

STATE OF ILLINOIS  
DEPARTMENT OF INSURANCE  
320 WEST WASHINGTON STREET  
SPRINGFIELD, ILLINOIS 62767-0001

GEORGE H. RYAN  
GOVERNOR

NATHANIEL S. SHAPO  
DIRECTOR

**To the Honorable George H. Ryan, Governor  
and the Honorable Members of the General Assembly**

In compliance with 40 ILCS 5/1A-108 of the Illinois Pension Code, I am pleased to submit the 2001 Biennial Report of the Department of Insurance on the activities of its Public Pension Division and the financial condition of the state's 599 public pension funds and retirement systems.

At the end of FY00 the aggregate net assets of the 322 suburban and downstate police funds and those of the 262 firefighter funds were over 6 billion dollars. The aggregate net assets of the 15 statewide, Cook County and Chicago pension funds and retirement systems were over 83 billion dollars. The Pension Division staff monitors the compliance activities of those public pension funds with state statutes.

The period covered by this report has been one of **expansion**. The years 1999 and 2000 saw an increase in the number of public pension funds, their members, their trustees, their assets and their beneficiaries and expansion in the areas of benefits for members, investment authority, compliance audits, electronic filings, advisory services, statistical services, and communications with the various pension funds.

Sincerely,

Nathaniel S. Shapo  
Director

The Public Pension Division of the Department of Insurance was originally established by authority of an Act of the 66th General Assembly in 1949. This legislation superseded and repealed a former law enacted in 1927. The Division functioned under the 1949 Act until July 1, 1963, at which time it became subject to Article 22, Division 5 of the Pension Code. The Illinois Compiled Statutes (ILCS) effective January 1, 1993, changed the Pension Code to Act 5 of Chapter 40 ("Pensions"). Article and section numbers within the Code remain the same, and need only to be preceded by "5/". PA 90-507 moved the Public Pension Division Article (40 ILCS 5/22) to Article 1 of the Pension Code under the new heading 40 ILCS 5/ Article 1A.

Chapter 40 ILCS 5/1A-101 states, "There is created in the Department of Insurance a Public Pension Division which, under the supervision and direction of the Director of Insurance, shall exercise the powers and perform the duties and functions prescribed under this Code."

The Pension Code sets forth four broad areas of authority which guide the entire operation of the Division:

1. Examinations and investigations of the affairs of all public employees pension funds and retirement systems in the state;
2. Accumulation of financial and statistical data pertaining to the operation of all such funds and systems;
3. Offering of advisory services to pension trustees and participants, as well as members of the General Assembly; and

4. Automation of the Division's operations, services, and communications to the fullest practical extent.

The Division's activities in these areas of authority vary in degree and intensity. The suburban and downstate police and fire pension funds do not have staff support and many times the Division, by default, functions in this capacity. The Chicago, Cook County, and statewide pension funds and retirement systems have professional staff support for their trustees, and the Division's role is more of coordination.

The years 1999 and 2000 can be summed by the word **expansion**. These years saw an increase of public pension funds, their members, the number of trustees, their assets, their beneficiaries, the expansion of benefits for members, an expanded investment authority, expansion of compliance audits, expansion of electronic filings, expansion of Advisory Services, expansion of statistical services, and the expansion of communications with the various pension funds. All of this expansion was handled by the Pension Division without any dramatic increase of personnel or resources.

The division maintains records involving the membership, trustees, officers, size and growth of public pension funds within the state of Illinois. Pension funds are moving into a dramatic growth phase with new pension funds and increased assets. The total number of funds has increased to 599 police, firefighter and large funds. These funds include over 3700 trustees. The assets have increased to over \$89,845,463,357.

The total number of participants for the year 2000 has increased to 604,488 and total benefits paid in the year 2000 were \$5,578,037,237 to 296,733 beneficiaries.

The next century holds great expansion possibilities. The completion of government's decennial census shows another 110 municipalities that have crossed the 5000 population threshold and may qualify for the establishment of a public pension.

