an individual physician basis. The slot endorsement will identify the individuals and practice settings that are covered. Coverage will

be provided on a shared limit basis for those insureds moving through the slot or position.

2. The applicable manual rate will be determined by the classification of the slot. Policies rated as a Standard Claims-Made policy will utilize the retroactive date of the slot. Extended Reporting Period Coverage may be purchased for the slot based on the applicable retroactive date, classification and limits.
3. Premium modifications for new physician, part time, moonlighting, teaching, risk management or loss free credit cannot be used in conjunction with this rating rule.

D. Full-time Equivalency Rating

1. Coverage for a multi-physician group is available, at the Company's option, on a full time equivalent (FTE) basis rather than on an individual physician basis. Coverage is provided on an individual limit or shared limit basis. Full time equivalency is based on each physician's number of hours of medical practice per year. The definition of one FTE is based on the following number of hours per year:

2,500 - Group Practice
2,100 - Residency Programs

2. For group practices, the minimum average FTE assigned to any individual physician is .05 (125 hours), subject to a total FTE per policy of no less than 1.0. Training/Residency programs (and other similar programs) are not subject to the group practice minimums.
3. The premium developed by applying the applicable per physician rate to the corresponding FTE will be adjusted to reflect loss cost considerations not recognized in the physician rates.
4. FTE Policies may be subject to electronic or on-site audits. Mid-term premium adjustments may be applied based upon the audit findings for the audit period.
5. The following table identifies the applicable premium modification per the number of FTE's in the policy for a shared limit:

FILED

MAR 01 2010

<u>FTE*</u> <u>Per Policy</u>	<u>Premium</u> <u>Modification</u>	<u>FTE*</u> <u>Per Policy</u>	<u>Premium</u> <u>Modification</u>
1	+10.0%	11	-14.0%
2	-3.0%	12	-16.0%
3	-4.0%	13	-17.0%
4	-5.0%	14	-18.0%
5	-7.0%	15	-20.0%
6	-8.0%	16	-21.0%
7	-9.0%	17	-22.0%
8	-11.0%	18	-23.0%
9	-12.0%	19	-24.0%
10	-13.0%	20+	-25.0%

- The table value is determined by rounding the actual FTE per policy using the .5 rounding rule.

6. Premium modifications for claim free, new to practice, part time practice, or risk management cannot be used in conjunction with this rating rule.

E. Out-Patient Visit Rating

1. Occurrence or Standard Claims-Made coverage for group practices is available, at the Company's option, on an out-patient visit (OPV) basis rather than on an individual physician basis. Coverage is provided on a shared or individual physician limit basis.
2. The number of out-patient visits equivalent to a physician year is 2,500 hours times the applicable rate of visits per hour. The rate of visits per hour is derived from the group's historical experience, subject to a minimum rate of 1 visit per hour and a maximum rate of 3 visits per hour.
3. The applicable medical specialty rate is divided by the equivalent out-patient visits resulting in the out-patient visit rate to be applied to the visits projected for the policy period. The product of the OPV rate and the projected visits results in the indicated manual premium.
4. The annual visits reported to the Company for rating purposes are subject to audit, at the Company's discretion.
5. Premium modifications for new physician, part time, moonlighting, teaching, claim free credit, or other similar credit cannot be used in conjunction with this rating rule.

F. Requirements for Waiver of Premium for Extended Reporting Period Coverage.

1. Upon termination of coverage under this policy by reason of death, the deceased's unearned premium for this coverage will be returned and an Extended Reporting Period Coverage will be granted for no additional charge, subject to policy provisions.
2. Upon termination of coverage under this policy by reason of total disability or permanent retirement by the insured, Extended Reporting Period Coverage will be granted for no additional charge subject to policy provisions.
3. The Company may agree to waive the standard requirements for qualifying for a free extended reporting period endorsement at retirement if the insured meets the following criteria.
 - a. The insured is a member of a group practice that is insured on a claims-made basis with the Company.
 - b. The group requested the waiver for an insured who anticipates permanently retiring from the practice of medicine in less than one year and/or will not attain the required number of years of continuous claims-made coverage at the time of retirement.
 - c. The Company approved the group's request for the waiver after determining the insured had limited prior acts exposure.
 - d. The total number of insureds, within a group practice that may qualify for this waiver may not exceed a ratio of 1 in 3.
 - e. The insured otherwise meets the requirements as set forth in the policy for a free extension contract.
 - f. Refer to the State Rate Pages for availability.

G. Deferred Premium Payment Plan.

1. The Company will, subject to applicable guidelines, offer the insured various premium payment options. The deferred premium payment plan requires a down payment to be paid on or before the inception/renewal date of the policy. The balance of the premium will be payable in periodic installments. Other fees may apply.

H. Aggregate Credit Rule.

The application of all approved credits contained in this rating manual shall not exceed the amount identified in the State Rate Pages for any one insured.

This rule does not apply to Part Time Practice, Leave of Absence, Military Leave of Absence, New to Company, New to Practice, Membership Association, Risk Management or Deductible Credits.

9. **Schedule Rating**
(Occurrence & Standard Claims Made Programs)

Consideration(s)	Description	Range
1. Historical Loss Experience	The frequency or severity of claims for the insured(s) is greater/less than the expected experience for an insured(s) of the same classification/size or recognition of unusual circumstances of claims in the loss experience.	-20% to +20%
2. Cumulative Years of Patient Experience.	The insured(s) demonstrates a stable, longstanding practice and/or significant degree of experience in their current area of medicine.	-5% to +5%
3. Classification Anomalies.	Characteristics of a particular insured that differentiate the insured from other members of the same class, or recognition of recent developments within a classification or jurisdiction that are anticipated to impact future loss experience.	-15% to +15%
4. Claim Anomalies	Economic, societal or jurisdictional changes or trends that will influence the frequency or severity of claims, or the unusual circumstances of a claim(s) which understate/overstate the severity of the claim(s).	-10% to +10%
5. Management Control Procedures.	Specific operational activities undertaken by the insured to reduce the frequency and/or severity of claims.	-5% to +5%
6. Number / Type of Patient Exposures.	Size and/or demographics of the patient population which influences the frequency and/or severity of claims.	-5% to +5%
7. Organizational Size / Structure.	The organization's size and processes are such that economies of scale are achieved while servicing the insured.	-5% to +5%
8. Healthcare Standards, Quality & Claim Review.	Presence of (1) committees that meet on a routine basis to review medical procedures, treatments, and protocols and then assist in the integration of such into the practice, (2) Committees that meet to assure the quality of the health care services being rendered and/or (3) Committees to provide consistent review of claims/incidents that have occurred and to develop corrective action.	-5% to +5%
9. Other Risk Management Practices and Procedures.	Additional activities undertaken with the specific intention of reducing the frequency or severity of claims.	-5% to +5%
10. Training, Accreditation & Credentialing.	The insured(s) exhibits greater/less than normal participation and support of such activities.	-5% to +5%
11. Record – Keeping Practices.	Degree to which insured incorporates methods to maintain quality patient records, referrals, and test results.	-5% to +5%
12. Utilization of Monitoring Equipment, Diagnostic Tests or Procedures.	Demonstrating the willingness to expend the time and capital to incorporate the latest advances in medical treatments and equipment into the practice, or failure to meet accepted standards of care.	-10% to +10%
Maximum Modification -50% / +50%		

The aforementioned modifications contemplate the standard allowance for expenses and are subject to the maximum modification referenced above. If the expenses are less than standard, an additional modification may be made to reflect this reduction.

28. Convertible Plus / Nose Rating Plan
(Occurrence Program)

A healthcare provider that is currently insured under a claims-made policy form may be eligible for Convertible / Nose coverage, subject to underwriting guidelines. This coverage will provide nose coverage to healthcare providers that seek to convert to an occurrence policy form. The rating for such coverage is based upon the insureds standard mature claims made rate times the factor identified in the table below.

Years Retroactive Date Precedes Policy Inception Date	Factor
1	.75
2	1.08
3	1.18
4 or More	1.25

The applicable premium under this plan shall be in addition to the healthcare provider's standard occurrence premium and shall be paid to the Company over an installment period.

In the event the insured cancels the occurrence coverage, within the first five years subsequent to the issuance of the product, for reasons other than non-renewal, death, total and permanent disability or permanent retirement, additional premium shall be due and payable. Additional premium shall be calculated at the Company's filed rate for an extension contract endorsement at the time the Convertible Plus Claims Made coverage is issued. Any unpaid balance between this amount and any payments made prior to the cancellation date is due sixty (60) days from the date of cancellation.

The rating under this rule is subject to applicable Part-Time and Schedule Rating modifications.

CONVERTIBLE PLUS / NOSE RATING PLAN

A HEALTHCARE PROVIDER THAT IS CURRENTLY INSURED UNDER A CLAIMS-MADE POLICY FORM MAY BE ELIGIBLE FOR CONVERTIBLE / NOSE COVERAGE, SUBJECT TO UNDERWRITING GUIDELINES. THIS COVERAGE WILL PROVIDE NOSE COVERAGE TO HEALTHCARE PROVIDERS THAT SEEK TO CONVERT TO AN OCCURRENCE POLICY FORM. THE RATING FOR SUCH COVERAGE IS BASED UPON THE INSURED'S STANDARD MATURE CLAIMS MADE RATE TIMES THE FACTOR IDENTIFIED IN THE TABLE BELOW.

YEARS RETROACTIVE DATE PRECEDES POLICY INCEPTION DATE	FACTOR
1	.75
2	1.08
3	1.18
4 OR MORE	1.25

THE APPLICABLE PREMIUM UNDER THIS PLAN SHALL BE IN ADDITION TO THE HEALTHCARE PROVIDER'S STANDARD OCCURRENCE PREMIUM AND SHALL BE PAID TO THE COMPANY OVER AN INSTALLMENT PERIOD.

IN THE EVENT THE INSURED CANCELS THE OCCURRENCE COVERAGE, WITHIN THE FIRST FIVE YEARS SUBSEQUENT TO THE ISSUANCE OF THE PRODUCT, FOR REASONS OTHER THAN NON-RENEWAL, DEATH, TOTAL AND PERMANENT

FULL TIME EQUIVALENCY RATING RULE

COVERAGE FOR A MULTI-PHYSICIAN GROUP IS AVAILABLE, AT THE COMPANY'S OPTION, ON A FULL TIME EQUIVALENT (FTE) BASIS RATHER THAN ON AN INDIVIDUAL PHYSICIAN BASIS. COVERAGE IS PROVIDED ON AN INDIVIDUAL LIMIT OR SHARED LIMIT BASIS. FULL TIME EQUIVALENCY IS BASED ON EACH PHYSICIAN'S NUMBER OF HOURS OF MEDICAL PRACTICE PER YEAR. THE DEFINITION OF ONE FTE IS BASED ON THE FOLLOWING NUMBER OF HOURS PER YEAR:

2,500	-GROUP PRACTICE
2,100	-RESIDENCY PROGRAMS

FOR GROUP PRACTICES, THE MINIMUM AVERAGE FTE ASSIGNED TO ANY INDIVIDUAL PHYSICIAN IS .05 (125 HOURS), SUBJECT TO A TOTAL FTE PER POLICY OF NO LESS THAN 1.0. TRAINING/RESIDENCY PROGRAMS (AND OTHER SIMILAR PROGRAMS) ARE NOT SUBJECT TO THE GROUP PRACTICE MINIMUMS.

THE PREMIUM DEVELOPED BY APPLYING THE APPLICABLE PER PHYSICIAN RATE TO THE CORRESPONDING FTE WILL BE ADJUSTED TO REFLECT LOSS COST CONSIDERATIONS NOT RECOGNIZED IN THE PHYSICIAN RATES.

FTE POLICIES MAY BE SUBJECT TO ELECTRONIC OR ON-SITE AUDITS. MID-TERM PREMIUM ADJUSTMENTS MAY BE APPLIED BASED UPON THE AUDIT FINDINGS FOR THE AUDIT PERIOD.

FULL TIME EQUIVALENCY RATING RULE

COVERAGE FOR A MULTI-PHYSICIAN GROUP IS AVAILABLE, AT THE COMPANY'S OPTION, ON A FULL TIME EQUIVALENT (FTE) BASIS RATHER THAN ON AN INDIVIDUAL PHYSICIAN BASIS. COVERAGE IS PROVIDED ON AN INDIVIDUAL LIMIT OR SHARED LIMIT BASIS. FULL TIME EQUIVALENCY IS BASED ON EACH PHYSICIAN'S NUMBER OF HOURS OF MEDICAL PRACTICE PER YEAR. THE DEFINITION OF ONE FTE IS BASED ON THE FOLLOWING NUMBER OF HOURS PER YEAR:

2,500	-GROUP PRACTICE
2,100	-RESIDENCY PROGRAMS

FOR GROUP PRACTICES, THE MINIMUM AVERAGE FTE ASSIGNED TO ANY INDIVIDUAL PHYSICIAN IS .05 (125 HOURS), SUBJECT TO A TOTAL FTE PER POLICY OF NO LESS THAN 1.0. TRAINING/RESIDENCY PROGRAMS (AND OTHER SIMILAR PROGRAMS) ARE NOT SUBJECT TO THE GROUP PRACTICE MINIMUMS.

THE PREMIUM DEVELOPED BY APPLYING THE APPLICABLE PER PHYSICIAN RATE TO THE CORRESPONDING FTE WILL BE ADJUSTED TO REFLECT LOSS COST CONSIDERATIONS NOT RECOGNIZED IN THE PHYSICIAN RATES.

FTE POLICIES MAY BE SUBJECT TO ELECTRONIC OR ON-SITE AUDITS. MID-TERM PREMIUM ADJUSTMENTS MAY BE APPLIED BASED UPON THE AUDIT FINDINGS FOR THE AUDIT PERIOD.

FULL TIME EQUIVALENCY RATING RULE

COVERAGE FOR AN ALLIED HEALTHCARE PROVIDER GROUP IS AVAILABLE, AT THE COMPANY'S OPTION, ON A FULL TIME EQUIVALENT (FTE) BASIS RATHER THAN ON AN INDIVIDUAL INSURED BASIS. COVERAGE IS PROVIDED ON AN INDIVIDUAL LIMIT OR SHARED LIMIT BASIS. FULL TIME EQUIVALENCY IS BASED ON EACH ALLIED HEALTHCARE PROVIDER'S NUMBER OF HOURS OF PRACTICE PER YEAR. THE DEFINITION OF ONE FTE IS BASED ON THE FOLLOWING NUMBER OF HOURS PER YEAR:

2,000	GROUP PRACTICE
1,800	TRAINING/RESIDENCY PROGRAMS

FOR GROUP PRACTICES, THE MINIMUM AVERAGE FTE ASSIGNED TO ANY INDIVIDUAL ALLIED HEALTHCARE PROVIDER IS .10 (200 HOURS), SUBJECT TO A TOTAL FTE PER POLICY OF NO LESS THAN 1.0. TRAINING/RESIDENCY PROGRAMS (AND OTHER SIMILAR PROGRAMS) ARE NOT SUBJECT TO THE GROUP PRACTICE MINIMUMS.

THE PREMIUM DEVELOPED BY APPLYING THE APPLICABLE ALLIED HEALTHCARE RATE TO THE CORRESPONDING FTE WILL BE ADJUSTED TO REFLECT LOSS COST CONSIDERATIONS NOT RECOGNIZED IN THE STANDARD RATES.

**MANUAL PAGES
FOR
COMPREHENSIVE LIABILITY COVERAGE FOR HEALTH CARE PROVIDERS**

I. APPLICATION OF MANUAL

- A. This manual specifies rules, rates, premiums, classifications and territories for the purpose of providing professional liability coverage to the following health care providers:

Section

- II. Corporations, Partnerships and Associations
- III. Physicians and Surgeons
- IV. Dentists
- V. Health Care Professionals
- VI. Health Care Facilities

- B. This manual also specifies rules, rates, premiums, classifications and territories for the purpose of providing the following optional associated coverages to health care providers:

Section

- VII. General Liability
- VIII. Managed Care Entity Liability

II. APPLICATION OF GENERAL RULES

These rules apply to all Sections of this manual. Any exceptions to these rules are contained in the respective Section or State Rate Pages.

All other rules, rates and rating plans filed on behalf of the Company and not in conflict with these pages shall continue to apply.

III. POLICY TERM

Policies will be written for a term of one year, and renewed annually thereafter, but the policy term may be extended beyond one year subject to underwriting guidelines and state limitations. Coverage may also be written for a period of time less than one year under a short term policy period.

FILED

MAR 01 2010

STATE OF ILLINOIS
DEPARTMENT OF INSURANCE
SPRINGFIELD, ILLINOIS

IV. LOCATION OF PRACTICE

The rates as shown in this manual contemplate the exposure as being derived from professional practice or activities within a single rating territory. Consideration will be given to insureds practicing in more than one rating territory and/or state.

V. PREMIUM COMPUTATION

- A. Compute the premium at policy inception using the rules, rates and rating plans in effect at that time. At each renewal, compute the premium using the rules, rates and rating plans then in effect.
- B. Premiums are calculated as specified for the respective coverage. Premium rounding will be done at each step of the computation process in accordance with the Whole Dollar Rule, as opposed to rounding the final premium.

VI. FACTORS OR MULTIPLIERS

Wherever applicable, factors or multipliers are to be applied consecutively and not added together.

VII. WHOLE DOLLAR RULE

In the event the application of any rating procedure applicable in accordance with this manual produces a result that is not a whole dollar, each rate and premium shall be adjusted as follows:

- A. any amount involving \$.50 or over shall be rounded up to the next highest whole dollar amount; and
- B. any amount involving \$.49 or less shall be rounded down to the next lowest whole dollar amount.

VIII. ADDITIONAL PREMIUM CHARGES

- A. Prorate all changes requiring additional premium.
- B. Apply the rates and rules that were in effect at the inception date of this policy period. After computing the additional premium, charge the amount applicable from the effective date of the change.
- C. The Company may waive an additional premium of \$100 or less for coverages related to Health Care Facilities. This waiver only applies to cash exchange due on an endorsement effective date.

FILED

MAR 01 2010

IX. RETURN PREMIUM FOR MID-TERM CHANGES

- A. Compute return premium at the rates used to calculate the policy premium at the inception of this policy period.
- B. Compute return premium pro rata when any coverage or exposure is deleted or an amount of insurance is reduced.
- C. Retain the Policy Minimum Premium.

X. POLICY CANCELLATIONS

- A. Compute return premium pro rata using the rules, rates and rating plans in effect at the inception of this policy period when:
 - 1. a policy is canceled at the Company's request;
 - 2. the insured no longer has a financial and an insurable interest in the property or operation that is the subject of the insurance; or
- B. If cancellation is for any other reason than stated in A. above, compute the return premium on a standard short rate basis for the one-year period.
- C. Retain the Policy Minimum Premium when the insured requests cancellation except when coverage is canceled as of the inception date.

XI. POLICY MINIMUM PREMIUM

- A. Professional Liability Coverage
 - 1. The applicable minimum premium is determined by the type of health care provider and is shown on the appropriate State Rate Pages.
 - 2. Minimum Premiums will be combined for a policy that provides coverage for more than one type of health care provider.

B. Associated Coverages

The applicable minimum premium is determined by the type of coverage and is shown on the appropriate State Rate Pages.

