AMENDING RATE FILINGS BASED ON THE KING V. BURWELL RULING

The *King v. Burwell* case, regarding whether the ACA only allows subsidies on state-run exchanges, is now before the U.S. Supreme Court. A decision is expected this summer.

The deadline for submitting revised rates based on the outcome of the ruling for the 2016 plan year will be two weeks after this decision is released. Any revised documents should have changes clearly highlighted using red-ling or a similar method.
