Pharmacists Mutual Insurance Company is filing a revision to our Individual Pharmacist Professional Liability Program in your state. With this revision we are expanding the Professional Liability Insurance Policy to provide two Individual Pharmacist Professional Liability Insurance Policy options, one which includes Sterile Compounding and one which Excludes Sterile Compounding. As a result of the introduction of these two new policies we have revised the Individual Pharmacist Professional Liability Program Manual to reflect the new rates for each of these coverages. All policyholders will be automatically renewed with the basic coverage and will have the option to upgrade to the broad coverage. The resulting effect is an overall rate decrease of 3.3%. We would like for these revision to become effective for all new business on or after August 1, 2013 and for all renewal business written on or after October 1, 2013.

*Adjusted to reflect all prior rate changes.

**Change in Company's premium level which will result from application of new rates.