FILED

MAR 01 2010

XII. PREMIUM PAYMENT PLAN

The Company may, at its discretion, offer the insured various premium payment options. Specific options may be referenced in the State Rate Pages.

XIII. COVERAGE

Coverage may be provided on either an Occurrence or Claims-Made basis, unless noted otherwise in the respective section or State Rate Pages. Coverage under the policy shall be as described in the respective Insuring Agreements. The coverages will be rated under Occurrence or Standard Claims-Made, subject to availability and identified on the State Rate Pages.

XIV. BASIC LIMITS OF LIABILITY

Basic Limits of Liability shall be those shown as applicable to the respective insureds.

XV. INCREASED LIMITS OF LIABILITY

A. Individual Limits of Liability

1. Increased Limits factors shall be those shown as applicable for the respective insureds and be used to develop the applicable premium.

B. Shared Limits of Liability

1. Limits of Liability may be increased on a shared limits basis excess of an individual limit per insured.
2. The rate for the shared excess limits shall be computed in the following manner:
 - a. The rate for the individual limit of liability and the total limit of liability shall be calculated in accordance with the State Rate Pages. The total limit of liability is the sum of the individual per occurrence limit and the shared per occurrence limit.
 - b. The initial shared limits rate is the difference between the total limits rate and the individual limits rate.
 - c. The initial shared limits rate may be modified subject to the restrictions identified on the State Rate Pages, based on the following objective considerations:
 - i. The number and distribution by classification of insureds.

FILED

MAR 01 2010

- ii. The amount of the shared limit and its relationship to the size and distribution of the group.
 - iii. The amount of the individual limit (attachment point) underlying the shared limit.
- 3. The minimum individual limit over which a shared excess limit may be provided is identified on the State Rate Pages.
 - 4. Requests for total limits of liability (the sum of the individual per health care occurrence limit and the shared excess per health care occurrence limit) that exceed the maximum limit of liability identified on the State Rate Pages shall be referred to the Company and (a) rated.

XVI. PRIOR ACTS COVERAGE

The policy shall be extended to provide prior acts coverage in accordance with the applicable retroactive date(s). The retroactive date can be advanced only at the request or with the written acknowledgment of the insured.

XVII. EXTENDED REPORTING PERIOD COVERAGE (Claims-Made Coverage only)

The availability of Extended Reporting Period Coverage shall be governed by the terms and conditions of the policy and the following rules:

- A. The retroactive date of coverage will determine the years of prior exposure for Extended Reporting Period Coverage.
- B. The Limits of Liability may not exceed those afforded under the terminating policy, unless otherwise required by statute or regulation.
- C. Premium must be paid, in accordance with state statutes, promptly when due.
- D. For exposures rated in Section VI – Healthcare Facilities, Section VII – General Liability or Section VIII – Managed Care Entity Liability, the premium for the Extended Reporting Period Coverage shall be determined by applying the Extended Reporting Period Coverage rating factors shown on the State Rate Pages to the standard mature claims made rate, applicable to the expiring policy, and subject to Experience, Part Time and Schedule Rating Modifications.
- E. For exposures rated in Section III – Physicians & Surgeons, Section IV – Dentists or Section V – Healthcare Professionals, the premium for the Extended Reporting Period Coverage shall be determined by applying the Extended Reporting Period Coverage rating factors shown on the State Rate Pages to the standard mature claims

made rate, applicable to the expiring policy, and subject to Part Time, Non - Discretionary Debit and Schedule Rating Modifications. Deductible Credits may or may not apply to a groups Extension Contract, at the Insureds option.

- F. For exposures rated in Section III – Physicians & Surgeons, Section IV – Dentists or Section V – Healthcare Professionals the Partnership / Corporation Extension Contract Rating shall be based on the number of shareholders, partners and independent contractors at the inception date of the most recent policy.

XVIII. LARGE GROUP PRACTICE

- A. Physicians organized in a Large Group practice may be collectively rated.
- B. For the purpose of this rule a Large Group is defined as any collective decision making group / body of insureds who may be owners of, employed by or under contract with a specific and distinct corporation, partnership or association. A Large Group will generally have 25 or more physicians and will have characteristics of operation similar to other large commercial ventures, CEO, CFO, Board of Directors, Business Manager, etc.
- C. The premium for a Group will be determined by multiplying the group's manual premium by any credits or debits assigned to the Group under the Schedule Rating Plan, Deductible Credit Rule, or Self Insured Retention Credit Rule. The group's manual premium will equal the sum of the individual manual premium for each scheduled insured covered under the policy. The individual manual premium will equal the filed rate for the scheduled insured minus any applicable Part Time, Risk Management, or Leave of Absence credits. However, once the premium for the Group has been established, the Company may allocate that premium among the scheduled insureds based upon applicable underwriting criteria.
- D. Locum Tenens Group Coverage is available under the Large Group Rating plan, when the criteria are met for Large Group Rating.
- E. For Individual insureds within the group, Extension Contract Rating premium is calculated by multiplying the mature allocated premium times the applicable claims made tail factor.
- F. Refer to the State Rate Pages for availability.

FILED

MAR 01 2010

XIX. SMALL GROUP PRACTICE

Any group practice consisting of two or more healthcare providers may be collectively rated. (“Group Practice” shall mean a group or body of insureds who make a collective buying decision to purchase insurance as the owners, employees, or agents of a specific and distinct corporation, partnership, or association.)

1. The premium for the group will be determined by multiplying the “Group’s Net Premium” by any credits or debits assigned to the group under the Schedule Rating Plan or Deductible Credit Rule, after factoring in any commission fee or other expense variations associated with the group. (The Company will negotiate an appropriate commission with the insured’s agent based upon the Group’s size and the amount of work to be performed by the agent. Upon request, the company will write the group on a net of commission basis if the group has negotiated a separate free agreement with its agent.)

The “Group’s net premium” will equal the sum of the “individual net premiums” for each individual or entity receiving separate limits of liability.

The “Individual net premiums” will equal the filed rate for the insured after being adjusted for any applicable non-discretionary debits or credits. However, once the premium for the group has been established, the company may allocate that premium among the individual insureds based upon applicable underwriting criteria.

For Individual insureds within the group, the extension contract premium will be calculated per the filed Extension Contract Rating Rule.

2. Refer to the applicable State Rate Page for availability.

XX. MEMBERSHIP IN QUALIFIED ASSOCIATIONS

1. The unique characteristics of medical/dental practices and their membership in qualified professional associations shall make them eligible for premium modifications in addition to those available to all other groups.
2. Members of a qualified medical/dental group professional association shall be eligible for additional premium modifications.
 - A. Membership Credit
 1. A premium credit, identified on the State Rate Pages, shall be given to those insureds whose group is a member of a qualified association.
 2. A Qualified Association may include State Medical or Dental Societies.

FILED

B. Renewal Rate Rule

1. If the group practice generates a manual premium in excess the amount identified in the State Rate Pages, the Company may, in consideration of the underlying risk, hold the next renewal rate(s) for the individual policyholder(s) constant, subject to underwriting approval. However, changes in classification, limits of liability, claims-made step, claim free credit and non-discretionary credits will be applied in the usual manner.
2. Only one consecutive renewal may receive application of this rule. The group practice may again qualify for this rule after the payment of one renewal premium based upon currently filed rates.

**MANUAL PAGES
FOR
COMPREHENSIVE LIABILITY COVERAGE FOR HEALTH CARE PROVIDERS**

I. APPLICATION OF MANUAL

- A. This section provides rules, rates, premiums, classifications and territories for the purpose of providing Professional Liability for the following Health Care Entities:
1. Professional Corporations, Partnerships and Associations
 2. Miscellaneous Entities
- B. For the purpose of these rules, an entity consists of physicians, dentists and/or allied health care providers rendering outpatient care who:
1. are organized as a legal entity;
 2. maintain common facilities (including multiple locations) and support personnel; and
 3. maintain medical/dental records of patients of the group as a historical record of patient care.
- C. Any exceptions to these rules are contained in the respective State Rate Pages.

II. BASIC LIMITS OF LIABILITY

Basic Limits of Liability for Professional Liability Coverage under this program shall be as follows, unless otherwise modified by statute:

- A. Occurrence Coverage
- \$100,000 Each Health Care Occurrence
\$300,000 Aggregate
- B. Claims-Made Coverage
- \$100,000 Each Health Care Occurrence
\$300,000 Aggregate

III. PREMIUM COMPUTATION

- A. The premium for professional corporations, partnerships and associations shall be computed in the following manner:
1. The premium will be based on the number of years that the retroactive date (if claims made) of the partnership or professional corporation coverage precedes the policy inception date. At this maturity level, the premium will equal the product of the sum of the individual manual rates (or premium per FTE/OPV rated policy) of the partners, shareholders and employed/contracted physicians/dentists/allied health care providers, insured by the Company, at the limits selected for the partnership or corporation times the partnership/corporation rating factor indicated on the State Rate Pages.
 2. Irrespective of the number of individuals, the maximum premium will be based on the five highest rated classifications, subject to any modifications presented on the State Rate Pages.
 3. Limits of coverage for the partnership or corporation may not exceed the lowest limits of coverage of any of the insured partners, shareholders or employed physicians/contracted physicians/dentists/allied health care providers, unless unique circumstances are identified and underwriting guidelines are met.
 4. The premium for professional corporations, partnerships and associations may be subject to premium caps or flat rates as indicated on the State Rate Pages and may be reduced or eliminated as part of credits provided to multi-physician practices.
 5. The premium otherwise determined for the partnership or corporation may be discounted should the insured elect to exclude the vicarious liability associated with the partners', shareholders' and employed/contracted physicians' professional services. Refer to the State Rate pages for the available credit.
- B. A professional corporation or association may be made an additional insured on a solo provider's individual policy or FTE/OPV rated policy at no additional charge, subject to underwriting guidelines. This addition will not operate to provide additional limits of liability per health care occurrence or annual aggregate beyond the stated limits of the individual policy, unless otherwise required by statute.
- C. The premium for other entities shall be referred to the Home Office for the determination of premium and filing with the state insurance department.

FILED

IV. CLASSIFICATIONS

A. Corporations, Partnerships and Associations

1. As defined by state statutes and formed for the purpose of rendering specified medical/dental professional services.
2. Not otherwise identified as a Miscellaneous Entity.

B. Miscellaneous Entities

1. As defined by state statutes and formed for the purpose of rendering specified medical/dental professional services.
2. Including the following types of entities:
 - a. Urgicare Center
 - b. Surgi Center
 - c. MRI Center
 - d. Renal Dialysis Center
 - e. Peritoneal Dialysis Center
 - f. Home Health Agency
 - g. Nursing Home
 - h. Physical Fitness Center

V. PREMIUM MODIFICATIONS

The following premium modifications are applicable to all filed programs unless stated otherwise in the rule or on the State Rate Pages.

A. Schedule Rating

The Company shall utilize a schedule of modifications to determine appropriate premiums for certain insureds, or groups of insureds, who in the opinion of the Company, uniquely qualify for such modifications because of factors not contemplated in the filed rate structure of the Company.

The premium for a risk may be modified in accordance with a maximum modification indicated on the State Rate Pages, and may be applied to recognize risk characteristics that are not reflected in the otherwise applicable premium. All modifications applied under this schedule rating plan are subject to periodic review. The modification shall be based on one or more of the specific considerations identified on the State Rate Pages.

I. APPLICATION OF MANUAL

- A. This section provides rules, rates, premiums, classifications and territories for the purpose of providing Professional Liability for Dentists.
- B. Any exceptions to these rules are contained in the respective State Rate Pages.

II. BASIC LIMITS OF LIABILITY

Basic Limits of Liability for Professional Liability Coverage under this program shall be as follows, unless otherwise modified by statute:

- A. Occurrence Coverage
 - \$100,000 Each Health Care Occurrence
 - \$300,000 Aggregate
- B. Claims-Made Coverage
 - \$100,000 Each Health Care Occurrence
 - \$300,000 Aggregate

III. PREMIUM COMPUTATION

The premium shall be computed by applying the rate per dentist, shown on the State Rate Pages, in accordance with each dentist's classification and class plan designation.

IV. CLASSIFICATIONS

- A. Dentists
 - 1. Each dental practitioner is assigned a classification code according to their specialty. When more than one classification is applicable, the highest rate classification shall apply.
 - 2. The classification codes will be contained on the State Rate Pages.

FILED

MAR 01 2010

B. Part Time Dentists

1. Any insured who is determined not to be working on a full time basis will be considered a part time practitioner and will be eligible for a reduction in the otherwise applicable rate for that specialty. The criteria and commensurate credit for a part time practitioner is identified on the State Rate Pages.
2. A Part Time Practitioner may include any classification identified in the class plan as well as those practitioners who are moonlighting or teaching. The hours reported to the Company for rating purposes are subject to audit, at the Company's discretion.
3. The part time credit is not applied to the Extended Reporting Period Coverage rating unless the part time practice did not exceed a specified number of hours/year over the previous five consecutive policy years with the Company or if the insured was part time for the entire retroactive period. The average number of hours in practice per week during the previous five policy years will determine the applicable credit. Refer to the State Rate Pages for the specific criteria.
4. No other credits are to apply concurrent with this rule except risk management, membership association credits and/or schedule rating modifications.

C. Dentists in Training

1. Coverage is available for activities directly related to a dentist's training program. The coverage will not apply to any professional services rendered after the training is complete.
 - a. Dental students are eligible for a reduction in the otherwise applicable dentist rate for coverage valid only for activities directly related to an accredited training program. Refer to the Company to determine the applicable credit.
2. Coverage is available for insureds moonlighting activities while in a residency or fellowship program conducted thru any dental school or hospital.
 - a. A credit will apply to the insureds premium pursuant to the Company's guidelines for acceptance.
 - b. No other credits may apply with this rule.
 - c. Refer to the State Rate Pages for the applicable credit.

FILED

MAR 01 2010

3. Coverage is available to dental students for activities directly related to their licensing.
 - a. Coverage is available to dental students, on a short-term basis, for services rendered by the student during a dental externship prior to graduation and/or during the dental board exam pursuant to the student's professional licensing.
 - b. The coverage for dental students will be provided on an occurrence basis. The limits and premium are identified on the State Rate Pages, and are not subject to the minimum premium rule. The premium shall be applied to the insured's first annual policy if coverage is purchased within one year of the successful completion of the dental board exam.
4. Restricted Coverage is available for Dental Students and Residents. No other credits, debits or minimum premium rules shall apply with this rating program except for Schedule Rating Modifications. Refer to the State Rate Pages for the appropriate premium.

D. Locum Tenens Dentists

1. Coverage for a dentist substituting for an insured dentist will be limited to cover only professional services rendered on behalf of the insured dentist for the specified time period. Locum Tenens will share in the insured dentist's Limit of Liability. No additional charge will apply for this coverage.
2. The locum tenens dentist must complete an application and submit it to the Company in advance for approval prior to the requested effective date of coverage.

E. New Dentist

1. A "new" dentist shall be a dentist who has recently completed one of the following programs and will begin a full time practice for the first time:
 - a. Residency;
 - b. Fellowship program in their dental specialty;
 - c. Fulfillment of a military obligation in remuneration for dental school tuition;
 - d. Dental school or specialty training program.

2. To qualify for the 1st year credit, the applicant will be required to apply for a reduced rate within six months after the completion of any of the above programs.
3. A reduced rate will be applied in accordance with the credits shown on the State Rate Pages.

F. New to Company Dentists

1. An insured may be eligible for a New to Company credit pursuant to the following guidelines:
 - i. Never insured with the Company, or
 - ii. Previously insured with the Company more than 3 years ago.
2. Credits shall apply to the insureds first, second and third year consecutive years of coverage. All other credits will apply to the reduced rate.
3. This credit is not subject to the Aggregate Credit Rule and subject to underwriting guidelines. Only one request for this three year credit program will be granted to an eligible insured during any period of time insured by the company.
4. Please refer to the state rate pages for availability and the appropriate credit for this program.

G. Dentist Teaching Specialists

1. Coverage is available for faculty members of an accredited training program. The coverage will not apply to any professional services rendered in the insured's private practice.
 - a. Faculty members are eligible for a reduction in the otherwise applicable dentist rate for coverage valid only for teaching activities related to an accredited training program. Refer to the Company to determine the applicable credit.
2. Coverage is available for the private practice of a dentist teaching specialist. The coverage will not apply to any aspect of the insured's teaching activities.
 - a. The premium will be based upon the otherwise applicable dentist rate and the average number of hours per week devoted to teaching activities.

FILED

- b. The hours reported to the Company for rating purposes are subject to audit, at the Company's discretion.
- c. No other credits are to apply concurrent with this rule except risk management and membership credits.
- d. The applicable percentages are presented on the State Rate Pages.

H. Dentist's Leave of Absence

1. A dentist who is on a leave of absence for a continuous period of 45 days or more may be eligible for restricted coverage at a discount of the applicable rate for the period of the leave of absence. This will apply retroactively to the first day of the leave of absence, if reported to the company within 30 days. Only one application of this credit may be applied to an annual policy period. Leave of absence may include the following:
 - The birth of insureds newborn, placement of foster children or insured adopts a child, provided the leave is completed within 12 months of the birth, placement or adoption.
 - To care for a spouse, child or parent who has a serious health condition.
 - To care for insureds own health condition which prevents insured from working.
 - Time to enhance the insureds education or other reason while not practicing.

This credit is not available to an insureds leave of absence for vacation purposes. The Minimum Premium Rating Rule applies to insureds eligible for the Leave of Absence Credit.

2. The credit to be applied to the applicable rate is presented on the State Rate Pages.

FILED

I. Dentist Military Leave of Absence

A Dentist who is on a military leave of absence may be eligible for restricted coverage at a discount of 100% of the applicable rate for the period of the leave of absence. This will apply retroactively to the first day of the leave of absence.

The Minimum Premium Rating Rule does not apply to insureds that are eligible for the Military Leave of Absence Credit.

V. PREMIUM MODIFICATIONS

The following premium modifications are applicable to all filed programs unless stated otherwise in the rule or on the State Rate Pages.

A. Schedule Rating

The Company shall utilize a schedule of modifications to determine appropriate premiums for certain insureds, or groups of insureds, who in the opinion of the Company, uniquely qualify for such modifications because of factors not contemplated in the filed rate structure of the Company.

The premium for a policy may be modified in accordance with a maximum modification indicated on the State Rate Pages, and may be applied to recognize risk characteristics that are not reflected in the otherwise applicable premium. All modifications applied under this schedule rating plan are subject to periodic review. The modification shall be based on one or more of the specific considerations identified on the State Rate Pages.

B. Risk Management

The insured will receive a premium credit for up to 3 years, for a Risk Management course approved for by the Company. Refer to the State Rate Pages for the limitations, schedule & value of the credits.

Additionally, the insured will receive an additional credit for three years for the proper use of an electronic health record system within their practice. The credit will be provided for programs meeting the criteria of The Medical Protective Company and issued at the beginning of the next policy period contingent upon receipt of the required documentation of system capabilities and practice usage. Refer to the State Rate Pages for the limitations, schedule & value of the credits.

FILED

C. Claim Free Credits

1. If no claim has been attributed to an insured, the insured will be eligible for a premium credit on the schedule provided on the State Rate Pages.
 - a. A claim under this policy shall not, for the purpose of this premium credit program, be construed to include instances of mistaken identity, blanket defendant listings, improper inclusion, or non-meritorious or frivolous claims.
 - b. Insureds converting coverage to The Medical Protective Company, shall qualify for credit at the policy inception date in accordance with the Company's guidelines.