## **INVESTIGATIONS AND EXAMINATIONS**

Chapter 40 ILCS 5/1A -104 states, "The Division shall make periodic examinations and investigations of all pension funds established under this Code and maintained for the benefit of employees and officers of governmental units in the State of Illinois."

A major responsibility of the Pension Division is to conduct on site and automated compliance audits. The 584 police and firefighter pension funds range from very small (1 or 2 participants) to very large (500 participants plus). The examination of a small fund takes days. The examination of a large fund may take months. The Division has developed an automatic audit process, which will greatly improve the present system by allowing the auditors to perform more audits.

Pursuant to 40 ILCS 5/1A-104 the Division implemented examinations for the Chicago and Cook County pension funds under an "agreed upon procedures process" and in conjunction with their annual CPA financial audit. This process has been beneficial to both the pension fund and the Division concentrating on

areas not previously covered in the annual financial audit. In fiscal year 2000 the following funds were examined under the "agreed upon procedures process": Public School Teachers' Pension and Retirement Fund of Chicago, Firemen's Annuity and Benefit Fund of Chicago, and Policemen's Annuity and Benefit Fund of Chicago.

Though the Division has the authority to perform compliance audits on all pension funds and retirement systems created by the Pension Code, the Auditor General performs audits on statewide pension funds funded by the state.

An examination conducted by the Division encompasses a compliance audit, which includes a comprehensive review of management and administrative practices of the board of trustees. The Division reviews in detail all action taken by the board pertaining to the operation of the fund to determine compliance with state law, and prepares a written report reflecting the results of the examination. The report summarizes the examiner's findings, and contains specific recommendations to the board of trustees on implementing any required actions.

After the board implements the corrections, or if no corrections are required, the report is filed as a public record. The Division refers specific findings of non-compliance that are not corrected by the board of trustees to the Director of Insurance for appropriate action.

Because of limited field staff and the great diversity in the size of suburban and downstate police and firefighter funds, the Division has implemented automated on-site field audits. The total number of audit findings for the two years were 439. The two greatest demands of field audits are reviewing payroll records for correct contributions withheld and checking benefit calculations. Contributions and benefit calculations are the highest percentage of audit findings. The second highest percentage is in the areas of management and administration, and investment activities are the third highest. The audit findings emphasize the need for better record keeping and documentation of the board's activities.

**COLLECTION OF FINANCIAL, ACTUARIAL, AND STATISTICAL DATA**

Chapter 40 ILCS 5/1A-109 states, "Each pension fund shall furnish to the Division an annual statement in a format prepared by the Division." As the state's central repository of public pension information, the Division receives data from all 599 pension funds and retirement system. The Division uses this information not only to generate biennial reports to the General Assembly, but also to prepare various special reports used by organizations and government agencies for a variety of purposes. Although different formats are utilized in reporting the required information, data submitted by each system includes the following.

- An income statement and balance sheet reflecting all financial activities of the fund;
- A detailed statistical report showing active membership of the fund;

- Information pertaining to benefits being paid;
- A complete investment portfolio breakdown; and
- An actuarial valuation report stating liabilities of the system.

Division personnel audit annual statements and refer any discrepancies noted back to the retirement system for explanation or changes.

The Division maintains historical annual statement and correspondence files on each of the 599 pension funds and systems dating back for years. Gathering, entering, storing, and retrieving this information has been an overwhelming manual task. Electronic Filing Rule, 50 Ill. Adm. Code 4405-30, effective December 1, 1997, requires all pension, annuity or retirement funds or systems regulated by the Pension Division to file mandatory annual statements electronically. This process has greatly increased the Division's ability to receive such a high volume of data, store and retrieve it in a timely manner. The Division is working to develop an automated application for the complex and sophisticated techniques involved in pension calculations and actuarial computations such as tax levies, while providing data and information about administrative and operational factors that impact public pension funds and statistical models for pension analysis and planning. A significant problem is the errors in the data submitted to us from pension funds. There are also hardware and software issues that we must address.

