ELECTRONIC MAILING OF DOCUMENTS FROM THE DEPARTMENT'S PRODUCER LICENSING DIVISION

Effective November 5, 2015, the Illinois Department of Insurance will no longer mail paper renewal notices or licenses that have historically been mailed by the Illinois Department of Insurance's Producer Licensing Division. License renewals will instead be e-mailed to the licensee's e-mail address of record. Once a new or renewed license is issued, licensees will be able to print their license by going to www.statebasedsystems.com.