D. Deductible/Self-Insured Retention Credits

1. Deductibles
 - a. Credits shall be available, subject to underwriting guidelines.
 - b. The deductibles shall apply to the indemnity or the indemnity and allocated loss expense portion of each loss unless otherwise modified by statute.
 - c. Deductibles can only be revised at policy renewal.
 - d. The deductible credits shall apply to the primary limits premium, net of other applicable credits, identified on the State Rate Pages.
 - i. The credits are expressed as a function of the per health care occurrence or per insured deductible limit.
 - ii. The insured may select an aggregate deductible limit in accordance with underwriting guidelines.
 - iii. The maximum premium credit is limited to 85% of the aggregate deductible limit.
2. Self-Insured Retentions
 - a. SIR's shall be offered to qualified insureds.
 - b. The SIR's shall apply to the indemnity and allocated loss expense portion of each loss unless otherwise modified by statute.

- c. SIR's can only be revised at policy renewal.
- d. The SIR credits shall apply to the primary limits premium, net of other applicable credits, identified on the State Rate Pages.
 - i. The credits are expressed as a function of the per health care occurrence and aggregate SIR limit.
 - ii. The insured may select an aggregate limit in accordance with underwriting guidelines.
 - iii. The maximum premium credit is limited to 75% of the aggregate SIR limit.

E. Experience Rating

1. A group practice, consisting of a specified number of insureds, may receive a credit/debit based on the claim history. The claim history will be evaluated over a minimum period of five years and a maximum period of ten years. Criteria used to determine the application of such credits/debits shall include:
 - a. Premiums paid
 - b. Number of claims
 - c. Incurred losses
 - d. Paid losses
 - e. Projected incurred but not reported losses
 - f. Cause of such losses
 - g. Nature of practice
2. Such credits/debits shall apply on a one year basis and will be subject to annual review. Refer to the State Rate Pages for the minimum number of insureds requirement and the applicable percentage credit/debit.

F. Non-Discretionary Debit Plan

For any insured who is not eligible for a credit under the Company's claim/loss free credit rule, points will be assigned for each claim, pursuant to Schedule A, found in the State Rate Pages, for the following:

- Pending against the insured at the beginning of the current policy period; or
- Paid on the insured's behalf during the past 5 years; or
- Closed with no payment during the past 5 years.

For providers who have been practicing for less than five complete years from their initial dental school graduation date, the total assigned claim points (as calculated from Schedule A) will be multiplied by the applicable factor set forth in the following schedule:

Years Between Effective Date of Coverage and Graduation Date	Factor
Less than 2 years	5.00
At least 2 years but less than 3 years	2.50
At least 3 years but less than 4 years	1.666
At least 4 years but less than 5 years	1.25
5 years or more	No factor applied

Insureds with less than one year of experience shall be assumed to have one year of experience. Insureds converting coverage to The Medical Protective Company who have pending claims or claims paid on their behalf within the past five years, will be assigned points in accordance with Company guidelines.

A debit shall then be applied to the insured's policy based upon Schedule B, found in the State Rate Pages.

For the purpose of this rule, a "claim" shall not include instances of mistaken identity, blanket defendant listings, improper inclusion, or non-meritorious or frivolous claims.

Any debit required under this rule shall be additive with any other debits or credits applicable under the Company's rating manual.

This non-discretionary debit plan shall only apply to providers who meet the Company's guidelines for acceptance, and the company retains the right to refuse to insure any insured or applicant based upon the qualitative nature of any claims made against that individual or entity. As a result, the fact that this rule provides (or does not provide) a debit for claims experience is not an indication that there is a rate available for any particular insured or applicant.

G. Small Group Rating Rule

Any group practice consisting of two or more dentists may be collectively rated. ("Group Practice" shall mean a group or body of insureds who make a collective buying decision to purchase insurance as the owners, employees, or agents of a specific and distinct corporation, partnership, or association.)

1. The premium for the group will be determined by multiplying the "Groups Net Premium" by any credits or debits assigned to the group under the Schedule Rating Plan or Deductible Credit Rule, after factoring in any commission fee or other expense variations associated with the group. (The Company will negotiate an appropriate commission with the insured's agent based upon the Group's size and the amount of work to be performed by the agent. Upon request, the company will write the group on a net of commission basis if the group has negotiated a separate free agreement with its agent.)
2. The "Group's net premium" will equal the sum of the "individual net premiums" for each individual or entity receiving separate limits of liability.
3. The "Individual net premiums" will equal the filed rate for the insured after being adjusted for any applicable non-discretionary debits or credits. However, once the premium for the group has been established, the company may allocate that premium among the individual insureds based upon applicable underwriting criteria.
4. For Individual insured's within the group, the extension contract premium will be calculated per the filed Extension Contract Rating Rule.
5. Refer to the applicable State Rate Page for availability.

H. Botulinum Toxin and Dermal Fillers Rating Rule.

1. A debit shall apply in addition to the existing filed rate and in recognition of the unique risk characteristics of Dentists, or groups of Dentists, who administer Botulinum Toxin and Dermal Filler procedures
2. The following outlines the debit category which applies to specific dental specialists that perform Botulinum Toxin and Dermal Fillers procedures:

Debit A: General Dentists, Orthodontists, Pediatric Dentists,
Periodontists, Prosthodontists, Endodontists, or Host Dentists
unless classified under debit B & C.

FILED

Debit B: Any dentists performing Minor Surgical Procedures or Implants and oral pathologists.

Debit C: Any dentist performing major surgical procedures.

3. Approval for participation in this rating rule is subject to underwriting guidelines.
4. Refer to the applicable state rate page for availability.

I. Dental Facility Classification Plan

1. A debit shall apply in addition to the existing filed rate for insureds, or groups of insureds, who practice in or with dental facilities as such non-standard dental practices which are not contemplated in the filed rate structure.
2. Placement into the Dental Facility Classification plan will be determined by the company's underwriting rules and guidelines.
3. Refer to the applicable state rate pages for availability.

VI. MODIFIED PREMIUM COMPUTATION

A. Convertible Coverage Rating Plan

1. Insureds shall be provided the option, subject to underwriting guidelines, to convert from Standard Claims Made to Occurrence coverage. The insured shall be eligible for conversion after the following conditions have been met:
 - a. Payment to the Company of the applicable premium for a minimum of three annual claims made policies.
 - b. Achieve three years of continuous claims made coverage under this plan with no claims attributed to the insured. (A claim shall be a culpable loss. A claim under this plan shall not be construed to include instances of mistaken identity, blanket defendant listings, improper inclusion, or non-meritorious or frivolous claims.)
2. At the time the aforementioned conditions are met, and the insured has purchased Occurrence coverage, the Company will issue Extended Reporting Period Coverage, covering professional services subsequent to the retroactive date and prior to the expiration of the claims made policy, and will waive any premium that would normally be due for such extension.

FILED

3. Should the insured be unable to meet the conditions for conversion, the insured may elect to purchase the Extended Reporting Period Coverage, subject to policy provisions. Refer to the Extended Reporting Period Rule to determine the applicable premium.
4. The applicable premium under this plan is presented on the State Rate Pages.
5. No other modifications are to apply concurrent with this rule except Membership Association, Risk Management, New to Company and Schedule Rating modifications.

B. Slot Rating

1. Coverage for group practices is available, at the Company's option, on a slot basis rather than on an individual dentist basis. The slot endorsement will identify the individuals and practice settings that are covered. Coverage will be provided on a shared limit basis for those insureds moving through the slot or position.
2. The applicable manual rate will be determined by the classification of the slot. Policies rated as a Standard Claims Made policy will utilize the retroactive date of the slot. Extended Reporting Period Coverage may be purchased for the slot based on the applicable retroactive date, classification and limits.
3. Premium modifications for new dentist, part time, moonlighting, teaching, risk management or claim free credit cannot be used in conjunction with this rating rule.

FILED

MAR 01 2010

C. Full-Time Equivalency Rating

1. Occurrence or Standard Claims-Made coverage for group practices is available, at the Company's option, on a full time equivalent (FTE) basis rather than on an individual dentist basis. Coverage is provided on a shared or individual limit basis. Full time equivalency is based on each dentist's number of hours of dental practice per year. The definition of one FTE is based on the following number of hours per year:

2,500 - Group Practice
 1,800 - Residency Programs

2. For group practices, the minimum average FTE assigned to individual dentists is .05 (125 hours), subject to a total FTE per policy of no less than 1.0. Training/Residency programs (and other similar programs) are not subject to the group practice minimums.
3. The premium developed by applying the applicable per dentist rate to the corresponding FTE will be adjusted to reflect loss cost considerations not recognized in the dental rates. This adjustment will not apply to residency programs since the individual policies generally represent less than one FTE.
4. FTE policies may be subject to electronic or on-site audits. Mid-term premium adjustments may be applied based upon the audit findings for the audit period.
5. The following table identifies the applicable premium modification per the number of FTE's in the policy for a shared limit:

<u>FTE*</u> <u>Per Policy</u>	<u>Premium</u> <u>Modification</u>	<u>FTE*</u> <u>Per Policy</u>	<u>Premium</u> <u>Modification</u>
1	+10.0%	11	-14.0%
2	-3.0%	12	-16.0%
3	-4.0%	13	-17.0%
4	-5.0%	14	-18.0%
5	-7.0%	15	-20.0%
6	-8.0%	16	-21.0%
7	-9.0%	17	-22.0%
8	-11.0%	18	-23.0%
9	-12.0%	19	-24.0%
10	-13.0%	20+	-25.0%

* The table value is determined by rounding the actual FTE per policy using the .5 rounding rule. Policies with an FTE of 1 will receive the

6. Premium modifications for new to practice, part time, claim free credit or risk management credit cannot be used in conjunction with this rating rule.

D. Out-Patient Visit Rating

1. Occurrence or Standard Claims-Made coverage for group practices is available at the Company's option, on an out-patient visit (OPV) basis rather than on an individual dentist basis. Coverage is provided on a shared or individual dentist limit basis.
2. The number of out-patient visits equivalent to a dentist year is 2,500 hours times the applicable rate of visits per hour. The rate of visits per hour is derived from the group's historical experience, subject to a minimum rate of 1 visit per hour and a maximum rate of 3 visits per hour.
3. The applicable dental specialty rate is divided by the equivalent out-patient visits resulting in the out-patient visit rate to be applied to the visits projected for the policy period. The product of the OPV rate and the projected visits results in the indicated manual premium.
4. The annual visits reported to the Company for rating purposes are subject to audit, at the Company's discretion.
5. Premium modifications for new dentist, part time, moonlighting, teaching, claim free credit, or other similar credit cannot be used in conjunction with this rating rule.

E. Requirements for Waiver of Premium for Extended Reporting Period Coverage for Standard Claims Made Program.

1. Upon termination of coverage under this policy by reason of death, the deceased's unearned premium for this coverage will be returned and Extended Reporting Period Coverage will be granted for no additional charge, subject to policy provisions.
2. Upon termination of coverage under this policy by reason of disability or retirement by the insured, Extended Reporting Period Coverage will be granted for no additional charge, subject to policy provisions.

FILED

MAR 01 2010

3. The Company may agree to waive the standard requirements for qualifying for a free extended reporting period endorsement at retirement if the insured meets the following criteria.
 - a. The insured is a member of a group practice that is insured on a claims-made basis with the Company.
 - b. The group requested the waiver for an insured who anticipates permanently retiring from the practice of medicine in less than one year and/or will not attain the required number of years of continuous claims-made coverage at the time of retirement.
 - c. The Company approved the group's request for the waiver after determining the insured had limited prior acts exposure.
 - d. The total number of insureds, within a group practice that may qualify for this waiver may not exceed a ratio of 1 in 3.
 - e. The insured otherwise meets the requirements as set forth in the policy for a free extension contract.
 - f. Refer to the State Rate Pages for availability.

F. Deferred Premium Payment Plan.

1. The Company will, subject to applicable guidelines, offer the insured various premium payment options. The deferred premium payment plan requires a down payment to be paid on or before the inception/renewal date of the policy. The balance of the premium will be payable in periodic installments. Other fees may apply.

G. Aggregate Credit Rule.

1. The application of all approved credits contained in this rating manual shall not exceed the amount identified in the State Rate Pages for any one insured.

This rule does not apply to Part Time Practice, Leave of Absence, Military Leave of Absence, Risk Management, New to Company, New to Practice, Membership Association, Moonlighting or Deductible Credits.

9. **Schedule Rating**
(Occurrence & Standard Claims Made Programs)

Consideration(s)	Description	Range
1. Historical Loss Experience	The frequency or severity of claims for the insured(s) is greater/less than the expected experience for an insured(s) of the same classification/size or recognition of unusual circumstances of claims in the loss experience.	-20% to +20%
2. Cumulative Years of Patient Experience.	The insured(s) demonstrates a stable, longstanding practice and/or significant degree of experience in their current area of medicine.	-5% to +5%
3. Classification Anomalies.	Characteristics of a particular insured that differentiate the insured from other members of the same class, or recognition of recent developments within a classification or jurisdiction that are anticipated to impact future loss experience.	-15% to +15%
4. Claim Anomalies	Economic, societal or jurisdictional changes or trends that will influence the frequency or severity of claims, or the unusual circumstances of a claim(s) which understate/overstate the severity of the claim(s).	-10% to +10%
5. Management Control Procedures.	Specific operational activities undertaken by the insured to reduce the frequency and/or severity of claims.	-5% to +5%
6. Number / Type of Patient Exposures.	Size and/or demographics of the patient population which influences the frequency and/or severity of claims.	-5% to +5%
7. Organizational Size / Structure.	The organization's size and processes are such that economies of scale are achieved while servicing the insured.	-5% to +5%
8. Healthcare Standards, Quality & Claim Review.	Presence of (1) committees that meet on a routine basis to review medical procedures, treatments, and protocols and then assist in the integration of such into the practice, (2) Committees that meet to assure the quality of the health care services being rendered and/or (3) Committees to provide consistent review of claims/incidents that have occurred and to develop corrective action.	-5% to +5%
9. Other Risk Management Practices and Procedures.	Additional activities undertaken with the specific intention of reducing the frequency or severity of claims.	-5% to +5%
10. Training, Accreditation & Credentialing.	The insured(s) exhibits greater/less than normal participation and support of such activities.	-5% to +5%
11. Record – Keeping Practices.	Degree to which insured incorporates methods to maintain quality patient records, referrals, and test results.	-5% to +5%
12. Utilization of Monitoring Equipment, Diagnostic Tests or Procedures.	Demonstrating the willingness to expend the time and capital to incorporate the latest advances in medical treatments and equipment into the practice, or failure to meet accepted standards of care.	-10% to +10%
Maximum Modification -50% / +50%		

The aforementioned modifications contemplate the standard allowance for expenses and are subject to the maximum modification referenced above. If the expenses are less than standard, an additional modification may be made to reflect this reduction.

**MANUAL PAGES
FOR
COMPREHENSIVE LIABILITY COVERAGE FOR HEALTH CARE PROVIDERS**

I. APPLICATION OF MANUAL

- A. This section provides rules, rates, premiums, classifications and territories for the purpose of providing Professional Liability for Allied Health Care Providers.
- B. Any exceptions to these rules are contained in the respective State Rate Pages.

II. BASIC LIMITS OF LIABILITY

Basic Limits of Liability for Professional Liability Coverage under this program shall be as follows, unless otherwise modified by statute:

- A. Occurrence Coverage
 - \$100,000 Each Health Care Occurrence
 - \$300,000 Aggregate
- B. Claims-Made Coverage
 - \$100,000 Each Health Care Occurrence
 - \$300,000 Aggregate

III. PREMIUM COMPUTATION

The premium shall be computed by applying the rate per provider, shown on the State Rate Pages, in accordance with each provider's classification and class plan designation.

IV. CLASSIFICATIONS

- A. Allied Health Care Providers
 - 1. Each provider is assigned a classification code according to their specialty. When more than one classification is applicable, the highest rate classification shall apply.
 - 2. The classification codes will be contained on the State Rate Pages.

FILED

MAR 01 2010

B. Part Time Allied Health Care Providers

1. Any insured who is determined not to be working on a full time basis will be considered a part time practitioner and will be eligible for a reduction in the otherwise applicable rate for that specialty. The criteria and commensurate credit for a part time practitioner is identified on the State Rate Pages.
2. The hours reported to the Company for rating purposes are subject to audit, at the Company's discretion.
3. The part time credit is not applied to the Extended Reporting Period Coverage rating unless the part time practice did not exceed a specified number of hours/year over the previous five consecutive policy years with the Company or if the insured was part time for the entire retroactive period. The average number of hours in practice per week during the previous five policy years will determine the applicable credit. Refer to the State Rate Pages for the specific criteria.
4. No other credits are to apply concurrent with this rule except risk management credit and/or schedule rating modifications.

C. Dental Hygienist Training

1. Coverage is available for activities directly related to a hygienist's training program. The coverage will not apply to any professional services rendered after the training is complete.
2. Coverage is available to students for activities directly related to their licensing.
 - a. Coverage is available to students, on a short-term basis, for services rendered by the student during a dental hygiene externship prior to graduation and/or during the dental hygiene board exam pursuant to the student's professional licensing.
 - b. The coverage for students will be provided on an occurrence basis. The limits and premium are identified on the State Rate Pages. The premium shall be applied to the insured's first annual policy if coverage is purchased within one year of the successful completion of the dental hygiene board exam.

D. Locum Tenens Allied Health Care Providers substituting for MPCo Insureds

1. Coverage for an allied health care provider substituting for an insured allied health care provider will be limited to cover only professional services rendered on behalf of the insured allied health care provider for the specified time period. Locum Tenens will share in the insured allied health care provider's Limit of Liability. No additional charge will apply for this coverage.
2. The locum tenens allied health care provider must complete an application and submit it to the Company in advance for approval prior to the requested effective date of coverage.

E. Temporary Staffing Agency Coverage

1. Coverage for Temporary Staffing Agencies is available to organizations that provide healthcare provider staffing services to healthcare facilities (hospitals, clinics, nursing homes, etc).
2. Pricing is based upon the number of hours worked by the provider.
3. No additional premium modifications may apply with this rating, except Schedule Rating modifications.
4. Refer to the State Rate Pages for the rates associated with this coverage.

F. Allied Health Care Provider's Leave of Absence

1. An Allied Healthcare Provider who is on a leave of absence for a continuous period of 45 days or more may be eligible for restricted coverage at a discount of the applicable rate for the period of the leave of absence. This will apply retroactively to the first day of the leave of absence, if reported to the company within 30 days. Only one application of this credit may be applied to an annual policy period. Leave of absence may include the following:
 - The birth of insureds newborn, placement of foster children or insured adopts a child, provided the leave is completed within 12 months of the birth, placement or adoption.
 - To care for a spouse, child or parent who has a serious health condition.
 - To care for insureds own health condition which prevents insured from working.

FILED

- Time to enhance the insureds education or other reason while not practicing.

This credit is not available to an insureds leave of absence for vacation purposes. The Minimum Premium Rating Rule applies to insureds eligible for the Leave of Absence Credit.

2. The credit to be applied to the applicable rate is presented on the State Rate Pages.

G. Allied Healthcare Providers Military Leave of Absence.

A Provider who is on a military leave of absence may be eligible for restricted coverage at a discount of 100% of the applicable rate for the period of the leave of absence. This will apply retroactively to the first day of the leave of absence.