## ADVISORY SERVICES

Chapter 40 ILCS 5/1A-106 states, "The Division shall render advisory services to the pension funds on all matters pertaining to their operations and shall recommend any corrective or clarifying legislation that it may deem necessary." The section also states, "The recommendations may embrace all substantive legislative and administrative policies, including, but not limited to, matters dealing with the payment of annuities and benefits, the investment of funds, and the conditions of the books, records, and accounts of the pension fund."

Through the Advisory Service program, the Division: participates in workshops, seminars, and conferences of various organizations that represent trustees and participants to clarify pension issues; issues a trustee handbook; maintains a toll-free number exclusively for use by trustees; provides updates on legislation, annual statement issues and other information through mass mailings; and provides suggested tax levies for most downstate police and fire pension funds.

The Pension Advisory Service Committee is composed of all fire, police, municipal organizations and individual trustees who do not represent any organization. It continues to meet and make recommendations and review new pension fund initiatives. The following organizations are members: Illinois Municipal Treasurers Association, Illinois Professional Firefighters Association, Illinois Municipal League, Illinois Public Pension Fund Association, Police Benevolent and Protective Association, Associated Firefighters of Illinois, Illinois

Police Association, Illinois Government Finance Officer's Association, and the Illinois Public Pension Advisory Committee. The following are members-at-large: Kelly Weller, Craig Larson, Bill Stafford, Matthew Williams, Cary Collins, Greg Knoll, Dave Wall, David Schmidt, Sherry Lauterbach, and Jerry Kosik.

Two new task forces, the Investment and the Electronic task forces were created on the Advisory Services Committee to form a dialogue between all interested parties and advance improvements in each arena. Members of these committees are made up of individuals associated with the particular aspect of the task force.

Members of the Investment Task Force are: John Mitchell, Mitchell, Vaught and Walker; Dee Mosier, President, Financial Services Inc.; Ron Tomanek, Salomon Smith Barney; Patrick Krolak, Marquette Associates, Inc.; Steve Eitel, Bank One; Chairman David Schmidt, Cole Taylor Bank; Kelly Kline, Finance Director, Carpentersville.

Members of the Electronic Task Force are: Edward McCormick, Mulcahy, Pauritsch, Salvador & Co. LTD; Joan Rock, Assistant Director of Finance, Village of Wheeling; Nancy Pauley, Assistant Director of Finance, Village of Skokie; Chairman Sherry Lauterbach, Lauterbach & Amen; Darrell Langlois, CPA, Finance Officer/Treasurer, Village of Oak Brook; Brad Bettenhausen, Treasurer, Village of Tinley Park; Stan Helgerson, Finance Director, Village of Carol Stream; Captain Mathew Williams, Alton Firefighters; Jim McNamee, President, Illinois Public Pension Fund Association.

## **ACTUARY SERVICES**

The Division performs an actuarial study and calculates tax levies for the 584 police and firefighter pension funds. This information is sent to all funds for use with their local municipalities. The Division also performs complicated calculations for police portability, along with answering questions about this benefit. Historical tax levy calculations are supplied to local municipalities upon request as well as calculations for the legislature and Pension Laws Commission. The Division also supplies to a municipality a tax levy report to assist the municipality with real cost data for their future employee pension fund.

The following discussions are by no means intended to represent all matters concerning pensions and pension funds reviewed by the courts for the period covered by this biennial report, but are some interesting decisions deserving mention as determined by the Pension Division. Furthermore, the intent is to provide the basic decisions in the opinions and a complete reading of the cases should be undertaken to fully understand the opinion of the court involved.

1. On April 16, 1999, the Appellate Court in *Harvey Virden v. Board of Trustees of the Firefighters Pension Fund of the City of Pekin et al*, 304 Ill. App. 3rd 330, held that the Pension Fund erred by denying firefighters' disability pension. The plaintiff had a history of hypertension on three separate occasions following a fire or rescues. The plaintiff applied for line-of-duty disability pension, but the pension fund denied the claim on the grounds that, although plaintiff was disabled, his disability was not caused in the line-of-duty. The pension fund, applying section 4-125 of the Illinois Pension Code (the Code) (40 ILCS 5/4-125), by unanimous vote concluded the plaintiff was disabled for service in the fire department. However, the pension fund, in determining whether the disability arose due to an "act of duty" applied the wrong provision of the Code and applied section 6-110 of the Code (40 ILCS 5/6-110). Using the wrong standard, four pension fund trustees concluded that the disability resulted from an act of duty, while four did not. Ultimately the pension fund concluded that the plaintiff did not sustain his burden of proving that the disability

resulted from an act or acts of duty and denied the disability pension.