The Minimum Premium Rating Rule does not apply to insureds that are eligible for the Military Leave of Absence Credit.

V. PREMIUM MODIFICATIONS

The following premium modifications are applicable to all filed programs unless stated otherwise in the rule or on the State Rate Pages.

A. Schedule Rating

The Company shall utilize a schedule of modifications to determine appropriate premiums for certain insureds, or groups of insureds, who in the opinion of the Company, uniquely qualify for such modifications because of factors not contemplated in the filed rate structure of the Company.

The premium for a risk may be modified in accordance with a maximum modification indicated on the State Rate Pages, and may be applied to recognize risk characteristics that are not reflected in the otherwise applicable premium. All modifications applied under this schedule rating plan are subject to periodic review.

The modification shall be based on one or more of the specific considerations identified on the State Rate Pages.

B. Risk Management

The insured will receive a premium credit for up to 3 years, for a Risk Management course approved for by the Company. Refer to the State Rate Pages for the limitations, schedule & value of the credits.

Additionally, the insured will receive an additional credit for three years for the proper use of an electronic health record system within their practice. The credit will be provided for programs meeting the criteria of The Medical Protective Company and issued at the beginning of the next policy period contingent upon receipt of the required documentation of system capabilities and practice usage. Refer to the State Rate Pages for the limitations, schedule and value of the credits.

C. Deductible/Self-Insured Retention Credits

1. Deductibles

- a. Credits shall be available, subject to underwriting guidelines.
- b. The deductibles shall apply to the indemnity or the indemnity and allocated loss expense portion of each loss unless otherwise modified by statute.

FILED

- c. Deductibles can only be revised at policy renewal.
- d. The deductible credits shall apply to the primary limits premium, net of other applicable credits, identified on the State Rate Pages.
 - i. The credits are expressed as a function of the per health care occurrence or per insured deductible limit.
 - ii. The insured may select an aggregate deductible limit in accordance with underwriting guidelines.
 - iii. The maximum premium credit is limited to 85% of the aggregate deductible limit.

2. Self-Insured Retentions

- a. SIR's shall be offered to qualified insureds.
- b. The SIR's shall apply to the indemnity and allocated loss expense portion of each loss unless otherwise modified by statute.
- c. SIR's can only be revised at policy renewal.
- d. The SIR credits shall apply to the primary limits premium, net of other applicable credits, identified on the State Rate Pages.
 - i. The credits are expressed as a function of the per health care occurrence and aggregate SIR limit.
 - ii. The insured may select an aggregate limit in accordance with underwriting guidelines.
 - iii. The maximum premium credit is limited to 75% of the aggregate SIR limit.

D. Experience Rating

- 1. A group practice, consisting of a specified number of insureds, may receive a credit/debit based on the claim history. The claim history will be evaluated over a minimum period of five years and a maximum period of ten years. Criteria used to determine the application of such credits/debits shall include:

FILED

GM-V-CW-6

- a. Premiums paid
- b. Number of claims
- c. Incurred losses
- d. Paid losses
- e. Projected incurred but not reported losses
- f. Cause of such losses
- g. Nature of practice

1. Such credits/debits shall apply on a one year basis and will be subject to annual review. Refer to the State Rate Pages for the minimum number of insureds requirement and the applicable percentage credit/debit.
2. The application of this modification precludes the use of all other rules based upon loss experience criteria.

E. Large Group Rating.

1. Physicians organized in a Large Group practice may be collectively rated.
2. For the purpose of this rule a Large Group is defined as any collective decision making group / body of insureds who may be owners of, employed by or under contract with a specific and distinct corporation, partnership or association. A Large Group will generally have 25 or more physicians and will have characteristics of operation similar to other large commercial ventures, CEO, CFO, Board of Directors, Business Manager, etc.
3. The premium for a Group will be determined by multiplying the group's manual premium by any credits or debits assigned to the Group under the Schedule Rating Plan, Deductible Credit Rule, or Self Insured Retention Credit Rule. The group's manual premium will equal the sum of the individual manual premium for each scheduled insured covered under the policy. The individual manual premium will equal the filed rate for the scheduled insured minus any applicable Part Time, New to Practice, Risk Management, Leave of Absence or Military Leave of Absence credits. However, once the premium for the Group has been established, the Company may allocate that premium among the scheduled insureds based upon applicable underwriting criteria.
4. Temporary Staffing Agency Coverage is available under the Large Group Rating plan, when the criteria are met for Large Group Rating.

FILED

MAR 01 2010

5. For Individual insureds within the group, Extension Contract Rating premium may be calculated by multiplying the mature allocated premium times the applicable claims made tail factor including any applicable deductible credits, part-time credits, and schedule rating modifications. Extension contract rating premium may be loss rated if the entire group cancels coverage.
6. Refer to the State Rate Pages for availability.

F. Small Group Rating Rule

Any group practice consisting of two or more healthcare providers may be collectively rated. ("Group Practice" shall mean a group or body of insureds who make a collective buying decision to purchase insurance as the owners, employees, or agents of a specific and distinct corporation, partnership, or association.)

1. The premium for the group will be determined by multiplying the "Group's Net Premium" by any credits or debits assigned to the group under the Schedule Rating Plan or Deductible Credit Rule, after factoring in any commission fee or other expense variations associated with the group. (The Company will negotiate an appropriate commission with the insured's agent based upon the Group's size and the amount of work to be performed by the agent. Upon request, the company will write the group on a net of commission basis if the group has negotiated a separate free agreement with its agent.)
2. The "Group's net premium" will equal the sum of the "individual net premiums" for each individual or entity receiving separate limits of liability.
3. The "Individual net premiums" will equal the filed rate for the insured after being adjusted for any applicable non-discretionary debits or credits. However, once the premium for the group has been established, the company may allocate that premium among the individual insureds based upon applicable underwriting criteria.
4. For Individual insureds within the group, the extension contract premium will be calculated per the Filed Extension Contract Rating Rule.
5. Refer to the applicable State Rate Page for availability.

VI. MODIFIED PREMIUM COMPUTATION

A. Slot Rating

1. Coverage for group practices is available, at the Company's option, on a slot basis rather than on an individual practitioner basis. The slot endorsement will identify the individuals and practice settings that are covered. Coverage will be provided on a shared limit basis for those insureds moving through the slot or position.
2. The applicable manual rate will be determined by the classification of the slot. Policies rated as a Standard Claims Made policy will utilize the retroactive date of the slot. Extended Reporting Period Coverage may be purchased for the slot based on the applicable retroactive date, classification and limits.
3. Premium modifications for part time or risk management credit cannot be used in conjunction with this rating rule.

B. Full Time Equivalency Rating

Coverage for an Allied Healthcare provider group is available, at the Company's option, on a full time equivalent (FTE) basis rather than on an individual insured basis. Coverage is provided on an individual limit or shared limit basis. Full time equivalency is based on each allied healthcare provider's number of hours of practice per year. The definition of one FTE is based on the following number of hours per year:

2,000	Group Practice
1,800	Training/Residency Programs

For group practices, the minimum average FTE assigned to any individual Allied Healthcare provider is .10 (200 Hours), subject to a total FTE per policy of no less than 1.0. Training/residency programs (and other similar programs) are not subject to the group practice minimums.

The premium developed by applying the applicable Allied Healthcare rate to the corresponding FTE will be adjusted to reflect loss cost considerations recognized in the standard rates.

FILED

MAR 01 2010

The following table identifies the applicable premium modification per the number of FTE's in the policy for a shared limit:

FTE's Per Policy	Premium Modification
1-4	0.0%
5-9	-2.0%
10-14	-5.0%
15-24	-10.0%
25 +	-15.0%

* The table value is determined by rounding the actual FTE per policy using the .50 rounding rule.

Premium modification for Part Time Practice or Risk Management cannot be used in conjunction with this rating rule.

FTE policies may be subject to electronic or on-site audits. Mid-term premium adjustments may be applied based upon the audit findings for the audit period.

C. Out-Patient Visit Rating

1. Occurrence or Standard Claims-Made coverage for group practices is available, at the Company's option, on an out-patient visit (OPV) basis rather than on an individual practitioner basis. Coverage is provided on a shared or individual practitioner limit basis.
2. The number of out-patient visits equivalent to a practitioner year is 2,500 hours times the applicable rate of visits per hour. The rate of visits per hour is derived from the group's historical experience, subject to a minimum rate of 3 visits per hour and a maximum rate of 6 visits per hour.
3. The applicable classification rate is divided by the equivalent out-patient visits resulting in the out-patient visit rate to be applied to the visits projected for the policy period. The product of the OPV rate and the projected visits results in the indicated manual premium.
4. The annual visits reported to the Company for rating purposes are subject to audit, at the Company's discretion.

D. Requirements for Waiver of Premium for Extended Reporting Period Coverage.

1. Upon termination of coverage under this policy by reason of death, the deceased's unearned premium for this coverage will be returned and Extended Reporting Period Coverage will be granted for no additional charge, subject to policy provisions.
2. Upon termination of coverage under this policy by reason of disability or retirement by the insured, Extended Reporting Period Coverage will be granted for no additional charge subject to policy provisions.
3. For an insured, classified as 4B and above, the Company may agree to waive the standard requirements for qualifying for a free extended reporting period endorsement at retirement if the insured meets the following criteria.
 - a. The insured is a member of a group practice that is insured on a claims-made basis with the Company.
 - b. The group requested the waiver for an insured who anticipates permanently retiring from the practice of medicine in less than one year and/or will not attain the required number of years of continuous claims-made coverage at the time of retirement.
 - c. The Company approved the group's request for the waiver after determining the insured had limited prior acts exposure.
 - d. The total number of insureds, within a group practice that may qualify for this waiver may not exceed a ratio of 1 in 3.
 - e. The insured otherwise meets the requirements as set forth in the policy for a free extension contract.
 - f. Refer to the State Rate Pages for availability.

E. Deferred Premium Payment Plan

1. The Company will, subject to applicable guidelines, offer the insured various premium payment options. The deferred premium payment plan requires a down payment to be paid on or before the inception/renewal date of the policy. The balance of the premium will be payable in periodic installments. Other fees may apply.

CONVERTIBLE PLUS / NOSE RATING PLAN

A HEALTHCARE PROVIDER THAT IS CURRENTLY INSURED UNDER A CLAIMS-MADE POLICY FORM MAY BE ELIGIBLE FOR CONVERTIBLE / NOSE COVERAGE, SUBJECT TO UNDERWRITING GUIDELINES. THIS COVERAGE WILL PROVIDE NOSE COVERAGE TO HEALTHCARE PROVIDERS THAT SEEK TO CONVERT TO AN OCCURRENCE POLICY FORM. THE RATING FOR SUCH COVERAGE IS BASED UPON THE INSURED'S STANDARD MATURE CLAIMS MADE RATE TIMES THE FACTOR IDENTIFIED IN THE TABLE BELOW.

<u>YEARS RETROACTIVE DATE PRECEDES POLICY INCEPTION DATE</u>	<u>FACTOR</u>
<u>1</u>	<u>.75</u>
<u>2</u>	<u>1.08</u>
<u>3</u>	<u>1.18</u>

FULL TIME EQUIVALENCY RATING RULE

COVERAGE FOR A MULTI-PHYSICIAN GROUP IS AVAILABLE, AT THE COMPANY'S OPTION, ON A FULL TIME EQUIVALENT (FTE) BASIS RATHER THAN ON AN INDIVIDUAL PHYSICIAN BASIS. COVERAGE IS PROVIDED ON AN INDIVIDUAL LIMIT OR SHARED LIMIT BASIS. FULL TIME EQUIVALENCY IS BASED ON EACH PHYSICIAN'S NUMBER OF HOURS OF MEDICAL PRACTICE PER YEAR. THE DEFINITION OF ONE FTE IS BASED ON THE FOLLOWING NUMBER OF HOURS PER YEAR:

2,500	-GROUP PRACTICE
2,100	-RESIDENCY PROGRAMS

FOR GROUP PRACTICES, THE MINIMUM AVERAGE FTE ASSIGNED TO ANY INDIVIDUAL PHYSICIAN IS .05 (125 HOURS), SUBJECT TO A TOTAL FTE PER POLICY OF NO LESS THAN 1.0. TRAINING/RESIDENCY PROGRAMS (AND OTHER SIMILAR PROGRAMS) ARE NOT SUBJECT TO THE GROUP PRACTICE MINIMUMS.

THE PREMIUM DEVELOPED BY APPLYING THE APPLICABLE PER PHYSICIAN RATE TO THE CORRESPONDING FTE WILL BE ADJUSTED TO REFLECT LOSS COST CONSIDERATIONS NOT RECOGNIZED IN THE PHYSICIAN RATES.

FTE POLICIES MAY BE SUBJECT TO ELECTRONIC OR ON-SITE AUDITS. MID-TERM PREMIUM ADJUSTMENTS MAY BE APPLIED BASED UPON THE AUDIT FINDINGS FOR THE AUDIT PERIOD.

PART TIME PRACTICE RULE

ANY INSURED WHO PRACTICES ON AVERAGE 20 HOURS OR LESS IN A WEEK OR LESS THAN AN AGGREGATE OF 1,050 HOURS DURING THE TERM OF AN ANNUAL POLICY WILL BE CONSIDERED A PART TIME PRACTITIONER AND WILL BE ELIGIBLE FOR A REDUCTION IN THE OTHERWISE APPLICABLE RATE BASED ON THE FOLLOWING SCHEDULE.

<u>AVERAGE NUMBER HOURS PRACTICED PER WEEK</u>	<u>MAX. AGGREGATE HOURS PER YR</u>	<u>CREDIT</u>
0-10 HOURS	515	50%
11-20 HOURS	1,050	30%

NO OTHER CREDITS OR DISCOUNTS ARE TO APPLY CONCURRENT WITH THIS RULE EXCEPT RISK MANAGEMENT CREDIT AND SCHEDULE RATING MODIFICATIONS.

DUE TO MINIMUM PREMIUM REQUIREMENTS, PART TIME CREDITS ARE AVAILABLE FOR CLASS 4-8B ONLY.

THE PART TIME PRACTICE CREDIT WILL NOT BE APPLIED TO THE EXTENSION CONTRACT RATING UNLESS THE PART TIME PRACTICE DID NOT EXCEED AN AVERAGE OF 1,050 HOURS/YEAR OVER THE PREVIOUS FIVE CONSECUTIVE POLICY YEARS WITH THE COMPANY. IF SO, THE AVERAGE NUMBER OF HOURS IN PRACTICE PER WEEK DURING THE PREVIOUS FIVE POLICY YEARS WILL DETERMINE THE APPLICABLE CREDIT.

RENEWAL RATING RULE**

MEMBERS OF A QUALIFIED MEDICAL/DENTAL PROFESSIONAL GROUP/ASSOCIATION MAY QUALIFY FOR ADDITIONAL PREMIUM MODIFICATIONS:

IF THE GROUP PRACTICE/ASSOCIATION GENERATES A MANUAL PREMIUM IN EXCESS OF \$250,000 THE COMPANY MAY, IN CONSIDERATION OF THE UNDERLYING RISK, HOLD THE NEXT RENEWAL RATE(S) FOR THE INDIVIDUAL POLICYHOLDER(S) CONSTANT, SUBJECT TO UNDERWRITING ~~APPROVAL~~ REVIEW. HOWEVER, CHANGES IN CLASSIFICATION, LIMITS OF LIABILITY, CLAIMS-MADE STEP, ~~LOSS~~/CLAIM FREE STATUS AND OTHER NON-DISCRETIONARY CREDITS WILL BE APPLIED IN THE USUAL MANNER.

ONLY ONE CONSECUTIVE RENEWAL MAY RECEIVE APPLICATION OF THIS RULE. THE GROUP PRACTICE/ASSOCIATION MAY AGAIN QUALIFY FOR THIS RULE AFTER PAYMENT OF ONE RENEWAL PREMIUM BASED UPON CURRENTLY FILED RATES.

**MANUAL PAGES
FOR
COMPREHENSIVE LIABILITY COVERAGE FOR HEALTH CARE PROVIDERS**

I. APPLICATION OF MANUAL

- A. This manual specifies rules, rates, premiums, classifications and territories for the purpose of providing professional liability coverage to the following health care providers:

Section

- II. Corporations, Partnerships and Associations
- III. Physicians and Surgeons
- IV. Dentists
- V. ~~Allied Health Care Providers~~ Professionals
- VI. Health Care Facilities

- B. This manual also specifies rules, rates, premiums, classifications and territories for the purpose of providing the following optional associated coverages to health care providers:

Section

- VII. General Liability
- VIII. Managed Care Entity Liability
- IX. ~~Pollution Liability~~

II. APPLICATION OF GENERAL RULES

These rules apply to all Sections of this manual. Any exceptions to these rules are contained in the respective Section or State Rate Pages.

All other rules, rates and rating plans filed on behalf of the Company and not in conflict with these pages shall continue to apply.

III. POLICY TERM

Policies will be written for a term of one year, and renewed annually thereafter, but the policy term may be extended beyond one year subject to underwriting guidelines and state limitations. Coverage may also be written for a period of time less than one year under a short term policy period.

IV. LOCATION OF PRACTICE

The rates as shown in this manual contemplate the exposure as being derived from professional practice or activities within a single rating territory. Consideration will be given to insureds practicing in more than one rating territory and/or state.

V. PREMIUM COMPUTATION

- A. Compute the premium at policy inception using the rules, rates and rating plans in effect at that time. At each renewal, compute the premium using the rules, rates and rating plans then in effect.
- B. Premiums are calculated as specified for the respective coverage. Premium rounding will be done at each step of the computation process in accordance with the Whole Dollar Rule, as opposed to rounding the final premium.

VI. FACTORS OR MULTIPLIERS

Wherever applicable, factors or multipliers are to be applied consecutively and not added together.

VII. WHOLE DOLLAR RULE

In the event the application of any rating procedure applicable in accordance with this manual produces a result that is not a whole dollar, each rate and premium shall be adjusted as follows:

- A. any amount involving \$.50 or over shall be rounded up to the next highest whole dollar amount; and
- B. any amount involving \$.49 or less shall be rounded down to the next lowest whole dollar amount.

VIII. ADDITIONAL PREMIUM CHARGES

- A. Prorate all changes requiring additional premium.
- B. Apply the rates and rules that were in effect at the inception date of this policy period. After computing the additional premium, charge the amount applicable from the effective date of the change.
- C. The Company may waive an additional premium of \$100 or less for coverages related to ~~Healthcare facilities~~ Health Care Facilities. This waiver only applies to cash exchange due on an endorsement effective date.

IX. RETURN PREMIUM FOR MID-TERM CHANGES

- A. Compute return premium at the rates used to calculate the policy premium at the inception of this policy period.
- B. Compute return premium pro rata when any coverage or exposure is deleted or an amount of insurance is reduced.
- C. Retain the Policy Minimum Premium.

X. POLICY CANCELLATIONS

- A. Compute return premium pro rata using the rules, rates and rating plans in effect at the inception of this policy period when:
 - 1. a policy is canceled at the Company's request;
 - 2. the insured no longer has a financial and an insurable interest in the property or operation that is the subject of the insurance; or
- B. If cancellation is for any other reason than stated in A. above, compute the return premium on a standard short rate basis for the one-year period.
- C. Retain the Policy Minimum Premium when the insured requests cancellation except when coverage is canceled as of the inception date.

XI. POLICY MINIMUM PREMIUM

- A. Professional Liability Coverage
 - 1. The applicable minimum premium is determined by the type of health care provider and is shown on the appropriate State Rate Pages.
 - 2. Minimum Premiums will be combined for a policy that provides coverage for more than one type of health care provider.
- B. Associated Coverages

The applicable minimum premium is determined by the type of coverage and is shown on the appropriate State Rate Pages.

XII. PREMIUM PAYMENT PLAN

The Company may, at its discretion, offer the insured various premium payment options. Specific options may be referenced in the State Rate Pages.

XIII. COVERAGE

Coverage may be provided on either an Occurrence or Claims-Made basis, unless noted otherwise in the respective section or State Rate Pages. Coverage under the policy shall be as described in the respective Insuring Agreements. The coverages will be rated under Occurrence or Standard Claims-Made, subject to availability and identified on the State Rate Pages.

XIV. BASIC LIMITS OF LIABILITY

Basic Limits of Liability shall be those shown as applicable to the respective insureds.

XV. INCREASED LIMITS OF LIABILITY

A. Individual Limits of Liability

1. Increased Limits factors shall be those shown as applicable for the respective insureds and be used to develop the applicable premium.

B. Shared Limits of Liability

1. Limits of Liability may be increased on a shared limits basis excess of an individual limit per insured.
2. The rate for the shared excess limits shall be computed in the following manner:
 - a. The rate for the individual limit of liability and the total limit of liability shall be calculated in accordance with the State Rate Pages. The total limit of liability is the sum of the individual per occurrence limit and the shared per occurrence limit.
 - b. The initial shared limits rate is the difference between the total limits rate and the individual limits rate.
 - c. The initial shared limits rate may be modified subject to the restrictions identified on the State Rate Pages, based on the following objective considerations:

- i. The number and distribution by classification of insureds.
 - ii. The amount of the shared limit and its relationship to the size and distribution of the group.
 - iii. The amount of the individual limit (attachment point) underlying the shared limit.
3. The minimum individual limit over which a shared excess limit may be provided is identified on the State Rate Pages.
 4. Requests for total limits of liability (the sum of the individual per health care occurrence limit and the shared excess per health care occurrence limit) that exceed the maximum limit of liability identified on the State Rate Pages shall be referred to the Company and (a) rated.

XVI. PRIOR ACTS COVERAGE

The policy shall be extended to provide prior acts coverage in accordance with the applicable retroactive date(s). The retroactive date can be advanced only at the request or with the written acknowledgment of the insured.

XVII. EXTENDED REPORTING PERIOD COVERAGE (Claims-Made Coverage only)

The availability of Extended Reporting Period Coverage shall be governed by the terms and conditions of the policy and the following rules:

- A. The retroactive date of coverage will determine the years of prior exposure for Extended Reporting Period Coverage.
- B. The Limits of Liability may not exceed those afforded under the terminating policy, unless otherwise required by statute or regulation.
- C. The Premium must be paid, in accordance with state statutes, promptly when due.
- D. For exposures rated in Section VI – Healthcare Facilities, Section VII – General Liability or Section VIII – Managed Care Entity Liability, the premium for the Extended Reporting Period Coverage shall be determined by applying the Extended Reporting Period Coverage rating factors shown on the State Rate Pages to the standard mature claims made rate, applicable to the expiring policy, and subject to Experience, Part Time and Schedule Rating Modifications.

- ~~E.~~ For exposures rated in Section III – Physicians & Surgeons, Section IV – Dentists or Section V – Healthcare Professionals, the premium for the Extended Reporting Period Coverage shall be determined by applying the Extended Reporting Period Coverage rating factors shown on the State Rate Pages to the standard mature claims made rate, applicable to the expiring policy, and subject to Part Time, Non - Discretionary Debit and Schedule Rating Debits/Modifications. Deductible Credits may or may not apply to a groups Extension Contract, at the Insureds option.
- ~~D.~~ Premium must be paid, in accordance with state statutes, promptly when due.
- ~~E.~~ F. For exposures rated in Section III – Physicians & Surgeons, Section IV – Dentists or Section V – Healthcare Professionals the Partnership / Corporation Extension Contract Rating shall be based on the number of shareholders, partners and independent contractors at the inception date of the most recent policy.

XVIII. LARGE GROUP PRACTICE

- A. Physicians organized in a Large Group practice may be collectively rated.
- B. For the purpose of this rule a Large Group is defined as any collective decision making group / body of insureds who may be owners of, employed by or under contract with a specific and distinct corporation, partnership or association. A Large Group will generally have 25 or more physicians and will have characteristics of operation similar to other large commercial ventures, CEO, CFO, Board of Directors, Business Manager, etc.
- C. The premium for a Group will be determined by multiplying the group's manual premium by any credits or debits assigned to the Group under the Schedule Rating Plan, Deductible Credit Rule, or Self Insured Retention Credit Rule. The group's manual premium will equal the sum of the individual manual premium for each scheduled insured covered under the policy. The individual manual premium will equal the filed rate for the scheduled insured minus any applicable Part Time, Risk Management, or Leave of Absence credits. However, once the premium for the Group has been established, the Company may allocate that premium among the scheduled insureds based upon applicable underwriting criteria.
- D. Locum Tenens Group Coverage is available under the Large Group Rating plan, when the criteria are met for Large Group Rating.
- E. For Individual insureds within the group, Extension Contract Rating premium is calculated by multiplying the mature allocated premium times the applicable claims made tail factor.

F. Refer to the State Rate Pages for availability.

XIX. SMALL GROUP PRACTICE

Any group practice consisting of two or more healthcare providers may be collectively rated. ("Group Practice" shall mean a group or body of insureds who make a collective buying decision to purchase insurance as the owners, employees, or agents of a specific and distinct corporation, partnership, or association.)

1. The premium for the group will be determined by multiplying the "Groups Net Premium" by any credits or debits assigned to the group under the Schedule Rating Plan or Deductible Credit Rule, after factoring in any commission fee or other expense variations associated with the group. (The Company will negotiate an appropriate commission with the insured's agent based upon the Group's size and the amount of work to be performed by the agent. Upon request, the company will write the group on a net of commission basis if the group has negotiated a separate free agreement with its agent.)

_____ The "Group's net premium" will equal the sum of the "individual net premiums" for each individual or entity receiving separate limits of liability.;

_____ The "Individual net premiums" will equal the filed rate for the insured after being adjusted for any applicable non-discretionary debits or credits. However, once the premium for the group has been established, the company may allocate that premium among the individual insured's based upon applicable underwriting criteria.

_____ For Individual insured's within the group, the extension contract premium will be calculated per the filed Extension Contract Rating Rule.

§2. Refer to the applicable state rate page for availability.

XX. MEMBERSHIP IN QUALIFIED ASSOCIATIONS

A1. The unique characteristics of medical/dental practices and their membership in qualified professional associations shall make them eligible for premium modifications in addition to those available to all other groups.

B

2. Members of a qualified medical/dental group professional association shall be eligible for additional premium modifications.

+A. Membership Credit

a.1. A premium credit, identified on the State Rate Pages, shall be given to those insureds whose group is a member of a qualified association.

b.2. A Qualified Association may include State Medical or Dental Societies.

2B. Renewal Rate Rule

- a1. If the group practice generates a manual premium in excess of ~~\$50,000~~ the amount identified in the State Rate Pages, the Company may, in consideration of the underlying risk, hold the next renewal rate(s) for the individual policyholder(s) constant, subject to underwriting approval. However, changes in classification, limits of liability, claims-made step-~~and-loss~~, claim free credit and non-discretionary credits will be applied in the usual manner.
- b2. Only one consecutive renewal may receive application of this rule. The group practice may again qualify for this rule after the payment of one renewal premium based upon currently filed rates.

**MANUAL PAGES
FOR
COMPREHENSIVE LIABILITY COVERAGE FOR HEALTH CARE PROVIDERS**

I. APPLICATION OF MANUAL

- A. This section provides rules, rates, premiums, classifications and territories for the purpose of providing Professional Liability for the following Health Care Entities:
1. Professional Corporations, Partnerships and Associations
 2. Miscellaneous Entities
- B. For the purpose of these rules, an entity consists of physicians, dentists and/or allied health care providers rendering outpatient care who:
1. are organized as a legal entity;
 2. maintain common facilities (including multiple locations) and support personnel; and
 3. maintain medical/dental records of patients of the group as a historical record of patient care.
- C. Any exceptions to these rules are contained in the respective State Rate Pages.

II. BASIC LIMITS OF LIABILITY

Basic Limits of Liability for Professional Liability Coverage under this program shall be as follows, unless otherwise modified by statute:

- A. Occurrence Coverage
- \$100,000 Each Health Care Occurrence
\$300,000 Aggregate
- B. Claims-Made Coverage
- \$100,000 Each Health Care Occurrence
\$300,000 Aggregate

III. PREMIUM COMPUTATION

- A. The premium for professional corporations, partnerships and associations shall be computed in the following manner:
1. The premium will be based on the number of years that the retroactive date (if claims made) of the partnership or professional corporation coverage precedes the policy inception date. At this maturity level, the premium will equal the product of the sum of the individual manual rates (or premium per FTE/OPV rated policy) of the partners, shareholders and employed/contracted physicians/dentists/allied health care providers, insured by the Company, at the limits selected for the partnership or corporation times the partnership/corporation rating factor indicated on the State Rate Pages.
 2. Irrespective of the number of individuals, the maximum premium will be based on the five highest rated classifications, subject to any modifications presented on the State Rate Pages.
 3. Limits of coverage for the partnership or corporation may not exceed the lowest limits of coverage of any of the insured partners, shareholders or employed physicians/contracted physicians/dentists/allied health care providers, unless unique circumstances are identified and underwriting guidelines are met.
 4. The premium for professional corporations, partnerships and associations may be subject to premium caps or flat rates as indicated on the State Rate Pages and may be reduced or eliminated as part of credits provided to multi-physician practices.
 5. The premium otherwise determined for the partnership or corporation may be discounted should the insured elect to exclude the vicarious liability associated with the partners', shareholders' and employed/contracted physicians' professional services. Refer to the State Rate pages for the available credit.
- B. A professional corporation or association may be made an additional insured on a solo provider's individual policy or FTE/OPV rated policy at no additional charge, subject to underwriting guidelines. This addition will not operate to provide additional limits of liability per health care occurrence or annual aggregate beyond the stated limits of the individual policy, unless otherwise required by statute.
- C. The premium for other entities shall be referred to the Home Office for the determination of premium and filing with the state insurance department.

IV. CLASSIFICATIONS

A. Corporations, Partnerships and Associations

1. As defined by state statutes and formed for the purpose of rendering specified medical/dental professional services.
2. Not otherwise identified as a Miscellaneous Entity.

B. Miscellaneous Entities

1. As defined by state statutes and formed for the purpose of rendering specified medical/dental professional services.
2. Including the following types of entities:
 - a. Urgicare Center
 - b. Surgi Center
 - c. MRI Center
 - d. Renal Dialysis Center
 - e. Peritoneal Dialysis Center
 - f. Home Health Agency
 - g. Nursing Home
 - h. Physical Fitness Center

V. PREMIUM MODIFICATIONS

The following premium modifications are applicable to all filed programs unless stated otherwise in the rule or on the State Rate Pages.

A. Schedule Rating

The Company shall utilize a schedule of modifications to determine appropriate premiums for certain insureds, or groups of insureds, who in the opinion of the Company, uniquely qualify for such modifications because of factors not contemplated in the filed rate structure of the Company.

The premium for a risk may be modified in accordance with a maximum modification indicated on the State Rate Pages, and may be applied to recognize risk

characteristics that are not reflected in the otherwise applicable premium. All modifications applied under this schedule rating plan are subject to periodic review. The modification shall be based on one or more of the specific considerations identified on the State Rate Pages.

B. Deductible/Self-Insured Retention Credits

1. Deductibles

- a. Credits shall be available, subject to underwriting guidelines.
- b. The deductibles shall apply to the indemnity or the indemnity and allocated loss expense portion of each loss unless otherwise modified by statute.
- c. Deductibles can only be revised at policy renewal.
- d. The deductible credits shall apply to the primary limits premium, net of other applicable credits, identified on the State Rate Pages.
 - i. The credits are expressed as a function of the per health care occurrence or per insured deductible limit.
 - ii. The insured may select an aggregate deductible limit in accordance with underwriting guidelines.
 - iii. The maximum premium credit is limited to 85% of the aggregate deductible limit.

2. Self-Insured Retentions

- a. SIR's shall be offered to qualified insureds.
- b. The SIR's shall apply to the indemnity and allocated loss expense portion of each loss unless otherwise modified by statute.
- c. SIR's can only be revised at policy renewal.
- d. The SIR credits shall apply to the primary limits premium, net of other applicable credits, identified on the State Rate Pages.
 - i. The credits are expressed as a function of the per health care occurrence and aggregate SIR limit.
 - ii. The insured may select an aggregate SIR limit in accordance with underwriting guidelines.

- iii. The maximum premium credit is limited to 75% of the aggregate SIR limit.

3. Large Group & ~~Locum Tenens Group~~ Temporary Staffing Agency Rating - Corporations

- A. Corporation Coverage for ~~Locum Tenens Groups~~ Temporary Staffing Agencies or Large Group ~~practices~~ practices may be collectively rated.
- B. For the purpose of this rule a Large Group is defined as any collective decision making group / body of insureds who may be owners of, employed by or under contract with a specific and distinct corporation, partnership or association. A Large Group will generally have 25 or more physicians and will have characteristics of operation similar to other large commercial ventures, CEO, CFO, Board of Directors, Business Manager, etc.
- C. The premium for a Group will be determined by multiplying the group's manual premium by any credits or debits assigned to the Group under the Schedule Rating Plan, Deductible Credit Rule, or Self Insured Retention Credit Rule. The group's manual premium will equal the sum of the individual manual premium for each scheduled insured covered under the policy. The individual manual premium will equal the filed rate for the scheduled insured minus any applicable Part Time, New to Practice, Risk Management, Leave of Absence, or Military Leave of Absence credits. However, once the premium for the Group has been established, the Company may allocate that premium among the scheduled insureds based upon applicable underwriting criteria.
- D. ~~Locum Tenens Group~~ Temporary Staffing Agency Coverage is available under the Large Group Rating plan, when the criteria are met for Large Group Rating.
- E. For Individual insureds within the group, Extension Contract Rating premium may be calculated by multiplying the mature allocated premium times the applicable claims made tail factor including any applicable deductible credits, part-time credits, and schedule rating modifications. Extension contract rating premium may be loss rated if the entire group cancels coverage.

F. ~~F.~~ Refer to the State Rate Pages for availability.

4. Small Group Rating Rule

Any group practice consisting of two or more healthcare providers may be collectively rated. ("Group Practice" shall mean a group or body of insureds who make a collective buying decision to purchase insurance as the owners, employees, or agents of a specific and distinct corporation, partnership, or association.)

- A. The premium for the group will be determined by multiplying the "Groups Net Premium" by any credits or debits assigned to the group under the Schedule Rating Plan or Deductible Credit Rule, after factoring in any commission fee or other expense variations associated with the group. (The Company will negotiate an appropriate commission with the insured's agent based upon the Group's size and the amount of work to be performed by the agent. Upon request, the company will write the group on a net of commission basis if the group has negotiated a separate free agreement with its agent.)
- B. The "Group's net premium" will equal the sum of the "individual net premiums" for each individual or entity receiving separate limits of liability.
- C. The "Individual net premiums" will equal the filed rate for the insured after being adjusted for any applicable non-discretionary debits or credits. However, once the premium for the group has been established, the company may allocate that premium among the individual insured's based upon applicable underwriting criteria.
- D. For Individual insured's within the group, the extension contract premium will be calculated per the filed Extension Contract Rating Rule.
- E. Refer to the applicable state rate page for availability.

The Company may assess installment fees. Such fees will not exceed \$25 or 1% of the total policy premium, whichever is less, and will not exceed a total fee payment of \$100 over any one policy term.

Premium bearing adjustments will be spread across remaining installments in equal amounts.

Installments are not available for Extension Contract Premium.

**MANUAL PAGES
FOR
COMPREHENSIVE LIABILITY COVERAGE FOR HEALTH CARE PROVIDERS**

I. APPLICATION OF MANUAL

- A. This section provides rules, rates, premiums, classifications and territories for the purpose of providing Professional Liability for Physicians/Surgeons.
- B. Any exceptions to these rules are contained in the respective State Rate Pages.

II. BASIC LIMITS OF LIABILITY

Basic Limits of Liability for Professional Liability Coverage under this program shall be as follows, unless otherwise modified by statute:

- A. Occurrence Coverage
 - \$100,000 Each Health Care Occurrence
 - \$300,000 Aggregate
- B. Claims-Made Coverage
 - \$100,000 Each Health Care Occurrence
 - \$300,000 Aggregate

III. PREMIUM COMPUTATION

The premium shall be computed by applying the rate per physician, shown on the State Rate Pages, in accordance with each physician's medical classification and class plan designation.

IV. CLASSIFICATIONS

- A. Physicians/Surgeons
 - 1. Each medical practitioner is assigned a classification code according to their specialty. When more than one classification is applicable, the highest rate classification shall apply.
 - 2. The classification codes will be contained on the State Rate Pages.

B. Part-Time Physicians

1. Any insured who is determined not to be working on a full time basis will be considered a part-time practitioner and will be eligible for a reduction in the otherwise applicable rate for that specialty. The criteria and commensurate credit for a part-time practitioner is identified on the State Rate Pages.
2. A Part-Time Practitioner may include any classification identified in the class plan, as well as those practitioners who are moonlighting or teaching. The hours reported to the Company for rating purposes are subject to audit, at the Company's discretion.
3. The part-time credit is not applied to the Extended Reporting Period Coverage rating unless the part-time practice did not exceed a specified number of hours/year over the previous five consecutive policy years with the Company or if the insured was part-time for the entire retroactive period. The average number of hours in practice per week during the previous five policy years will determine the applicable credit. Refer to the State Rate Pages for the specific criteria.
4. No other credits are to apply concurrent with this rule except risk management, schedule rating modifications and membership association credits.

C. Physicians in Training

1. Following graduation from medical school, a physician may elect to enter additional training periods. For rating purposes, they are defined as follows:
 - a. First Year Resident (or Intern) - 1 year period immediately following graduation. During this period a physician may or may not be licensed, depending upon state requirements.
 - b. Resident - various lengths of time depending upon medical specialty; 3 years average. Following first year residency, generally licensed M.D. Upon completion of residency program, physician becomes board eligible.
 - c. Fellow - Follows completion of residency and is a higher level of training.

Note: Do not confuse a physician in a fellowship training program with a fellow, for example, of American College of Surgeons.