The circuit court held that the issue on appeal was a mixed question of law and fact and, therefore, applied a clearly erroneous standard of review. The circuit court found that the Board clearly erred when applying section 6-110 (40 ILCS 5/6-110) and found that the evidence overwhelmingly indicated that the plaintiff's disability resulted from specific acts of duty. Accordingly, the circuit court reversed the pension fund's finding and issued an order granting the plaintiff a line-of-duty disability pension. However, the circuit court incorrectly applied section 5-113 of the Code (40 ILCS 5/5-113) that is applicable to police. The Appellate Court found that this mistake is not determinative and found that it was proper to apply the clearly erroneous standard and affirmed the circuit court. In doing so it stated:

It is well-settled that courts are to liberally construe pension laws in favor of the applicant. *Kellan v. Board of Trustees of the Firemen's Pension Fund*, 194 Ill. App. 3d 573, 582, 551 N.E.2d 264, 269, 141 Ill. Dec. 271 (1990). Additionally, a line-of-duty pension can be awarded if the plaintiff proves that some condition of his employment exacerbated or aggravated a preexisting condition. *Kellan*, 194 Ill. App. 3d at 582, 551 N.E.2d at 269. As noted, in reviewing the Board's findings, we cannot reweigh the evidence. We do, in this case, examine the legal effect of the facts and conclude that the Board's decision was clearly erroneous. Although our reasoning may differ from the

circuit court's, we agree with the circuit court's conclusion that at least some Board members misapplied the law to the facts of the case. (Id.)

2. On May 12, 2000, the Appellate Court in *Difiore v. The Retirement Board of the Policemen's Annuity and Benefit Fund of the City of Chicago*, 313 Ill. App. 3d 546 (1st Dist.), found plaintiff eligible for pension benefits since the felony conviction occurred after plaintiff retired and after disability benefits had been suspended. Section 5-227 provides, in pertinent part, that:

None of the benefits provided for in this Article shall be paid to any person who is convicted of any felony relating to or arising out of or in connection with his service as a policeman.

None of the benefits provided for in this Article shall be paid to any person who is convicted of any felony while in receipt of disability benefits.

None of the benefits provided for in this Article shall be paid to any person who is convicted of any felony relating to or arising out of or in connection with the intentional and wrongful death of a police officer, either active or retired, through whom such person would become eligible to receive, or is receiving, an annuity under this Article.

In a related case, this same court in *Devony v. The Retirement Board of the Policemen's Annuity and Benefit Fund of the City of Chicago*, 2001 Ill. App. Lexis 166, (March 26, 2001), found that although the conviction was not related

to, arose out of, or was connected to the officer's service as a policeman, the fact that the officer participated in a scheme to defraud over a long period of time, and his conduct violated his obligation to report crime and apprehend criminals was sufficient to support the pension fund's determination denying pension benefits. (Section 3-147 of the Code (40 ILCS 5/3-147) contains similar language as that contained in Section 5-227.)

3. On November 5, 1999, the Appellate Court in, *The People ex rel. Constance Myers v James Kidd*, 308 Ill. App. 3d 593 (5th Dist.), found that firefighters' disability pension benefits should be included as net income when awarding or determining child support. The court, following similar reasoning in, *In re Marriage of McGowan*, 265 Ill. App. 3d 976 (1994), found that payments to the firefighter as pension benefits constitute payments from a local entity that are specifically included in net income under the Illinois Parentage Act of 1984 (750 ILCS 45/1).

4. On January 14, 2000, the Appellate Court in, *The Village of Spring Grove v. The County of McHenry*, 309 Ill. App. 3d 1010 (2nd Dist.), found that the Article 3 pension fund taxes are general taxes of a municipality and are subject to property tax extension limitation law (PTELL) pursuant to Section 18-195 of the Property Tax Code (35 ILCS 200/18-195). The Village attempted to levy the pension fund tax pursuant to Section 3-125 of the Code and the County, applying PTELL reduced the levy. The Village argued that PTELL should not apply because Section 3-125 requires the Village to levy a tax that is sufficient to meet the annual requirements of the pension fund which is determined prior to the levy amount being

assessed thereby any reduction would cause a violation of Section 3-125 of the Code. The court cites to *Board of Trustees of the Police Pension Fund v. City of Evanston*, 281 Ill. App. 3d 1047 and *Board of Trustees of the Police Pension Fund v. City of Rockford*, 96 Ill. App. 3d 102, for the proposition that the a city does not have to automatically accept the funding amount determined by a pension fund and concludes that the Village met the requirements of Section 3-125 of the Code by levying a tax, albeit at a lower rate than requested, to support the police pension fund.

5. On April 16, 1999, the Appellate Court in, *John Hohnsbehn, Jr. v. The Board of Trustees of the Police Pension Fund of the City of East Alton*, 304 Ill. App. 3d 564 (5th Dist.), found that Article 3 pension funds may take evidence depositions and are not limited to live oral testimony but must also follow Supreme Court Rule 212(b) when using physicians' and surgeons' depositions. Supreme Court Rule 212(b) states:

(b) Use of Evidence Depositions. The evidence deposition of a physician or surgeon may be introduced in evidence at trial on the motion of either party regardless of the availability of the deponent, without prejudice to the right of either party to subpoena or otherwise call the physician or surgeon for attendance at trial. All or any part of other evidence depositions may be used for any purpose for which a discovery deposition may be used, and may be used by any party for any purpose if the court finds that at the time of the trial:

(1) the deponent is dead or unable to attend or testify because of age, sickness, infirmity or imprisonment;

(2) the deponent is out of the county, unless it appears that the absence was procured by the party offering the deposition, provided, that a party who is not a resident of this State may introduce his own deposition if he is absent from the county; or

(3) the party offering the deposition has exercised reasonable diligence but

has been unable to procure the attendance of the deponent by subpoena; or finds, upon notice and motion in advance of trial, that exceptional circumstances exist which make it desirable, in the interest of justice and with due regard for the importance of presenting the testimony of witnesses orally in open court, to allow the deposition to be used.

This chapter is devoted to the presentation of financial, statistical, and actuarial data summarized to show the overall condition of the pension funds and retirement systems operating for the benefit of public employees in the State of Illinois.

The financial and statistical information presented was compiled from annual reports submitted to the Department of Insurance by each fund or systems as required by Section 1A-109 of the Illinois Pension Code. Actuarial data was obtained from the consulting actuary of each system. In the case of the downstate police and firefighter funds, this data was gathered and prepared by the Public Pension funds even though, in some instances, the municipality or the fund trustees have employed their own actuary.

All numbers presented in this chapter reflect the close of the most recent completed fiscal year, as reported to the Division.

**Total Accrued Liabilities,  
Net Assets, and Unfunded Accrued  
Liabilities**

The total accrued actuarial reserve liabilities amount to \$108,698,963,150. The combined net assets total \$89,845,463,357. The unfunded accrued liabilities total \$21,821,642,364. The rate of funding is 82.7%.

Table 1 on the following page presents the funding status of all funds and systems at the end of each fund's 2000 fiscal year. Table 1 shows each fund's financial condition in terms of funded and unfunded actuarial liabilities.

**Acts in Force, Number of Retirement  
Funds or Systems, Employees Covered**

The 599 public pension funds and retirement systems operating in Illinois are established under 17 separate Articles in the Illinois Pension Code, covering 585,607 active participants and 273,847 beneficiaries (retirees and surviving spouses and children). Of the 599 funds 584 are Article 3 (322 downstate and suburban police pension funds) and Article 4 (262 downstate and suburban firefighter pension funds).