2. Coverage is available for activities directly related to a physician's training program. The coverage will not apply to any professional services rendered after the training is complete.
 - a. Interns, Residents and Fellows are eligible for a reduction in the otherwise applicable physician rate for coverage valid only for activities directly related to an accredited training program. Refer to the Company to determine the applicable credit.
 3. Coverage is available for a physician's "moonlighting" activities. The coverage will not apply to any aspect of the insured's training program. The applicable physician class for moonlighting activities, as identified in the class plan, will be utilized to determine the rate. If no such classification is identified, the applicable premium will be computed as follows.
 - a. The premium will be based upon the equivalent medical specialty rate and the average number of hours the insured practices per week.
 - b. The hours reported to the Company for rating purposes are subject to audit, at the Company's discretion.
 - c. No other credits are to apply concurrent with this rule except risk management and membership credits.
 - d. The applicable percentages are presented on the State Rate Pages.
- D. Locum Tenens Physician –Physicians Substituting for MPCo Insured Physicians
1. Coverage for a physician substituting for an insured physician will be limited to cover only professional services rendered on behalf of the insured physician for the specified time period. Locum Tenens will share in the insured physician's Limit of Liability. No additional charge will apply for this coverage.
 2. The locum tenens physician must complete an application and submit it to the Company in advance for approval prior to the requested effective date of coverage.

E. Temporary Staffing Agency Coverage

1. Coverage for Temporary Staffing Agency Coverage is available to organizations that provide healthcare provider staffing services to healthcare facilities (hospitals, clinics, nursing homes, etc).
2. Pricing is based upon the number of hours worked by the provider.
3. No additional premium modifications may apply with this rating, except Schedule Rating modifications.
4. Refer to the State Rate Pages for the rates associated with this coverage.

F. New Physician

1. A "new" physician shall be a physician who has recently completed one of the following programs and will begin a full time practice for the first time:
 - a. Residency;
 - b. Fellowship program in their medical specialty;
 - c. Fulfillment of a military obligation in remuneration for medical school tuition;
 - d. Medical school or specialty training program.
2. To qualify for the credit, the applicant will be required to apply for a reduced rate within six months after the completion of any of the above programs.
3. A reduced rate will be applied in accordance with the credits shown on the State Rate Pages.

G. Physician Teaching Specialists

1. Coverage is available for faculty members of an accredited training program. The coverage will not apply to any professional services rendered in the insured's private practice.
 - a. Faculty members are eligible for a reduction in the otherwise applicable physician rate for coverage valid only for teaching activities related to an accredited training program. Refer to the Company to determine the applicable credit.

2. Coverage is available for the private practice of a physician teaching specialist. The coverage will not apply to any aspect of the insured's teaching activities.
 - a. The premium will be based upon the otherwise applicable physician rate and the average number of hours per week devoted to teaching activities.
 - b. The hours reported to the Company for rating purposes are subject to audit, at the Company's discretion.
 - c. No other credits are to apply concurrent with this rule except risk management and membership credits.
 - d. The applicable percentages are presented on the State Rate Pages.

H. Physician's Leave of Absence

1. A physician who is on a leave of absence for a continuous period of 45 days or more may be eligible for restricted coverage at a discount of the applicable rate for the period of the leave of absence. This will apply retroactively to the first day of the leave of absence, if reported to the company within 30 days. Only one application of this credit may be applied to an annual policy period. Leave of absence may include the following:
 - The birth of insured's newborn, placement of foster children or insured adopts a child, provided the leave is completed within 12 months of the birth, placement or adoption.
 - To care for a spouse, child or parent who has a serious health condition.
 - To care for insured's own health condition which prevents insured from working.
 - Time to enhance the insured's education or other reason while not practicing.

This credit is not available to an insured's leave of absence for vacation purposes. The Minimum Premium Rating Rule applies to insureds eligible for the Leave of Absence Credit.

2. The credit to be applied to the applicable rate is presented on the State Rate Pages.

I. Physicians Military Leave of Absence

A physician who is on a military leave of absence may be eligible for restricted coverage at a discount of 100% of the applicable rate for the period of the leave of absence. This will apply retroactively to the first day of the leave of absence.

The Minimum Premium Rating Rule does not apply to insureds that are eligible for the Military Leave of Absence Credit.

V. **PREMIUM MODIFICATIONS**

The following premium modifications are applicable to all filed programs unless stated otherwise in the rule or on the State Rate Pages.

A. **Schedule Rating**

The Company shall utilize a schedule of modifications to determine appropriate premiums for certain insureds, or groups of insureds, who in the opinion of the Company, uniquely qualify for such modifications because of factors not contemplated in the filed rate structure of the Company.

The premium for a policy may be modified in accordance with a maximum modification indicated on the State Rate Pages, and may be applied to recognize risk characteristics that are not reflected in the otherwise applicable premium. All modifications applied under this schedule rating plan are subject to periodic review. The modification shall be based on one or more of the specific considerations identified on the State Rate Pages.

B. **Risk Management**

The insured will receive a premium credit for up to 3 years, for a Risk Management course approved by the Company. Refer to the State Rate Pages for the limitations, schedule & value of the credits.

Additionally, the insured will receive an additional credit for three years for the proper use of an electronic health record system within their practice. The credit will be provided for programs meeting the criteria of The Medical Protective Company and issued at the beginning of the next policy period contingent upon receipt of the required documentation of system capabilities and practice usage. Refer to the State Rate Pages for the limitations, schedule & value of the credits.

C. **Claim Free Credits**

1. If no claim has been attributed to an insured, the insured will be eligible for a premium credit provided on the State Rate Pages.
 - a. A claim under this policy shall not, for the purpose of this premium credit program, be construed to include instances of mistaken identity, blanket defendant listings, improper inclusion, or non-meritorious or frivolous claims.
 - b. Insureds converting coverage to The Medical Protective Company, shall qualify for credit at the policy inception date in accordance with the Company's guidelines.

D. Deductible/Self-Insured Retention Credits

1. Deductibles

- a. Credits shall be available, subject to underwriting guidelines.
- b. The deductibles shall apply to the indemnity or the indemnity and allocated loss expense portion of each loss unless otherwise modified by statute.
- c. Deductibles can only be revised at policy renewal.
- d. The deductible credits shall apply to the primary limits premium, net of other applicable credits, identified on the State Rate Pages.
 - i. The credits are expressed as a function of the per health care occurrence or per insured deductible limit.
 - ii. The insured may select an aggregate deductible limit in accordance with underwriting guidelines.
 - iii. The maximum premium credit is limited to 85% of the aggregate deductible limit.

2. Self-Insured Retentions

- a. SIR's shall be offered to qualified insureds.
- b. The SIR's shall apply to the indemnity and allocated loss expense portion of each loss unless otherwise modified by statute.
- c. SIR's can only be revised at policy renewal.
- d. The SIR credits shall apply to the primary limits premium, net of other applicable credits, identified on the State Rate Pages.
 - i. The credits are expressed as a function of the per health care occurrence and aggregate SIR limit.
 - ii. The insured may select an aggregate limit in accordance with underwriting guidelines.
 - iii. The maximum premium credit is limited to 75% of the aggregate SIR limit.

E. Experience Rating

1. A group practice, consisting of a specified number of insureds, may receive a credit/debit based on the claim history. The claims history will be evaluated over a minimum period of five years and a maximum period of ten years. Criteria used to determine the application of such credits/debits shall include:
 - a. Premiums paid
 - b. Number of claims
 - c. Incurred losses
 - d. Paid losses
 - e. Projected incurred but not reported losses
 - f. Cause of such losses
 - g. Nature of practice
2. Such credits/debits shall apply on a one year basis and will be subject to annual review. Refer to the State Rate Pages for the minimum number of insureds requirement and the applicable percentage credit/debit.

F. Non-Discretionary Debit Plan

For any insured who is not eligible for a credit under the company's claim/loss free credit rule, points will be assigned for each claim pursuant to Schedule A, found in the State Rate Pages, for the following:

- Pending against the insured at the beginning of the current policy period; or
- Paid on the insured's behalf during the past 5 years; or
- Closed with no payment during the past 5 years.

For providers who have been practicing for less than eight complete years from their initial medical school graduation date, the total assigned claim points (as calculated from the Schedule A) will be multiplied by the applicable factor set forth in the following schedule:

Years Between Effective Date of Coverage and Graduation Date	Factor
Less than 5 years	5.00
At least 5 years but less than 6 years	2.50
At least 6 years but less than 7 years	1.666
At least 7 years but less than 8 years	1.25
8 years or more	No factor applied

Insureds with less than one year of experience shall be assumed to have one year of experience. Insureds converting coverage to The Medical Protective Company who have pending claims or claims paid on their behalf within the past five years will be assigned points in accordance with Company guidelines.

A debit shall then be applied the insured's rate based upon Schedule B, found in the State Rate Pages.

For the purpose of this rule, a "claim" shall not include instances of mistaken identity, blanket defendant listings, improper inclusion, or non-meritorious or frivolous claims.

Any Debit required under this rule shall be additive with any other debits or credits applicable under the Company's rating manual.

This non-discretionary debit plan shall only apply to providers who meet the Company's Guidelines for acceptance, and the Company retains the right to refuse to insure any insured or applicant based upon the qualitative nature of any claims made against that individual or entity. As a result, the fact that this rule provides (or does not provide) a debit for claims experience is not an indication that there is a rate available for any particular insured or applicant.

G. Large Group Rating

1. Physicians organized in a Large Group practice may be collectively rated.
2. For the purpose of this rule a Large Group is defined as any collective decision making group / body of insureds who may be owners of, employed by or under contract with a specific and distinct corporation, partnership or association. A Large Group will generally have 25 or more physicians and will have characteristics of operation similar to other large commercial ventures, CEO, CFO, Board of Directors, Business Manager, etc.
3. The premium for a Group will be determined by multiplying the group's manual premium by any credits or debits assigned to the Group under the Schedule Rating Plan, Deductible Credit Rule, or Self Insured Retention Credit Rule. The group's manual premium will equal the sum of the individual manual premium for each scheduled insured covered under the policy. The individual manual premium will equal the filed rate for the scheduled insured minus any applicable Part Time, New to Practice, Risk Management, Leave of Absence or Military Leave of Absence credits. However, once the premium for the Group has been established, the Company may allocate that premium among the scheduled insureds based upon applicable underwriting criteria.
4. Temporary Staffing Agency Coverage is available under the Large Group Rating plan, when the criteria are met for Large Group Rating.
5. For Individual insureds within the group, Extension Contract Rating premium may be calculated by multiplying the mature allocated premium times the applicable claims-made tail factor including any applicable deductible credits, part-time credits, and schedule rating modifications. Extension contract rating premium may be loss rated if the entire group cancels coverage.
6. Refer to the State Rate Pages for availability.

H. Small Group Rating Rule

Any group practice consisting of two or more physician providers may be collectively rated. ("Group Practice" shall mean a group or body of insureds who make a collective buying decision to purchase insurance as the owners, employees, or agents of a specific and distinct corporation, partnership, or association.)

1. The premium for the group will be determined by multiplying the "Group's Net Premium" by any credits or debits assigned to the group under the Schedule Rating Plan or Deductible Credit Rule, after factoring in any commission fee or other expense variations associated with the group. (The Company will negotiate an appropriate commission with the insured's agent based upon the Group's size and the amount of work to be performed by the agent. Upon request, the company will write the group on a net of commission basis if the group has negotiated a separate fee agreement with its agent.)
2. The "Group's net premium" will equal the sum of the "individual net premiums" for each individual or entity receiving separate limits of liability.
3. The "Individual net premiums" will equal the filed rate for the insured after being adjusted for any applicable non-discretionary debits or credits. However, once the premium for the group has been established, the company may allocate that premium among the individual insureds based upon applicable underwriting criteria.
4. For Individual insureds within the group, the extension contract premium will be per the filed Extension Contract Rating Rule.
5. Refer to the applicable state rate page for availability.

VI. MODIFIED PREMIUM COMPUTATION

A. Convertible Coverage Rating Plan

1. Insureds shall be provided the option, subject to underwriting guidelines, to convert from Standard Claims-Made to Occurrence coverage. The insured shall be eligible for conversion after the following conditions have been met:

- a. Payment to the Company of the applicable premium for a minimum of three annual claims-made policies.
 - b. Achieve three years of continuous claims-made coverage under this plan with no losses attributed to the insured. (A loss shall be a culpable loss. A claim under this plan shall not be construed to include instances of mistaken identity, blanket defendant listings, improper inclusion, or non-meritorious or frivolous claims.)
2. At the time the aforementioned conditions are met, and the insured has purchased Occurrence coverage, the Company will issue Extended Reporting Period Coverage, covering professional services subsequent to the retroactive date and prior to the expiration of the claims-made policy, and will waive any premium that would normally be due for such coverage.
 3. Should the insured be unable to meet the conditions for conversion, the insured may elect to purchase the Extended Reporting Period Coverage, subject to policy provisions. Refer to the Extended Reporting Period rule to determine the applicable premium.
 4. The applicable premium under this plan is presented on the State Rate Pages.
 5. No other modifications are to apply concurrent with this rule except membership association, risk management and schedule rating modifications.

B. Enhanced Claims-Made

1. Insureds shall be provided the option, subject to underwriting guidelines, to purchase Claims-Made coverage under the Enhanced rating structure.
2. The Enhanced Claims-Made base rate is developed as a percentage of the applicable Occurrence rate. The applicable percentage is identified on the State Rate Pages.
3. The Enhanced Claims-Made base rate is subject to Claim Free Credits in accordance with the schedule provided on the State Rate Pages. The application of the credits shall be consistent with the criteria identified in V(C) of this section of the manual.

C. Slot Rating

1. Coverage for group practices is available, at the Company's option, on a slot basis rather than on an individual physician basis. The slot endorsement will identify the individuals and practice settings that are covered. Coverage will

- be provided on a shared limit basis for those insureds moving through the slot or position.
2. The applicable manual rate will be determined by the classification of the slot. Policies rated as a Standard Claims-Made policy will utilize the retroactive date of the slot. Extended Reporting Period Coverage may be purchased for the slot based on the applicable retroactive date, classification and limits.
 3. Premium modifications for new physician, part time, moonlighting, teaching, risk management or loss free credit cannot be used in conjunction with this rating rule.

D. Full-time Equivalency Rating

1. Coverage for a multi-physician group is available, at the Company's option, on a full time equivalent (FTE) basis rather than on an individual physician basis. Coverage is provided on an individual limit or shared limit basis. Full time equivalency is based on each physician's number of hours of medical practice per year. The definition of one FTE is based on the following number of hours per year:

2,500 - Group Practice
2,100 - Residency Programs

2. For group practices, the minimum average FTE assigned to any individual physician is .05 (125 hours), subject to a total FTE per policy of no less than 1.0. Training/Residency programs (and other similar programs) are not subject to the group practice minimums.
3. The premium developed by applying the applicable per physician rate to the corresponding FTE will be adjusted to reflect loss cost considerations not recognized in the physician rates.
4. FTE Policies may be subject to electronic or on-site audits. Mid-term premium adjustments may be applied based upon the audit findings for the audit period.
5. The following table identifies the applicable premium modification per the number of FTE's in the policy for a shared limit:

<u>FTE*</u> <u>Per Policy</u>	<u>Premium</u> <u>Modification</u>	<u>FTE*</u> <u>Per Policy</u>	<u>Premium</u> <u>Modification</u>
1	+10.0%	11	-14.0%
2	-3.0%	12	-16.0%
3	-4.0%	13	-17.0%
4	-5.0%	14	-18.0%
5	-7.0%	15	-20.0%
6	-8.0%	16	-21.0%
7	-9.0%	17	-22.0%
8	-11.0%	18	-23.0%
9	-12.0%	19	-24.0%
10	-13.0%	20+	-25.0%

- The table value is determined by rounding the actual FTE per policy using the .5 rounding rule.

56. Premium modifications for ~~new physician claim free, new to practice, part time, moonlighting, teaching, loss free credit practice, or other similar credit risk management~~ cannot be used in conjunction with this rating rule.

E. Out-Patient Visit Rating

1. Occurrence or Standard Claims-Made coverage for group practices is available, at the Company's option, on an out-patient visit (OPV) basis rather than on an individual physician basis. Coverage is provided on a shared or individual physician limit basis.
2. The number of out-patient visits equivalent to a physician year is 2,500 hours times the applicable rate of visits per hour. The rate of visits per hour is derived from the group's historical experience, subject to a minimum rate of 1 visit per hour and a maximum rate of 3 visits per hour.
3. The applicable medical specialty rate is divided by the equivalent out-patient visits resulting in the out-patient visit rate to be applied to the visits projected for the policy period. The product of the OPV rate and the projected visits results in the indicated manual premium.
4. The annual visits reported to the Company for rating purposes are subject to audit, at the Company's discretion.
5. Premium modifications for new physician, part time, moonlighting, teaching, claim free credit, or other similar credit cannot be used in conjunction with this rating rule.

F. Requirements for Waiver of Premium for Extended Reporting Period Coverage.

1. Upon termination of coverage under this policy by reason of death, the deceased's unearned premium for this coverage will be returned and an Extended Reporting Period Coverage will be granted for no additional charge, subject to policy provisions.
- ~~1.2.~~ Upon -termination of coverage under this policy by reason of total disability or permanent retirement by the insured, Extended Reporting Period Coverage will be granted for no additional charge subject to policy provisions.
- ~~2.3.~~ The Company may agree to waive the standard requirements for qualifying for a free extended reporting period endorsement at retirement if the insured meets the following criteria.
 - a. The insured is a member of a group practice that is insured on a claims-made basis with the Company.
 - b. The group requested the waiver for an insured who anticipates permanently retiring from the practice of medicine in less than one year and/or will not attain the required number of years of continuous claims-made coverage at the time of retirement.
 - c. The Company approved the group's request for the waiver after determining the insured had limited prior acts exposure.
 - d. The total number of insureds, within a group practice that may qualify for this waiver may not exceed a ratio of 1 in 3.
 - e. The insured otherwise meets the requirements as set forth in the policy for a free extension contract.
 - f. Refer to the State Rate Pages for availability.

G. Deferred Premium Payment Plan.

1. The Company will, subject to applicable guidelines, offer the insured various premium payment options. The deferred premium payment plan requires a down payment to be paid on or before the inception/renewal date of the policy. The balance of the premium will be payable in periodic installments.

Consideration(s)	Description	Range
1. Historical Loss Experience	The frequency or severity of claims for the insured(s) is greater/less than the expected experience for an insured(s) of the same classification/size or recognition of unusual circumstances of claims in the loss experience.	-20% to +20%
2. Cumulative Years of Patient Experience.	The insured(s) demonstrates a stable, longstanding practice and/or significant degree of experience in their current area of medicine.	-5% to +5%
3. Classification Anomalies.	Characteristics of a particular insured that differentiate the insured from other members of the same class, or recognition of recent developments within a classification or jurisdiction that are anticipated to impact future loss experience.	-15% to +15%
4. Claim Anomalies	Economic, societal or jurisdictional changes or trends that will influence the frequency or severity of claims, or the unusual circumstances of a claim(s) which understate/overstate the severity of the claim(s).	-10% to +10%
5. Management Control Procedures.	Specific operational activities undertaken by the insured to reduce the frequency and/or severity of claims.	-5% to +5%
6. Number / Type of Patient Exposures.	Size and/or demographics of the patient population which influences the frequency and/or severity of claims.	-5% to +5%
7. Organizational Size / Structure.	The organization's size and processes are such that economies of scale are achieved while servicing the insured.	-5% to +5%
8. Healthcare Standards, Quality & Claim Review.	Presence of (1) committees that meet on a routine basis to review medical procedures, treatments, and protocols and then assist in the integration of such into the practice, (2) Committees that meet to assure the quality of the health care services being rendered and/or (3) Committees to provide consistent review of claims/incidents that have occurred and to develop corrective action.	-5% to +5%
9. Other Risk Management Practices and Procedures.	Additional activities undertaken with the specific intention of reducing the frequency or severity of claims.	-5% to +5%
10. Training, Accreditation & Credentialing.	The insured(s) exhibits greater/less than normal participation and support of such activities.	-5% to +5%
11. Record – Keeping Practices.	Degree to which insured incorporates methods to maintain quality patient records, referrals, and test results.	-5% to +5%
12. Utilization of Monitoring Equipment, Diagnostic Tests or Procedures.	Demonstrating the willingness to expend the time and capital to incorporate the latest advances in medical treatments and equipment into the practice, or failure to meet accepted standards of care.	-10% to +10%
Maximum Modification - 50% / + 50%		

The aforementioned modifications contemplate the standard allowance for expenses and are subject to the maximum modification referenced above. If the expenses are less than standard, an additional modification may be made to reflect this reduction.

- 4 PAY - 25% down, 3 equal quarterly payments thereafter

If manual premium is over \$150,000

- 25% Down, 9 equal monthly payments thereafter

The Company may assess installment fees. Such fees will not exceed \$25 or 1% of the total policy premium, whichever is less, and will not exceed a total fee payment of \$100 over any one policy term.

Premium bearing adjustments will be spread across remaining installments in equal amounts.

Installments are not available for Extension Contract Premium.

28. Convertible Plus / Nose Rating Plan
(Occurrence Program)

A healthcare provider that is currently insured under a claims-made policy form may be eligible for Convertible / Nose coverage, subject to underwriting guidelines. This coverage will provide nose coverage to healthcare providers that seek to convert to an occurrence policy form. The rating for such coverage is based upon the insureds standard mature claims made rate times the factor identified in the table below.

<u>Years Retroactive Date Precedes Policy Inception Date</u>	<u>Factor</u>
<u>1</u>	<u>.75</u>
<u>2</u>	<u>1.08</u>
<u>3</u>	<u>1.18</u>
<u>4 or More</u>	<u>1.25</u>

The applicable premium under this plan shall be in addition to the healthcare provider's standard occurrence premium and shall be paid to the Company over an installment period.

In the event the insured cancels the occurrence coverage, within the first five years subsequent to the issuance of the product, for reasons other than non-renewal, death, total and permanent disability or permanent retirement, additional premium shall be due and payable. Additional premium shall be calculated at the Company's filed rate for an extension contract endorsement at the time the Convertible Plus Claims Made coverage is issued. Any unpaid balance between this amount and any payments made prior to the cancellation date is due sixty (60) days from the date of cancellation.

The rating under this rule is subject to applicable Part-Time and Schedule Rating modifications.

**MANUAL PAGES
FOR
COMPREHENSIVE LIABILITY COVERAGE FOR HEALTH CARE PROVIDERS**

I. APPLICATION OF MANUAL

- A. This section provides rules, rates, premiums, classifications and territories for the purpose of providing Professional Liability for Dentists.
- B. Any exceptions to these rules are contained in the respective State Rate Pages.

II. BASIC LIMITS OF LIABILITY

Basic Limits of Liability for Professional Liability Coverage under this program shall be as follows, unless otherwise modified by statute:

- A. Occurrence Coverage
 - \$100,000 Each Health Care Occurrence
 - \$300,000 Aggregate
- B. Claims-Made Coverage
 - \$100,000 Each Health Care Occurrence
 - \$300,000 Aggregate

III. PREMIUM COMPUTATION

The premium shall be computed by applying the rate per dentist, shown on the State Rate Pages, in accordance with each dentist's classification and class plan designation.

IV. CLASSIFICATIONS

- A. Dentists
 - 1. Each dental practitioner is assigned a classification code according to their specialty. When more than one classification is applicable, the highest rate classification shall apply.
 - 2. The classification codes will be contained on the State Rate Pages.

B. Part Time Dentists

1. Any insured who is determined not to be working on a full time basis will be considered a part time practitioner and will be eligible for a reduction in the otherwise applicable rate for that specialty. The criteria and commensurate credit for a part time practitioner is identified on the State Rate Pages.
2. A Part Time Practitioner may include any classification identified in the class plan as well as those practitioners who are moonlighting or teaching. The hours reported to the Company for rating purposes are subject to audit, at the Company's discretion.
3. The part time credit is not applied to the Extended Reporting Period Coverage rating unless the part time practice did not exceed a specified number of hours/year over the previous five consecutive policy years with the Company or if the insured was part time for the entire retroactive period. The average number of hours in practice per week during the previous five policy years will determine the applicable credit. Refer to the State Rate Pages for the specific criteria.
4. No other credits are to apply concurrent with this rule except risk management ~~and~~ membership association credits and/or schedule rating modifications.

C. Dentists in Training

1. Coverage is available for activities directly related to a dentist's training program. The coverage will not apply to any professional services rendered after the training is complete.
 - a. Dental students are eligible for a reduction in the otherwise applicable dentist rate for coverage valid only for activities directly related to an accredited training program. Refer to the Company to determine the applicable credit.
2. Coverage is available for a dentist's "insureds moonlighting" activities. ~~The coverage will not apply to any aspect of the insured's training while in a residency or fellowship program conducted thru any dental school or hospital.~~
 - a. The premium will be based upon the equivalent dental specialty rate and the average number of hours the insured practices per week. A credit will apply to the insureds premium pursuant to the Company's guidelines for acceptance.
 - b. ~~The hours reported to the Company for rating purposes are subject to audit, at the Company's discretion.~~

b. ~~e.~~ No other credits are to may apply concurrent with this rule except risk management and membership credits.

c. ~~d.~~ The applicable modifications applicable Refer to the manual rates are presented on the State Rate Pages for the applicable credit.

3. Coverage is available to dental students for activities directly related to their licensing.

a. Coverage is available to dental students, on a short-term basis, for services rendered by the student during a dental externship prior to graduation and/or during the dental board exam pursuant to the student's professional licensing.

b. The coverage for dental students will be provided on an occurrence basis. The limits and premium are identified on the State Rate Pages, and are not subject to the minimum premium rule. The premium shall be applied to the insured's first annual policy if coverage is purchased within one year of the successful completion of the dental board exam.

4. Restricted Coverage is available for Dental Students and Residents. No other credits, debits or minimum premium rules shall apply with this rating program except for Schedule Rating Modifications. Refer to the State Rate Pages for the appropriate premium.

D. Locum Tenens Dentists

1. Coverage for a dentist substituting for an insured dentist will be limited to cover only professional services rendered on behalf of the insured dentist for the specified time period. Locum Tenens will share in the insured dentist's Limit of Liability. No additional charge will apply for this coverage.

2. The locum tenens dentist must complete an application and submit it to the Company in advance for approval prior to the requested effective date of coverage.

E. New Dentist

1. A "new" dentist shall be a dentist who has recently completed one of the following programs and will begin a full time practice for the first time:
 - a. Residency;
 - b. Fellowship program in their dental specialty;
 - c. Fulfillment of a military obligation in remuneration for dental school tuition;
 - d. Dental school or specialty training program.
2. To qualify for the 1st year credit, the applicant will be required to apply for a reduced rate within six months after the completion of any of the above programs.
3. A reduced rate will be applied in accordance with the credits shown on the State Rate Pages.

F. New to Company Dentists

1. An insured may be eligible for a New to Company credit pursuant to the following guidelines:
 - i. Never insured with the Company, or
 - ii. Previously insured with the Company more than 3 years ago.
2. Credits shall apply to the insureds first, second and third year consecutive years of coverage. All other credits will apply to the reduced rate.
3. This credit is not subject to the Aggregate Credit Rule and subject to underwriting guidelines. Only one request for this three year credit program will be granted to an eligible insured during any period of time insured by the company.
4. Please refer to the state rate pages for availability and the appropriate credit for this program.

G. Dentist Teaching Specialists

1. Coverage is available for faculty members of an accredited training program. The coverage will not apply to any professional services rendered in the insured's private practice.

- a. Faculty members are eligible for a reduction in the otherwise applicable dentist rate for coverage valid only for teaching activities related to an accredited training program. Refer to the Company to determine the applicable credit.
2. Coverage is available for the private practice of a dentist teaching specialist. The coverage will not apply to any aspect of the insured's teaching activities.
 - a. The premium will be based upon the otherwise applicable dentist rate and the average number of hours per week devoted to teaching activities.
 - b. The hours reported to the Company for rating purposes are subject to audit, at the Company's discretion.
 - c. No other credits are to apply concurrent with this rule except risk management and membership credits.
 - d. The applicable percentages are presented on the State Rate Pages.

H. Dentist's Leave of Absence

1. A dentist who is on a leave of absence for a continuous period of 45 days or more may be eligible for restricted coverage at a discount of the applicable rate for the period of the leave of absence. This will apply retroactively to the first day of the leave of absence, if reported to the company within 30 days. Only one application of this credit may be applied to an annual policy period. Leave of absence may include the following:
 - The birth of insureds newborn, placement of foster children or insured adopts a child, provided the leave is completed within 12 months of the birth, placement or adoption.
 - To care for a spouse, child or parent who has a serious health condition.
 - To care for insureds own health condition which prevents insured from working.
 - Time to enhance the insureds education or other reason while not practicing.

This credit is not available to an insureds leave of absence for vacation purposes. The Minimum Premium Rating Rule applies to insureds eligible for the Leave of Absence Credit.

2. The credit to be applied to the applicable rate is presented on the State Rate Pages.

THE MEDICAL PROTECTIVE COMPANY®
Professional Protection Exclusively Since 1899

SECTION IV
DENTISTS

I. Dentist Military Leave of Absence

A Dentist who is on a military leave of absence may be eligible for restricted coverage at a discount of 100% of the applicable rate for the period of the leave of absence. This will apply retroactively to the first day of the leave of absence.

The Minimum Premium Rating Rule does not apply to insureds that are eligible for the Military Leave of Absence Credit.

V. PREMIUM MODIFICATIONS

The following premium modifications are applicable to all filed programs unless stated otherwise in the rule or on the State Rate Pages.

A. Schedule Rating

The Company shall utilize a schedule of modifications to determine appropriate premiums for certain insureds, or groups of insureds, who in the opinion of the Company, uniquely qualify for such modifications because of factors not contemplated in the filed rate structure of the Company.

The premium for a policy may be modified in accordance with a maximum modification indicated on the State Rate Pages, and may be applied to recognize risk characteristics that are not reflected in the otherwise applicable premium. All modifications applied under this schedule rating plan are subject to periodic review. The modification shall be based on one or more of the specific considerations identified on the State Rate Pages.

B. Risk Management

The insured will receive a premium credit for up to 3 years, for a Risk Management course approved for by the Company. Refer to the State Rate Pages for the limitations, schedule & value of the credits.

Additionally, the insured will receive an additional credit for three years for the proper use of an electronic health record system within their practice. The credit will be provided for programs meeting the criteria of The Medical Protective Company and issued at the beginning of the next policy period contingent upon receipt of the required documentation of system capabilities and practice usage. Refer to the State Rate Pages for the limitations, schedule & value of the credits.

C. Claim Free Credits

1. If no claim has been attributed to an insured, the insured will be eligible for a premium credit on the schedule provided on the State Rate Pages.
 - a. A claim under this policy shall not, for the purpose of this premium credit program, be construed to include instances of mistaken identity, blanket defendant listings, improper inclusion, or non-meritorious or frivolous claims.
 - b. Insureds converting coverage to The Medical Protective Company, shall qualify for credit at the policy inception date in accordance with the Company's guidelines.

D. Deductible/Self-Insured Retention Credits

1. Deductibles

- a. Credits shall be available, subject to underwriting guidelines.
- b. The deductibles shall apply to the indemnity or the indemnity and allocated loss expense portion of each loss unless otherwise modified by statute.
- c. Deductibles can only be revised at policy renewal.
- d. The deductible credits shall apply to the primary limits premium, net of other applicable credits, identified on the State Rate Pages.
 - i. The credits are expressed as a function of the per health care occurrence or per insured deductible limit.
 - ii. The insured may select an aggregate deductible limit in accordance with underwriting guidelines.
 - iii. The maximum premium credit is limited to 85% of the aggregate deductible limit.

2. Self-Insured Retentions

- a. SIR's shall be offered to qualified insureds.
- b. The SIR's shall apply to the indemnity and allocated loss expense portion of each loss unless otherwise modified by statute.

- c. SIR's can only be revised at policy renewal.
- d. The SIR credits shall apply to the primary limits premium, net of other applicable credits, identified on the State Rate Pages.
 - i. The credits are expressed as a function of the per health care occurrence and aggregate SIR limit.
 - ii. The insured may select an aggregate limit in accordance with underwriting guidelines.
 - iii. The maximum premium credit is limited to 75% of the aggregate SIR limit.

E. Experience Rating

1. A group practice, consisting of a specified number of insureds, may receive a credit/debit based on the claim history. The claim history will be evaluated over a minimum period of five years and a maximum period of ten years. Criteria used to determine the application of such credits/debits shall include:
 - a. Premiums paid
 - b. Number of claims
 - c. Incurred losses
 - d. Paid losses
 - e. Projected incurred but not reported losses
 - f. Cause of such losses
 - g. Nature of practice
2. Such credits/debits shall apply on a one year basis and will be subject to annual review. Refer to the State Rate Pages for the minimum number of insureds requirement and the applicable percentage credit/debit.

F. Non-Discretionary Debit Plan

For any insured who is not eligible for a credit under the Company's claim/loss free credit rule, points will be assigned for each claim, pursuant to Schedule A, found in the State Rate Pages, for the following:

- Pending against the insured at the beginning of the current policy period; or
- Paid on the insured's behalf during the past 5 years; or
- Closed with no payment during the past 5 years.

For providers who have been practicing for less than five complete years from their initial dental school graduation date, the total assigned claim points (as calculated from Schedule A) will be multiplied by the applicable factor set forth in the following schedule:

Years Between Effective Date of Coverage and Graduation Date	Factor
Less than 2 years	5.00
At least 2 years but less than 3 years	2.50
At least 3 years but less than 4 years	1.666
At least 4 years but less than 5 years	1.25
5 years or more	No factor applied

Insureds with less than one year of experience shall be assumed to have one year of experience. Insureds converting coverage to The Medical Protective Company who have pending claims or claims paid on their behalf within the past five years, will be assigned points in accordance with Company guidelines.

A debit shall then be applied to the insured's policy based upon Schedule B, found in the State Rate Pages.

For the purpose of this rule, a "claim" shall not include instances of mistaken identity, blanket defendant listings, improper inclusion, or non-meritorious or frivolous claims.

Any debit required under this rule shall be additive with any other debits or credits applicable under the Company's rating manual.

This non-discretionary debit plan shall only apply to providers who meet the Company's guidelines for acceptance, and the company retains the right to refuse to insure any insured or applicant based upon the qualitative nature of any claims made against that individual or entity. As a result, the fact that this rule provides (or does not provide) a debit for claims experience is not an indication that there is a rate available for any particular insured or applicant.

G. Small Group Rating Rule

Any group practice consisting of two or more dentists may be collectively rated. ("Group Practice" shall mean a group or body of insureds who make a collective buying decision to purchase insurance as the owners, employees, or agents of a specific and distinct corporation, partnership, or association.)

1. The premium for the group will be determined by multiplying the "Groups Net Premium" by any credits or debits assigned to the group under the Schedule Rating Plan or Deductible Credit Rule, after factoring in any commission fee or other expense variations associated with the group. (The Company will negotiate an appropriate commission with the insured's agent based upon the Group's size and the amount of work to be performed by the agent. Upon request, the company will write the group on a net of commission basis if the group has negotiated a separate free agreement with its agent.)
2. The "Group's net premium" will equal the sum of the "individual net premiums" for each individual or entity receiving separate limits of liability.
3. The "Individual net premiums" will equally the filed rate for the insured after being adjusted for any applicable non-discretionary debits or credits. However, once the premium for the group has been established, the company may allocate that premium among the individual insured's based upon applicable underwriting criteria.
4. For Individual insured's within the group, the extension contract premium will be calculated per the filed Extension Contract Rating Rule.
5. Refer to the applicable state rate page for availability.

G. Botulinum Toxin and Dermal Fillers Rating Rule

1. A debit shall apply in addition to the existing filed rate and in recognition of the unique risk characteristics of Dentists, or groups of Dentists, who administer Botulinum Toxin and Dermal Filler procedures
2. The following outlines the debit category which applies to specific dental specialists that perform Botulinum Toxin and Dermal Fillers procedures:

Debit A: General Dentists, Orthodontists, Pediatric Dentists, Periodontists, Prosthodontists, Endodontists, or Host Dentists unless classified under debit B & C.

Debit B: Any dentists performing Minor Surgical Procedures or
Implants and oral pathologists.

Debit C: Any dentist performing major surgical procedures.

3. Approval for participation in this rating rule is subject to underwriting
guidelines.

4. Refer to the applicable state rate page for availability.

H. Dental Facility Classification Plan

1. A debit shall apply in addition to the existing filed rate for insureds, or
groups of insureds, who practice in or with dental facilities as such non-
standard dental practices which are not contemplated in the filed rate
structure.

2. Placement into the Dental Facility Classification plan will be determined by
the company's underwriting rules and guidelines.

3. Refer to the applicable state rate pages for availability.

VI. MODIFIED PREMIUM COMPUTATION

A. Convertible Coverage Rating Plan

1. Insureds shall be provided the option, subject to underwriting guidelines, to convert from Standard Claims Made to Occurrence coverage. The insured shall be eligible for conversion after the following conditions have been met:
 - a. Payment to the Company of the applicable premium for a minimum of three annual claims made policies.
 - b. Achieve three years of continuous claims made coverage under this plan with no claims attributed to the insured. (A claim shall be a culpable loss. A claim under this plan shall not be construed to include instances of mistaken identity, blanket defendant listings, improper inclusion, or non-meritorious or frivolous claims.)
2. At the time the aforementioned conditions are met, and the insured has purchased Occurrence coverage, the Company will issue Extended Reporting Period Coverage, covering professional services subsequent to the retroactive date and prior to the expiration of the claims made policy, and will waive any premium that would normally be due for such extension.

3. Should the insured be unable to meet the conditions for conversion, the insured may elect to purchase the Extended Reporting Period Coverage, subject to policy provisions. Refer to the Extended Reporting Period Rule to determine the applicable premium.
4. The applicable premium under this plan is presented on the State Rate Pages.
5. No other modifications are to apply concurrent with this rule except ~~membership association, risk management~~ Membership Association, Risk Management, New to Company and schedule rating ~~Schedule Rating~~ modifications.

B. Slot Rating

1. Coverage for group practices is available, at the Company's option, on a slot basis rather than on an individual dentist basis. The slot endorsement will identify the individuals and practice settings that are covered. Coverage will be provided on a shared limit basis for those insureds moving through the slot or position.
2. The applicable manual rate will be determined by the classification of the slot. Policies rated as a Standard Claims Made policy will utilize the retroactive date of the slot. Extended Reporting Period Coverage may be purchased for the slot based on the applicable retroactive date, classification and limits.
3. Premium modifications for new dentist, part time, moonlighting, teaching, risk management or claim free credit cannot be used in conjunction with this rating rule.

C. Full-Time Equivalency Rating

1. Occurrence or Standard Claims-Made coverage for group practices is available, at the Company's option, on a full time equivalent (FTE) basis rather than on an individual dentist basis. Coverage is provided on a shared or individual limit basis. Full time equivalency is based on each dentist's number of hours of dental practice per year. The definition of one FTE is based on the following number of hours per year:

2,500 - Group Practice
1,800 - Residency Programs

2. For group practices, the minimum average FTE assigned to individual dentists is .05 (125 hours), subject to a total FTE per policy of no less than 1.0. Training/Residency programs (and other similar programs) are not subject to the group practice minimums.

3. The premium developed by applying the applicable per dentist rate to the _____ corresponding FTE will be adjusted to reflect loss cost considerations not _____ recognized in the dental rates. This adjustment will not apply to residency _____ programs since the individual policies generally represent less than one FTE.

4. FTE policies may be subject to electronic or on-site audits. Mid-term premium adjustments may be applied based upon the audit findings for the audit period.

5. The following table identifies the applicable premium modification per the number of FTE's in the policy for a shared limit:

<u>FTE*</u> <u>Per Policy</u>	<u>Premium</u> <u>Modification</u>	<u>FTE*</u> <u>Per Policy</u>	<u>Premium</u> <u>Modification</u>
1	+10.0%	11	-14.0%
2	-3.0%	12	-16.0%
3	-4.0%	13	-17.0%
4	-5.0%	14	-18.0%
5	-7.0%	15	-20.0%
6	-8.0%	16	-21.0%
7	-9.0%	17	-22.0%
8	-11.0%	18	-23.0%
9	-12.0%	19	-24.0%
10	-13.0%	20+	-25.0%

* The table value is determined by rounding the actual FTE per policy using the .5 rounding rule. Policies with an FTE of 1 will receive the premium modification regardless of shared or individual limits.

6. Premium modifications for new dentist to practice, part time, moonlighting, teaching, claim free credit or other similar risk management credit cannot be used in conjunction with this rating rule.

D. Out-Patient Visit Rating

1. Occurrence or Standard Claims-Made coverage for group practices is available at the Company's option, on an out-patient visit (OPV) basis rather than on an individual dentist basis. Coverage is provided on a shared or individual dentist limit basis.
2. The number of out-patient visits equivalent to a dentist year is 2,500 hours times the applicable rate of visits per hour. The rate of visits per hour is derived from the group's historical experience, subject to a minimum rate of 1 visit per hour and a maximum rate of 3 visits per hour.
3. The applicable dental specialty rate is divided by the equivalent out-patient visits resulting in the out-patient visit rate to be applied to the visits projected for the policy period. The product of the OPV rate and the projected visits results in the indicated manual premium.
4. The annual visits reported to the Company for rating purposes are subject to audit, at the Company's discretion.
5. Premium modifications for new dentist, part time, moonlighting, teaching, claim free credit, or other similar credit cannot be used in conjunction with this rating rule.

E. Requirements for Waiver of Premium for Extended Reporting Period Coverage for Standard Claims Made Program.

1. Upon termination of coverage under this policy by reason of death, the deceased's unearned premium for this coverage will be returned and Extended Reporting Period Coverage will be granted for no additional charge, subject to policy provisions.
2. Upon termination of coverage under this policy by reason of disability or retirement by the insured, Extended Reporting Period Coverage will be granted for no additional charge, subject to policy provisions.

3. The Company may agree to waive the standard requirements for qualifying for a free extended reporting period endorsement at retirement if the insured meets the following criteria.
 - a. The insured is a member of a group practice that is insured on a claims-made basis with the Company.
 - b. The group requested the waiver for an insured who anticipates permanently retiring from the practice of medicine in less than one year and/or will not attain the required number of years of continuous claims-made coverage at the time of retirement.
 - c. The Company approved the group's request for the waiver after determining the insured had limited prior acts exposure.
 - d. The total number of insureds, within a group practice that may qualify for this waiver may not exceed a ratio of 1 in 3.
 - e. The insured otherwise meets the requirements as set forth in the policy for a free extension contract.
 - f. Refer to the State Rate Pages for availability.

F. Deferred Premium Payment Plan.

1. The Company may, at its discretion will, subject to applicable guidelines, offer the insured various premium payment options. For determination and eligibility, refer to the State Rate Pages. The deferred premium payment plan requires a down payment to be paid on or before the inception/renewal date of the policy. The balance of the premium will be payable in periodic installments. Other fees may apply.

G. Aggregate Credit Rule.

1. The application of all approved credits contained in this rating manual shall not exceed the amount identified in the State Rate Pages for any one insured.

This rule does not apply to Part Time Practice, Leave of Absence, Military Leave of Absence, Risk Management, New to Company, New to Practice, Membership Association, Moonlighting or Deductible Credits.

**MANUAL PAGES
FOR
COMPREHENSIVE LIABILITY COVERAGE FOR HEALTH CARE PROVIDERS**

I. APPLICATION OF MANUAL

- A. This section provides rules, rates, premiums, classifications and territories for the purpose of providing Professional Liability for Allied Health Care Providers.
- B. Any exceptions to these rules are contained in the respective State Rate Pages.

II. BASIC LIMITS OF LIABILITY

Basic Limits of Liability for Professional Liability Coverage under this program shall be as follows, unless otherwise modified by statute:

- A. Occurrence Coverage
 - \$100,000 Each Health Care Occurrence
 - \$300,000 Aggregate
- B. Claims-Made Coverage
 - \$100,000 Each Health Care Occurrence
 - \$300,000 Aggregate

III. PREMIUM COMPUTATION

The premium shall be computed by applying the rate per provider, shown on the State Rate Pages, in accordance with each provider's classification and class plan designation.

IV. CLASSIFICATIONS

- A. Allied Health Care Providers
 - 1. Each provider is assigned a classification code according to their specialty. When more than one classification is applicable, the highest rate classification shall apply.
 - 2. The classification codes will be contained on the State Rate Pages.

B. Part Time Allied Health Care Providers

1. Any insured who is determined not to be working on a full time basis will be considered a part time practitioner and will be eligible for a reduction in the otherwise applicable rate for that specialty. The criteria and commensurate credit for a part time practitioner is identified on the State Rate Pages.
2. The hours reported to the Company for rating purposes are subject to audit, at the Company's discretion.
3. The part time credit is not applied to the Extended Reporting Period Coverage rating unless the part time practice did not exceed a specified number of hours/year over the previous five consecutive policy years with the Company or if the insured was part time for the entire retroactive period. The average number of hours in practice per week during the previous five policy years will determine the applicable credit. Refer to the State Rate Pages for the specific criteria.
4. No other credits are to apply concurrent with this rule except ~~the~~ risk management credit and schedule rating modifications.

C. Dental Hygienist Training

1. Coverage is available for activities directly related to a hygienist's training program. The coverage will not apply to any professional services rendered after the training is complete.
2. Coverage is available to students for activities directly related to their licensing.
 - a. Coverage is available to students, on a short-term basis, for services rendered by the student during a dental hygiene externship prior to graduation and/or during the dental hygiene board exam pursuant to the student's professional licensing.
 - b. The coverage for students will be provided on an occurrence basis. The limits and premium are identified on the State Rate Pages. The premium shall be applied to the insured's first annual policy if coverage is purchased within one year of the successful completion of the dental hygiene board exam.

D. Locum Tenens Allied Health Care Providers substituting for MPCo Insureds

1. Coverage for an allied health care provider substituting for an insured allied health care provider will be limited to cover only professional services rendered on behalf of the insured allied health care provider for the specified time period. Locum Tenens will share in the insured allied health care provider's Limit of Liability. No additional charge will apply for this coverage.
2. The locum tenens allied health care provider must complete an application and submit it to the Company in advance for approval prior to the requested effective date of coverage.

E. Temporary Staffing Agency Coverage

1. Coverage for Temporary Staffing Agencies is available to organizations that provide healthcare provider staffing services to healthcare facilities (hospitals, clinics, nursing homes, etc).
2. Pricing is based upon the number of hours worked by the provider.
3. No additional premium modifications may apply with this rating, except Schedule Rating modifications.
4. Refer to the State Rate Pages for the rates associated with this coverage.

F. Allied Health Care Provider's Leave of Absence

1. An Allied Healthcare Provider who is on a leave of absence for a continuous period of 45 days or more may be eligible for restricted coverage at a discount of the applicable rate for the period of the leave of absence. This will apply retroactively to the first day of the leave of absence, if reported to the company within 30 days. Only one application of this credit may be applied to an annual policy period. Leave of absence may include the following:
 - The birth of insureds newborn, placement of foster children or insured adopts a child, provided the leave is completed within 12 months of the birth, placement or adoption.
 - To care for a spouse, child or parent who has a serious health condition.
 - To care for insureds own health condition which prevents insured from working.

- Time to enhance the insureds education or other reason while not practicing.

This credit is not available to an insureds leave of absence for vacation purposes. The Minimum Premium Rating Rule applies to insureds eligible for the Leave of Absence Credit.

2. The credit to be applied to the applicable rate is presented on the State Rate Pages.

G. Allied Healthcare Providers Military Leave of Absence

A Provider who is on a military leave of absence may be eligible for restricted coverage at a discount of 100% of the applicable rate for the period of the leave of absence. This will apply retroactively to the first day of the leave of absence.

The Minimum Premium Rating Rule does not apply to insureds that are eligible for the Military Leave of Absence Credit.

V. **PREMIUM MODIFICATIONS**

The following premium modifications are applicable to all filed programs unless stated otherwise in the rule or on the State Rate Pages.

A. **Schedule Rating**

The Company shall utilize a schedule of modifications to determine appropriate premiums for certain insureds, or groups of insureds, who in the opinion of the Company, uniquely qualify for such modifications because of factors not contemplated in the filed rate structure of the Company.

The premium for a risk may be modified in accordance with a maximum modification indicated on the State Rate Pages, and may be applied to recognize risk characteristics that are not reflected in the otherwise applicable premium. All modifications applied under this schedule rating plan are subject to periodic review.

The modification shall be based on one or more of the specific considerations identified on the State Rate Pages.

B. **Risk Management**

The insured will receive a premium credit for up to 3 years, for a Risk Management course approved for by the Company. Refer to the State Rate Pages for the limitations, schedule & value of the credits.

Additionally, the insured will receive an additional credit for three years for the proper use of an electronic health record system within their practice. The credit will be provided for programs meeting the criteria of The Medical Protective Company and issued at the beginning of the next policy period contingent upon receipt of the required documentation of system capabilities and practice usage. Refer to the State Rate Pages for the limitations, schedule & value of the credits.

C. **Deductible/Self-Insured Retention Credits**

1. **Deductibles**

a. Credits shall be available, subject to underwriting guidelines.

b. The deductibles shall apply to the indemnity or the indemnity and allocated loss expense portion of each loss unless otherwise modified by statute.

- c. Deductibles can only be revised at policy renewal.
 - d. The deductible credits shall apply to the primary limits premium, net of other applicable credits, identified on the State Rate Pages.
 - i. The credits are expressed as a function of the per health care occurrence or per insured deductible limit.
 - ii. The insured may select an aggregate deductible limit in accordance with underwriting guidelines.
 - iii. The maximum premium credit is limited to 85% of the aggregate deductible limit.
2. Self-Insured Retentions
- a. SIR's shall be offered to qualified insureds.
 - b. The SIR's shall apply to the indemnity and allocated loss expense portion of each loss unless otherwise modified by statute.
 - c. SIR's can only be revised at policy renewal.
 - d. The SIR credits shall apply to the primary limits premium, net of other applicable credits, identified on the State Rate Pages.
 - i. The credits are expressed as a function of the per health care occurrence and aggregate SIR limit.
 - ii. The insured may select an aggregate limit in accordance with underwriting guidelines.
 - iii. The maximum premium credit is limited to 75% of the aggregate SIR limit.

D. Experience Rating

- 1. A group practice, consisting of a specified number of insureds, may receive a credit/debit based on the claim history. The claim history will be evaluated over a minimum period of five years and a maximum period of ten years. Criteria used to determine the application of such credits/debits shall include:

- a. Premiums paid
 - b. Number of claims
 - c. Incurred losses
 - d. Paid losses
 - e. Projected incurred but not reported losses
 - f. Cause of such losses
 - g. Nature of practice
1. Such credits/debits shall apply on a one year basis and will be subject to annual review. Refer to the State Rate Pages for the minimum number of insureds requirement and the applicable percentage credit/debit.
 2. The application of this modification precludes the use of all other rules based upon loss experience criteria.

E. Large Group Rating

1. Physicians organized in a Large Group practice may be collectively rated.
2. For the purpose of this rule a Large Group is defined as any collective decision making group / body of insureds who may be owners of, employed by or under contract with a specific and distinct corporation, partnership or association. A Large Group will generally have 25 or more physicians and will have characteristics of operation similar to other large commercial ventures, CEO, CFO, Board of Directors, Business Manager, etc.
3. The premium for a Group will be determined by multiplying the group's manual premium by any credits or debits assigned to the Group under the Schedule Rating Plan, Deductible Credit Rule, or Self Insured Retention Credit Rule. The group's manual premium will equal the sum of the individual manual premium for each scheduled insured covered under the policy. The individual manual premium will equal the filed rate for the scheduled insured minus any applicable Part Time, New to Practice, Risk Management, -Leave of Absence or Military Leave of Absence credits. However, once the premium for the Group has been established, the Company may allocate that premium among the scheduled insureds based upon applicable underwriting criteria.
4. Temporary Staffing Agency_Coverage is available under the Large Group Rating plan, when the criteria are met for Large Group Rating.

5. For Individual insureds within the group, Extension Contract Rating premium may be calculated by multiplying the mature allocated premium times the applicable claims made tail factor including any applicable deductible credits, part-time credits, and schedule rating modifications. Extension contract rating premium may be loss rated if the entire group cancels coverage.
6. Refer to the State Rate Pages for availability.

F. Small Group Rating Rule

Any group practice consisting of two or more healthcare providers may be collectively rated. ("Group Practice" shall mean a group or body of insureds who make a collective buying decision to purchase insurance as the owners, employees, or agents of a specific and distinct corporation, partnership, or association.)

1. The premium for the group will be determined by multiplying the "Groups Net Premium" by any credits or debits assigned to the group under the Schedule Rating Plan or Deductible Credit Rule, after factoring in any commission fee or other expense variations associated with the group. (The Company will negotiate an appropriate commission with the insured's agent based upon the Group's size and the amount of work to be performed by the agent. Upon request, the company will write the group on a net of commission basis if the group has negotiated a separate free agreement with its agent.)
2. The "Group's net premium" will equal the sum of the "individual net premiums" for each individual or entity receiving separate limits of liability.
3. The "Individual net premiums" will equal the filed rate for the insured after being adjusted for any applicable non-discretionary debits or credits. However, once the premium for the group has been established, the company may allocate that premium among the individual insured's based upon applicable underwriting criteria.
4. For Individual insured's within the group, the extension contract premium will be calculated per the Filed Extension Contract Rating Rule.
5. Refer to the applicable state rate page for availability.

VI. MODIFIED PREMIUM COMPUTATION

A. Slot Rating

1. Coverage for group practices is available, at the Company's option, on a slot basis rather than on an individual practitioner basis. The slot endorsement will identify the individuals and practice settings that are covered. Coverage will be provided on a shared limit basis for those insureds moving through the slot or position.
2. The applicable manual rate will be determined by the classification of the slot. Policies rated as a Standard Claims Made policy will utilize the retroactive date of the slot. Extended Reporting Period Coverage may be purchased for the slot based on the applicable retroactive date, classification and limits.
3. Premium modifications for part time or risk management credit cannot be used in conjunction with this rating rule.

B. Full Time Equivalency Rating

Coverage for an Allied Healthcare provider group is available, at the Company's option, on a full time equivalent (FTE) basis rather than on an individual insured basis. Coverage is provided on an individual limit or shared limit basis. Full time equivalency is based on each allied healthcare provider's number of hours of practice per year. The definition of one FTE is based on the following number of hours per year:

2,000	Group Practice
1,800	Training/Residency Programs

For group practices, the minimum average FTE assigned to any individual Allied Healthcare provider is .10 (200 Hours), subject to a total FTE per policy of no less than 1.0. Training/residency programs (and other similar programs) are not subject to the group practice minimums.

The premium developed by applying the applicable Allied Healthcare rate to the corresponding FTE will be adjusted to reflect loss cost considerations recognized in the standard rates.

The following table identifies the applicable premium modification per the number of FTE's in the policy for a shared limit:

FTE* Per Policy	Premium Modification
1-4	0.0%
5-9	-2.0%
10-14	-5.0%
15-24	-10.0%
25 +	-15.0%

* The table value is determined by rounding the actual FTE per policy using the .50 rounding rule.

Premium modification Part Time Practice or Risk Management cannot be used in conjunction with this rating rule.

FTE policies may be subject to electronic or on-site audits. Mid-term premium adjustments may be applied based upon the audit findings for the audit period.

C. Out-Patient Visit Rating

1. Occurrence or Standard Claims-Made coverage for group practices is available, at the Company's option, on an out-patient visit (OPV) basis rather than on an individual practitioner basis. Coverage is provided on a shared or individual practitioner limit basis.
2. The number of out-patient visits equivalent to a practitioner year is 2,500 hours times the applicable rate of visits per hour. The rate of visits per hour is derived from the group's historical experience, subject to a minimum rate of 3 visits per hour and a maximum rate of 6 visits per hour.
3. The applicable classification rate is divided by the equivalent out-patient visits resulting in the out-patient visit rate to be applied to the visits projected for the policy period. The product of the OPV rate and the projected visits results in the indicated manual premium.
4. The annual visits reported to the Company for rating purposes are subject to audit, at the Company's discretion.

5. Premium modifications for part time credit cannot be used in conjunction with this rating rule.

D. Requirements for Waiver of Premium for Extended Reporting Period Coverage.

1. Upon termination of coverage under this policy by reason of death, the deceased's unearned premium for this coverage will be returned and Extended Reporting Period Coverage will be granted for no additional charge, subject to policy provisions.
2. Upon termination of coverage under this policy by reason of disability or retirement by the insured, Extended Reporting Period Coverage will be granted for no additional charge subject to policy provisions.
3. For an insured, classified as 4B and above, the Company may agree to waive the standard requirements for qualifying for a free extended reporting period endorsement at retirement if the insured meets the following criteria.
 - a. The insured is a member of a group practice that is insured on a claims-made basis with the Company.
 - b. The group requested the waiver for an insured who anticipates permanently retiring from the practice of medicine in less than one year and/or will not attain the required number of years of continuous claims-made coverage at the time of retirement.
 - c. The Company approved the group's request for the waiver after determining the insured had limited prior acts exposure.
 - d. The total number of insureds, within a group practice that may qualify for this waiver may not exceed a ratio of 1 in 3.
 - e. The insured otherwise meets the requirements as set forth in the policy for a free extension contract.
 - f. Refer to the State Rate Pages for availability.

E. Deferred Premium Payment Plan

1. The Company will, subject to applicable guidelines, offer the insured various premium payment options. The deferred premium payment plan requires a down payment to be paid on or before the inception/renewal date of the policy. The balance of the premium will be payable in periodic installments. Other fees may apply.

| E.F. Aggregate Credit Rule:

1. The application of all approved credits contained in this rating manual shall not exceed the amount identified in the State Rate Pages for any one insured.

| This rule does not apply to Deductible Credits, Part Time Practice, Leave of Absence, Military Leave of Absence, or Risk Management Credits.
